

Compound: 1-Methyladenosine

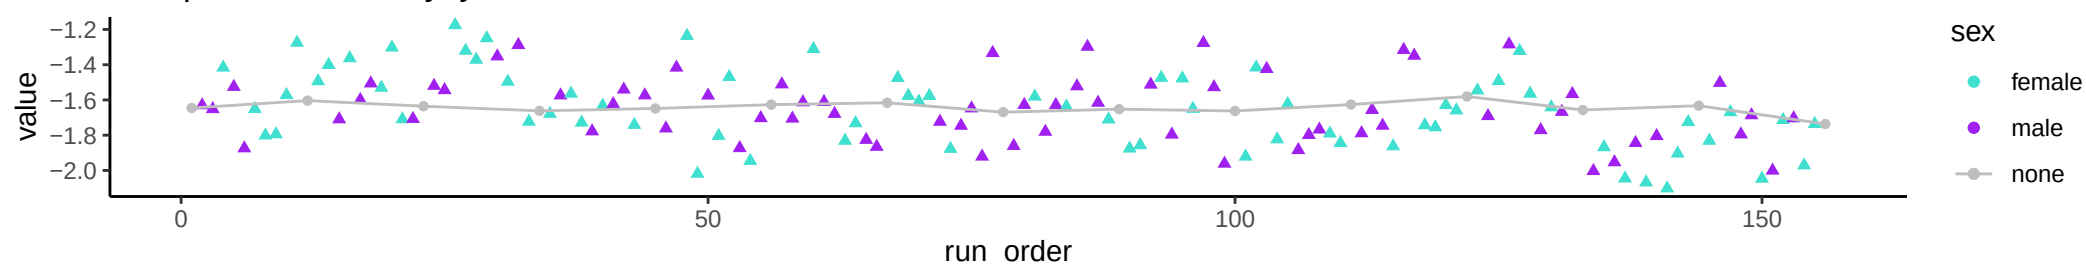

Compound: 1-Methylnicotinamide

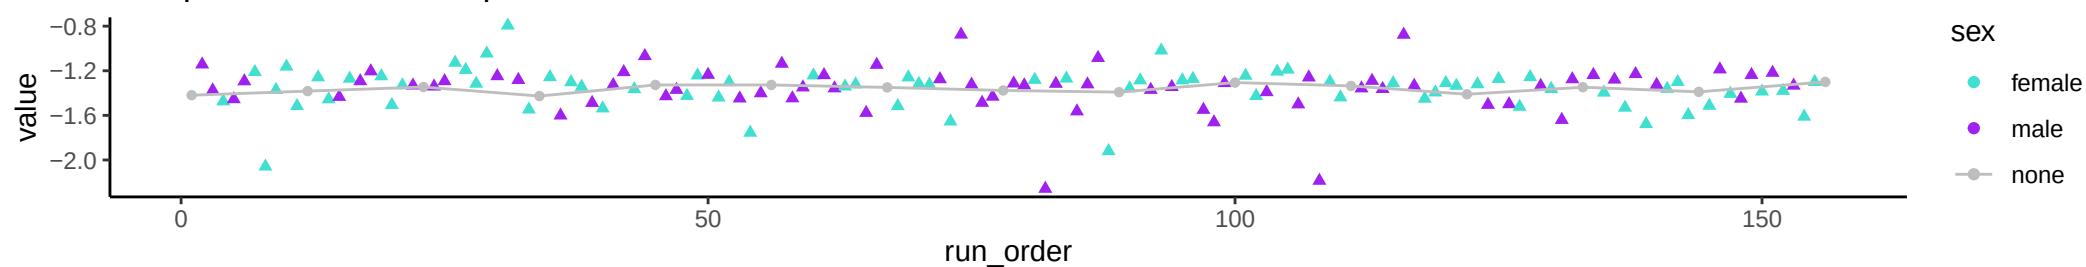

Compound: 1/3-Methylhistidine

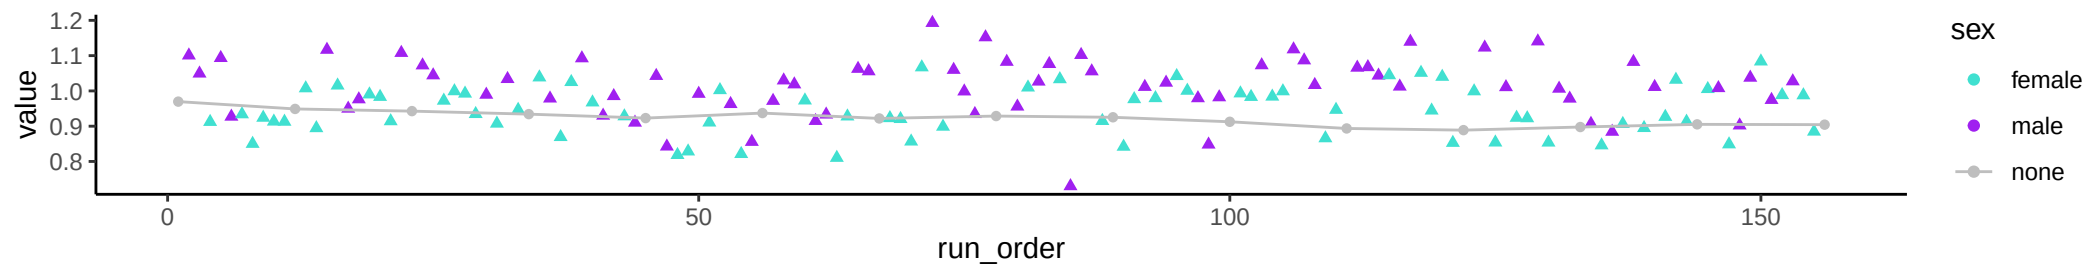

Compound: 2'-Deoxycytidine

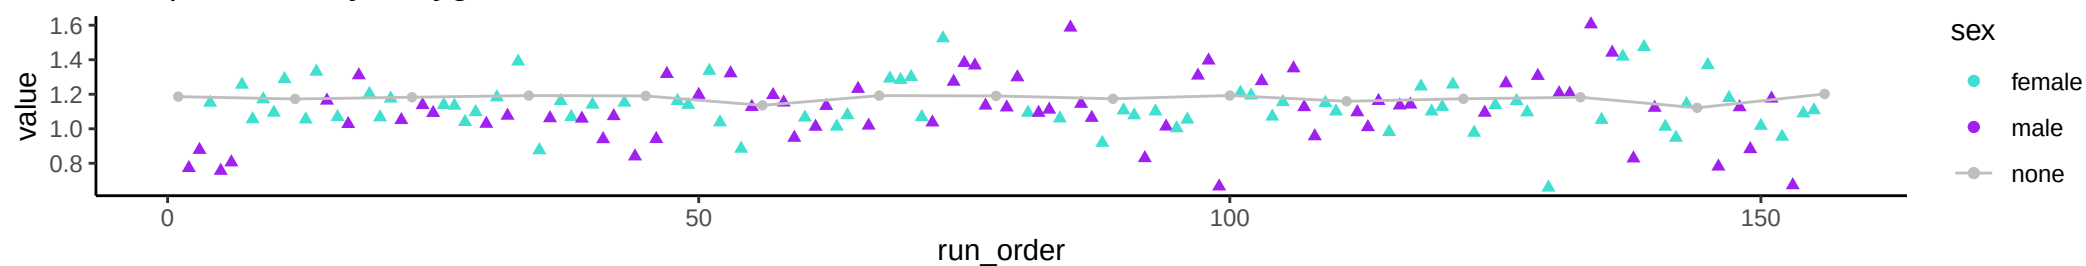

Compound: 2-Aminoadipate

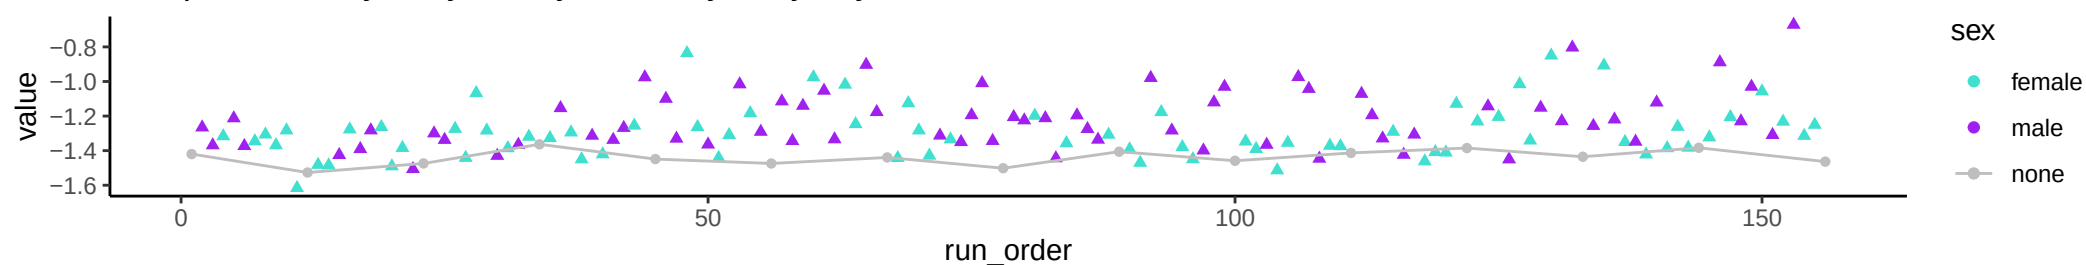

Compound: 2-Aminoisobutyric Acid

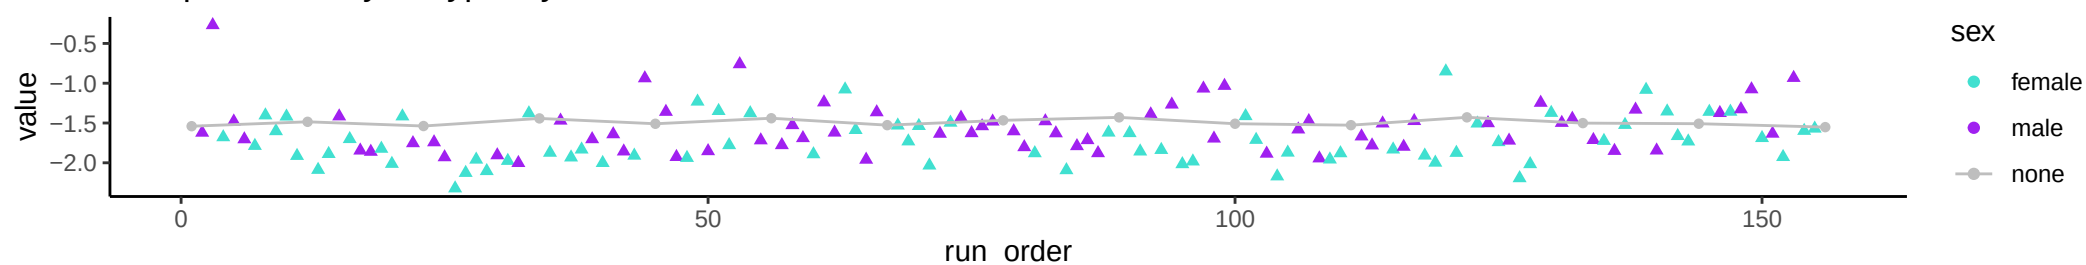

Compound: 2-Hydroxyglutarate

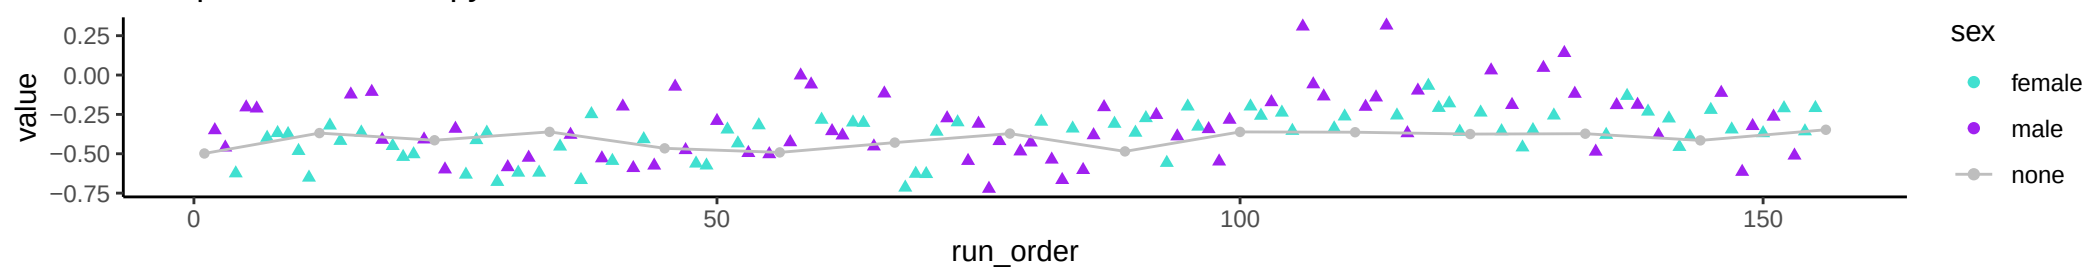

Compound: 2-Hydroxyisobutyrate/2-Hydroxybutyrate

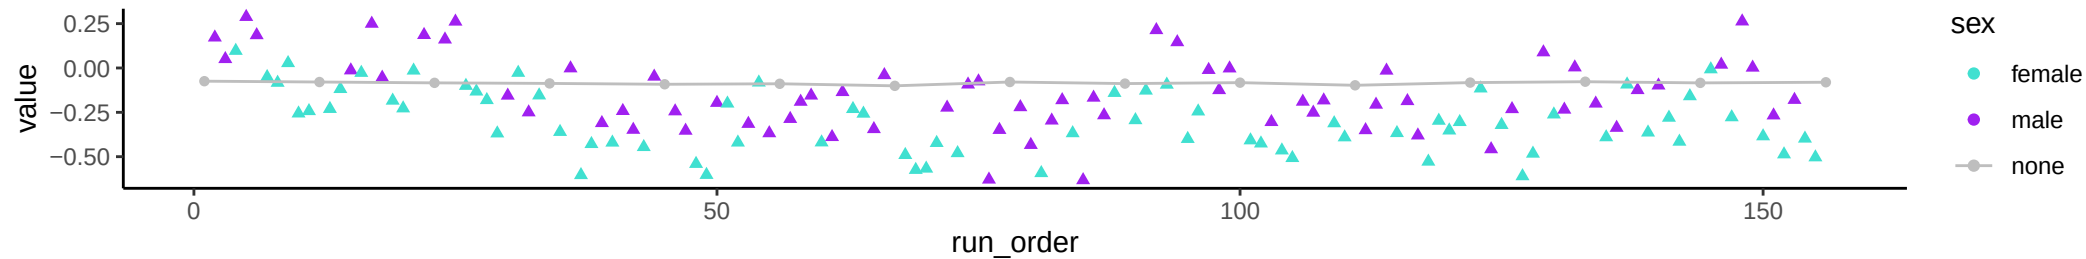

Compound: 2-Hydroxyphenylacetate

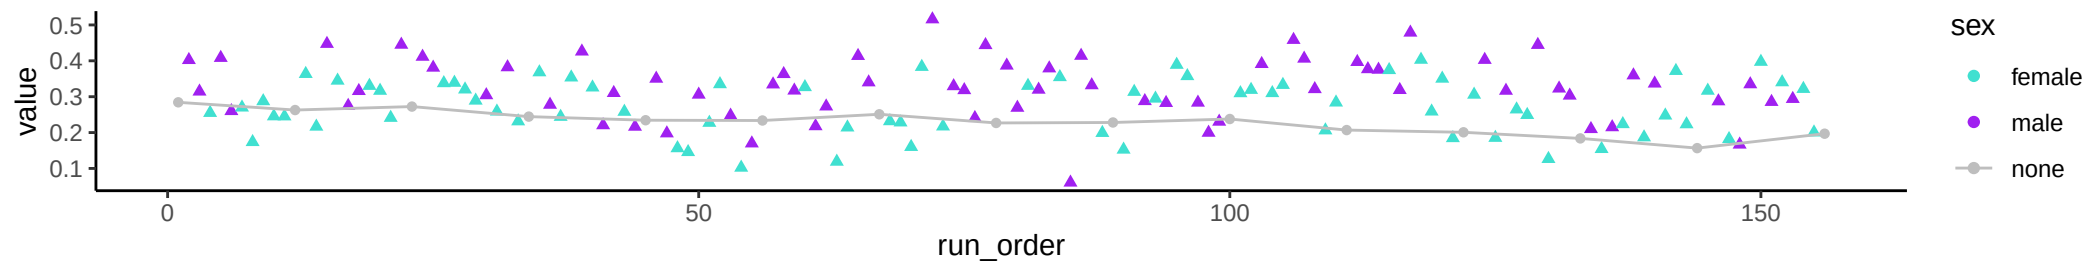

Compound: 2-isoPropylmalic Acid

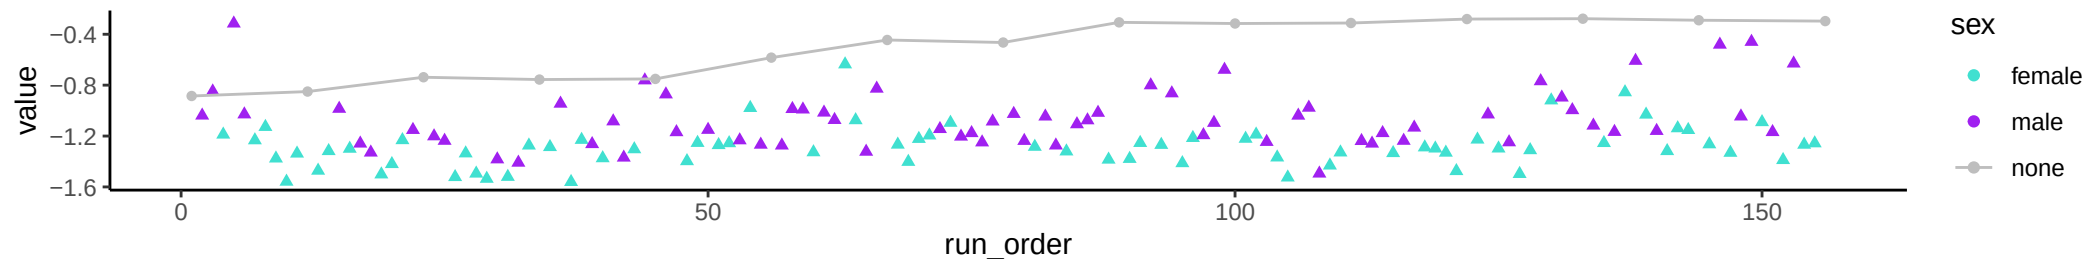

Compound: 3-(4-Hydroxyphenyl)Propionate

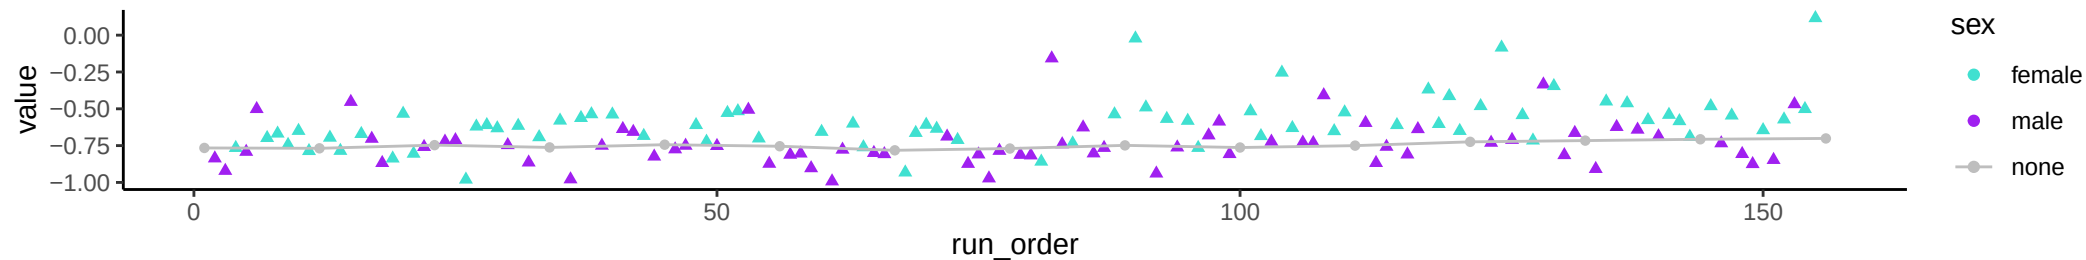

Compound: 3-Aminoisobutyrate

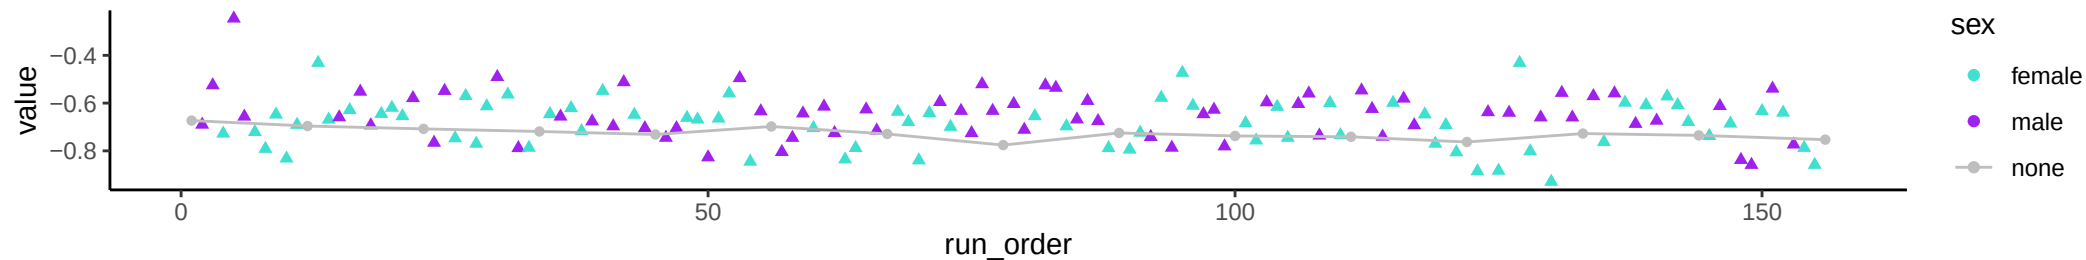

Compound: 3-Hydroxyisovaleric Acid

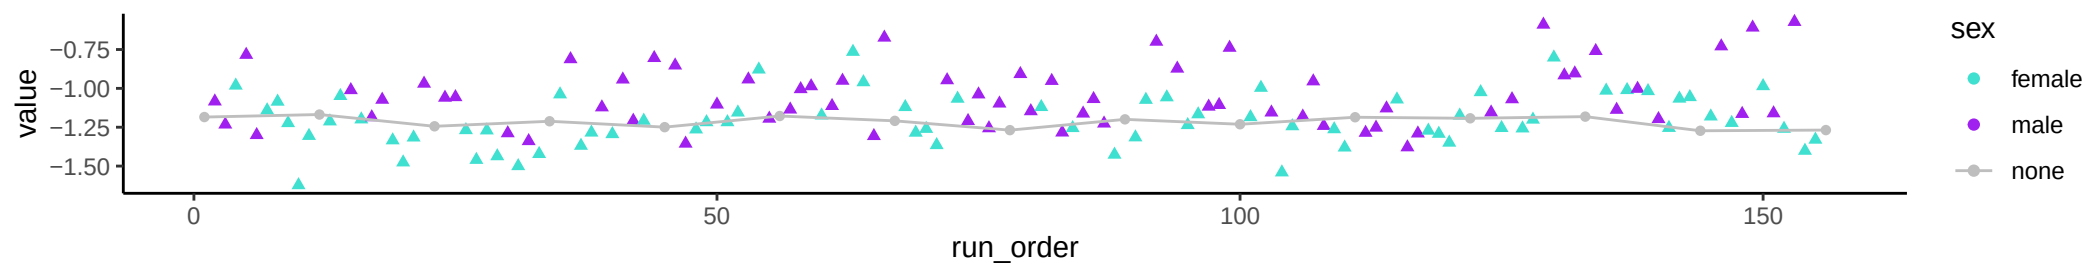

Compound: 3-Hydroxypropionic Acid

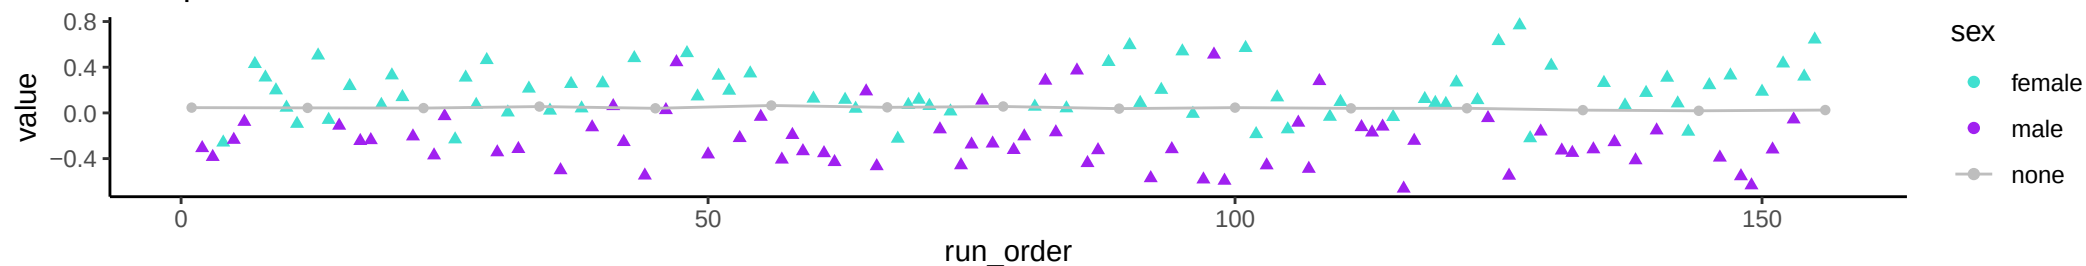

Compound: 3-Methyl-3-Hydroxyglutaric Acid

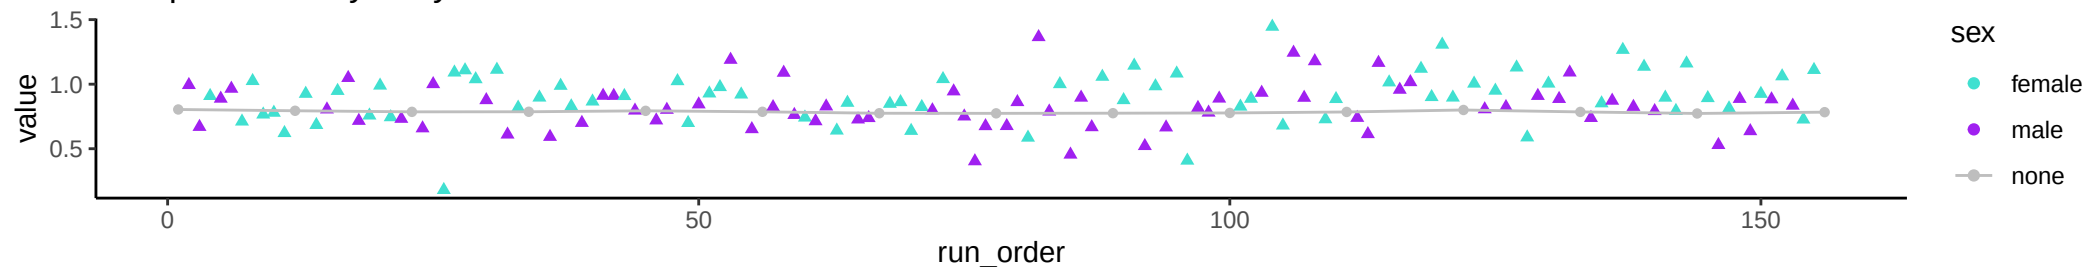

Compound: 3HBA

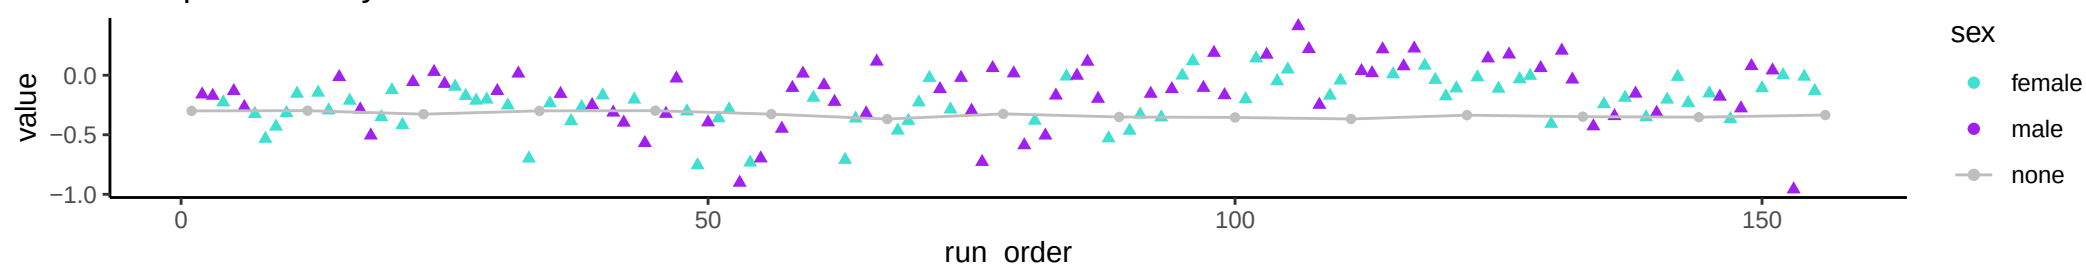

Compound: 4-Guanidinobutanoate

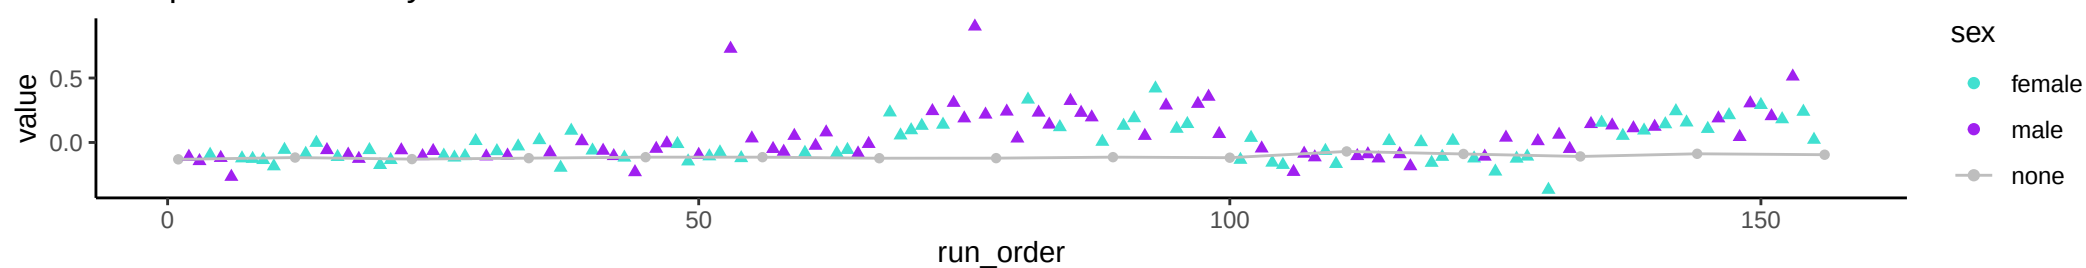

Compound: 4-Hydroxybenzoic Acid

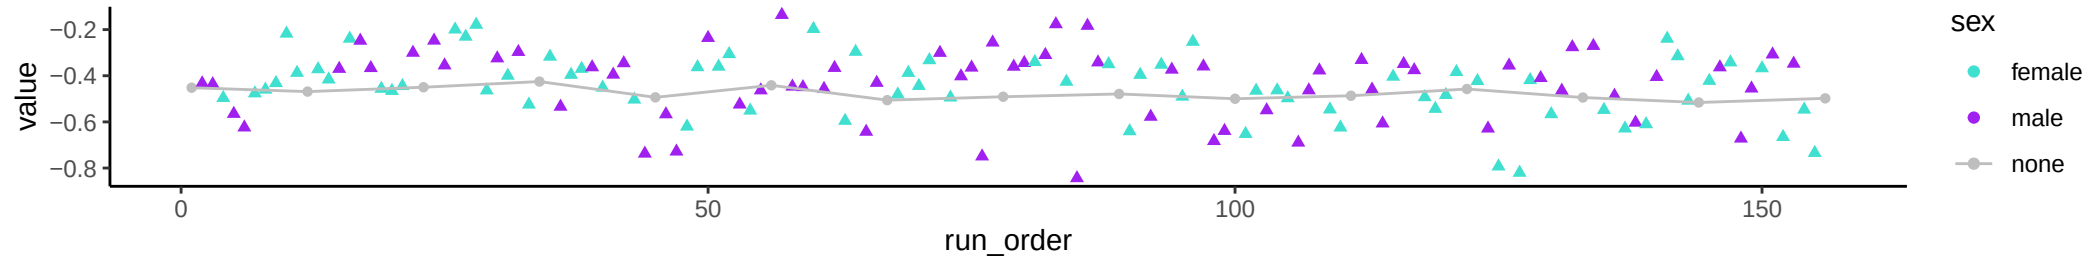

Compound: 4-Pyridoxic Acid

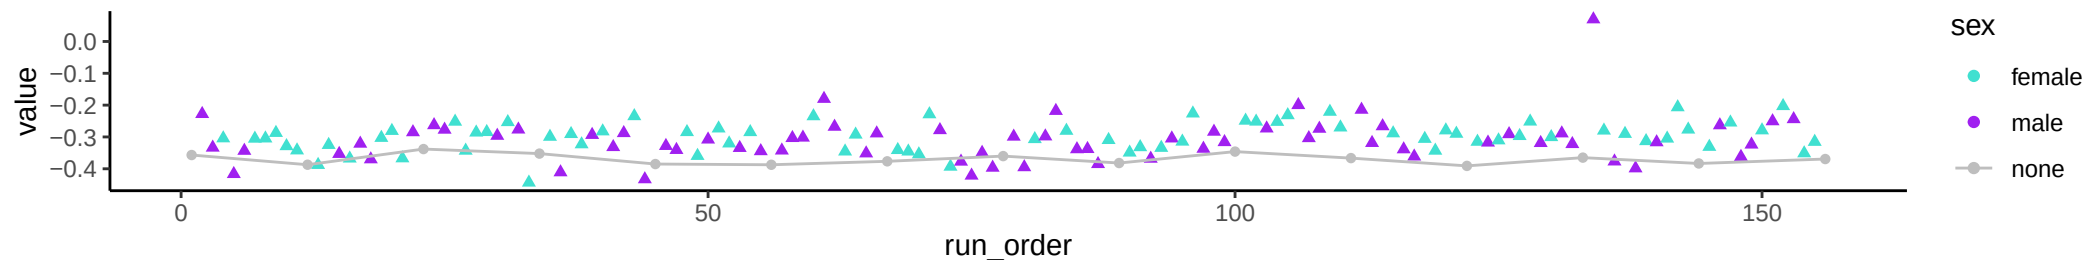

Compound: 5'-Methylthioadenosine

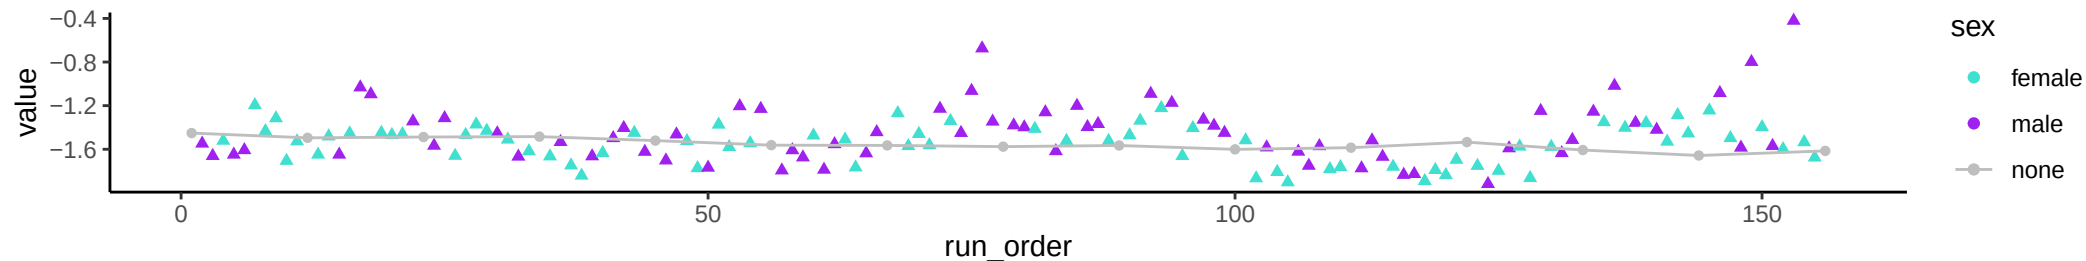

Compound: 5-Methylcytidine

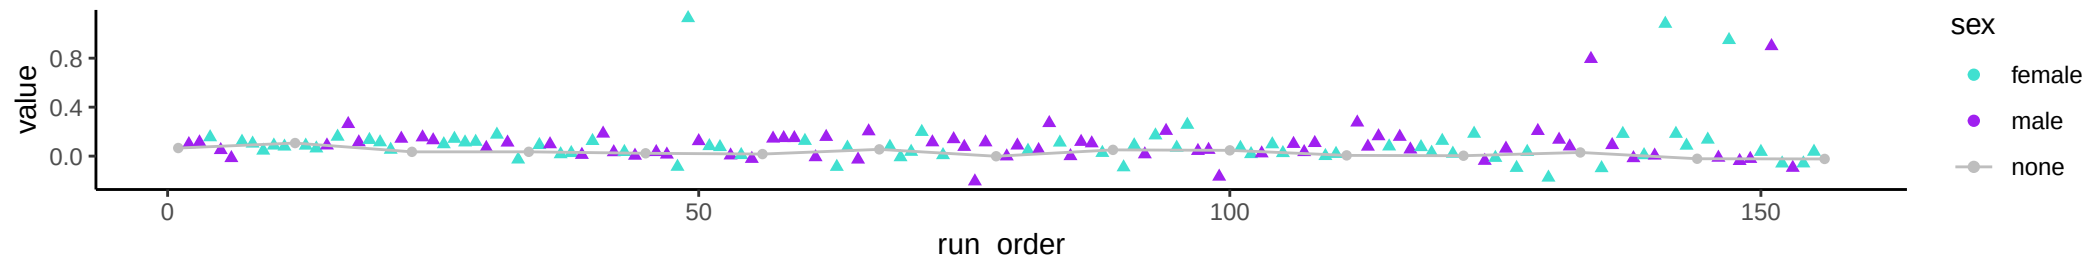

Compound: 5,6-Dihydrouracil

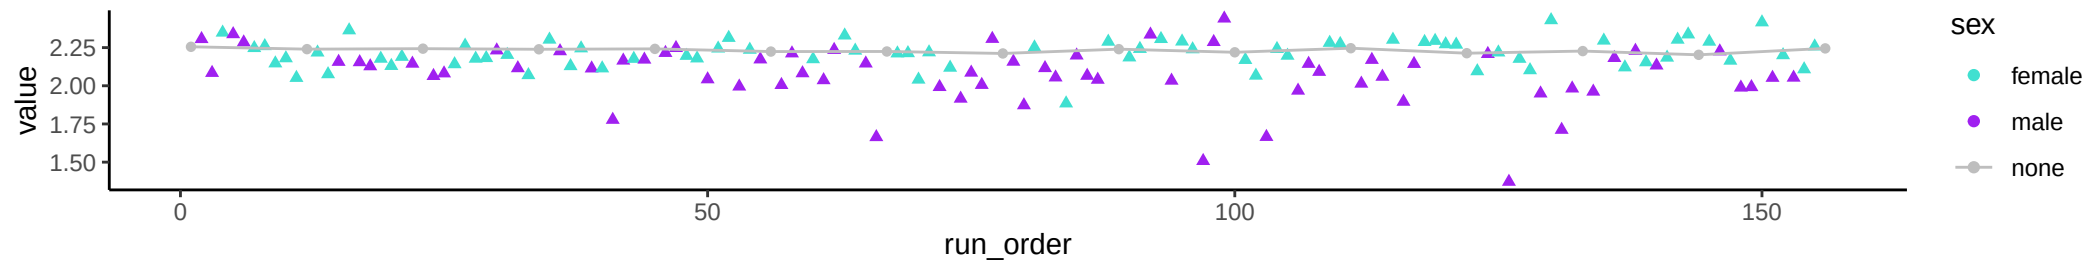

Compound: 6-Methyladenosine

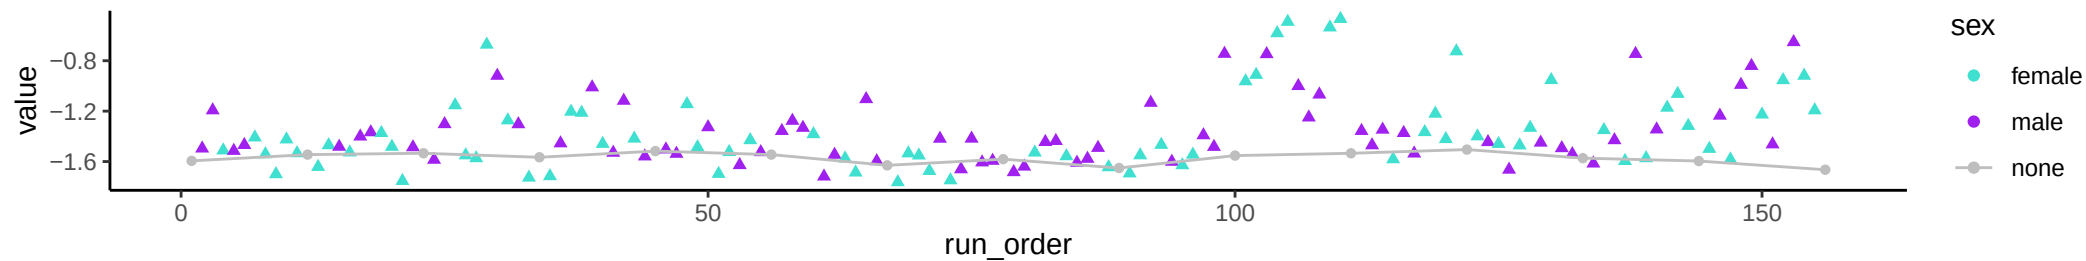

Compound: 7-Methylguanine

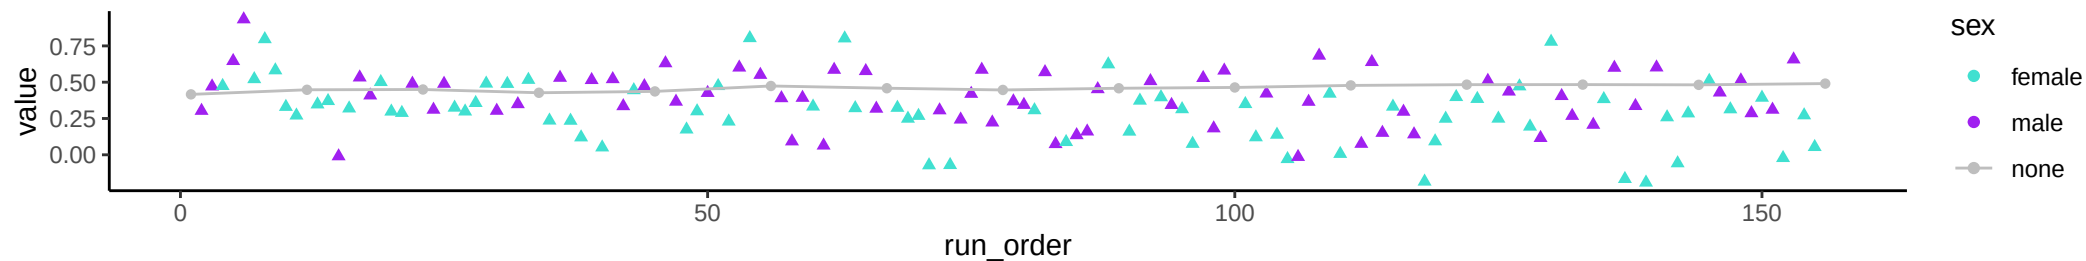

Compound: Acetylcarnitine

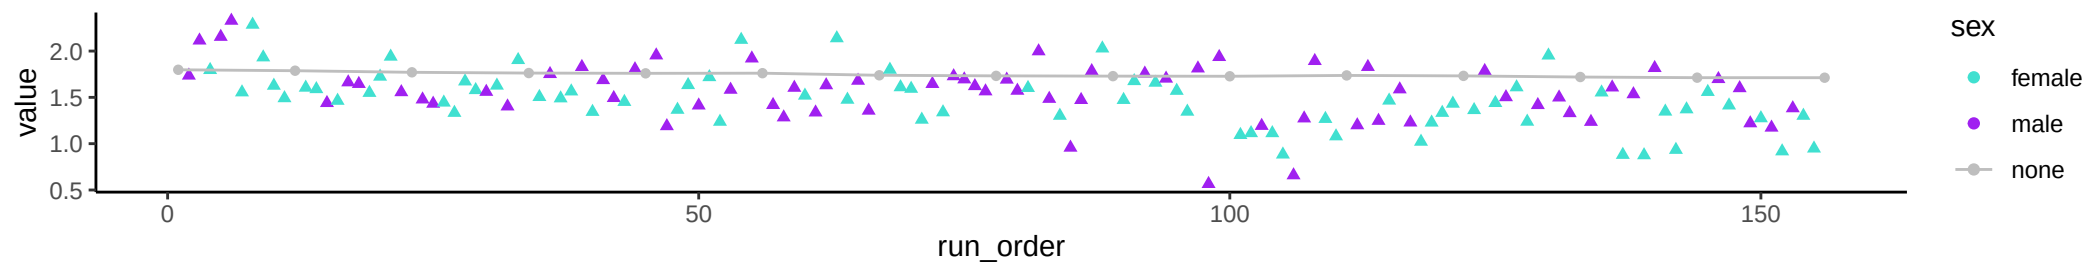

Compound: Acetylcholine

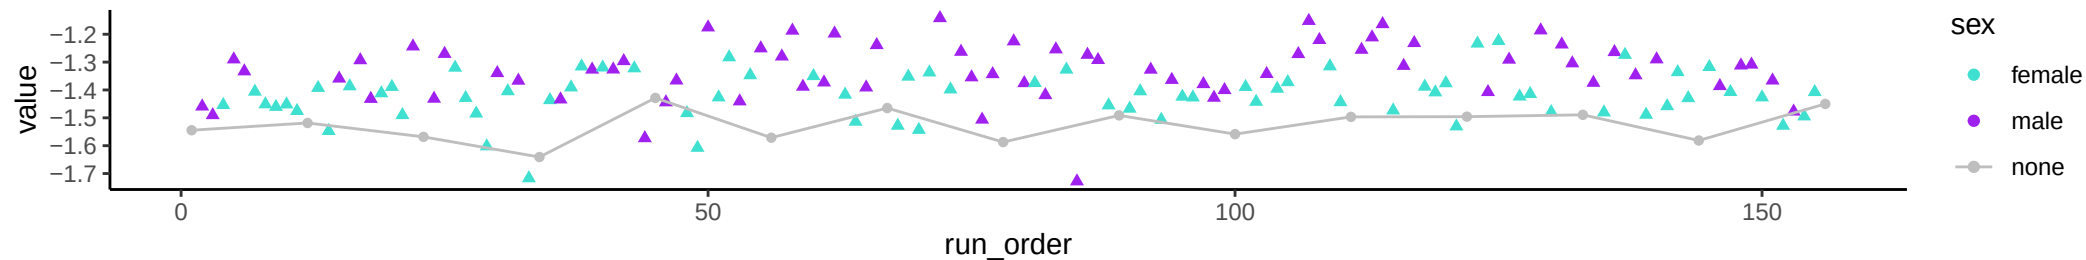

Compound: Adenine

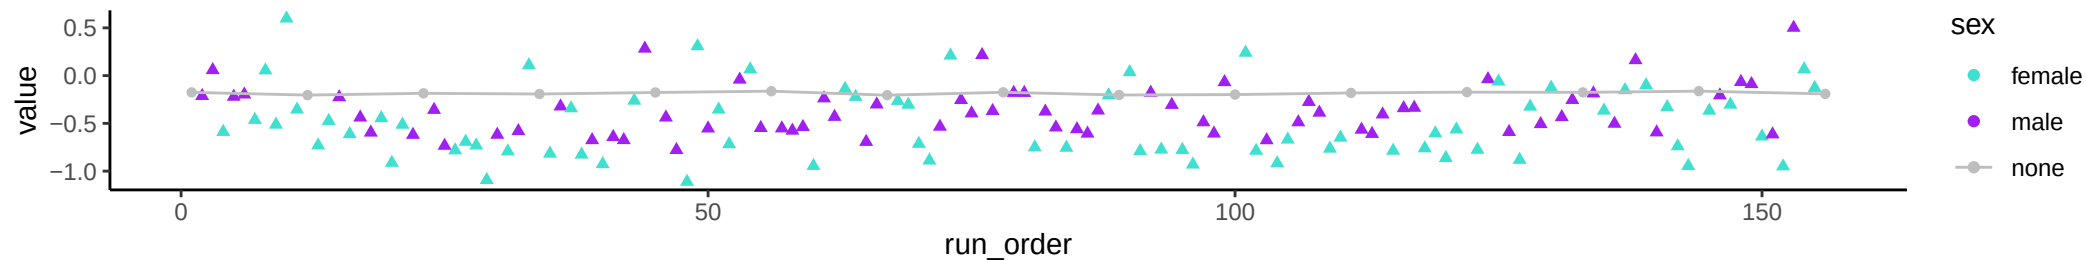

Compound: Adenosine

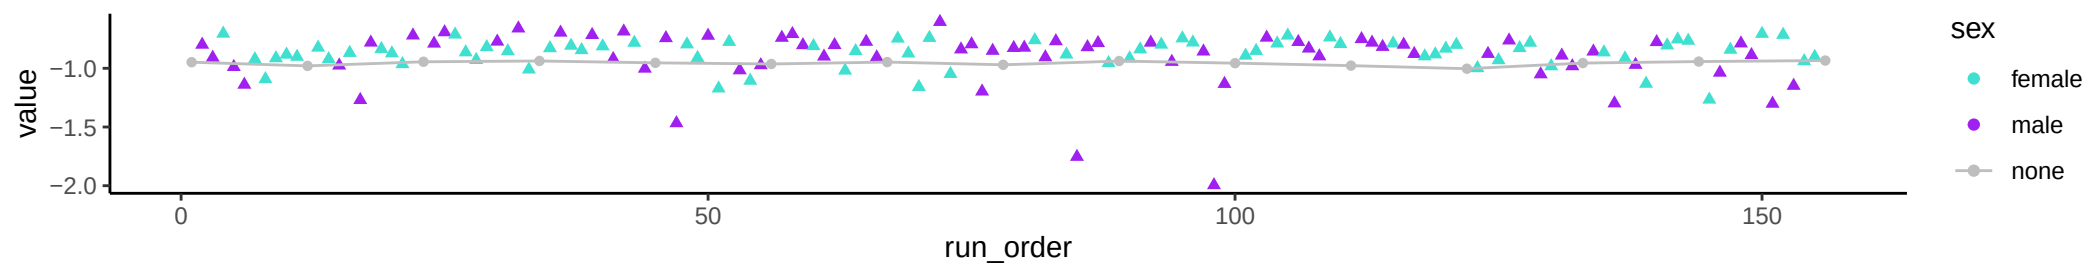

Compound: Adenylosuccinate

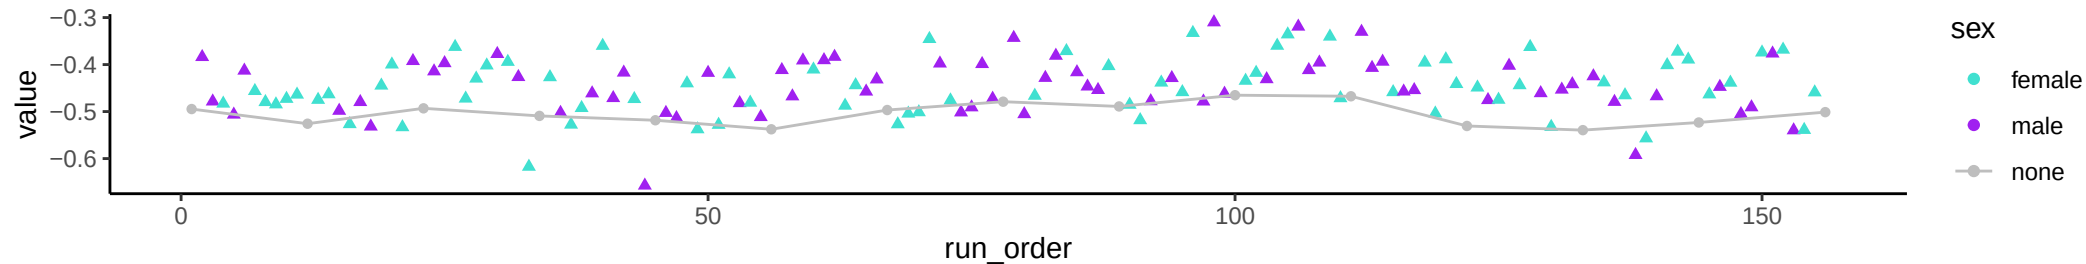

Compound: Adipic Acid / 3-Methylglutaric Acid

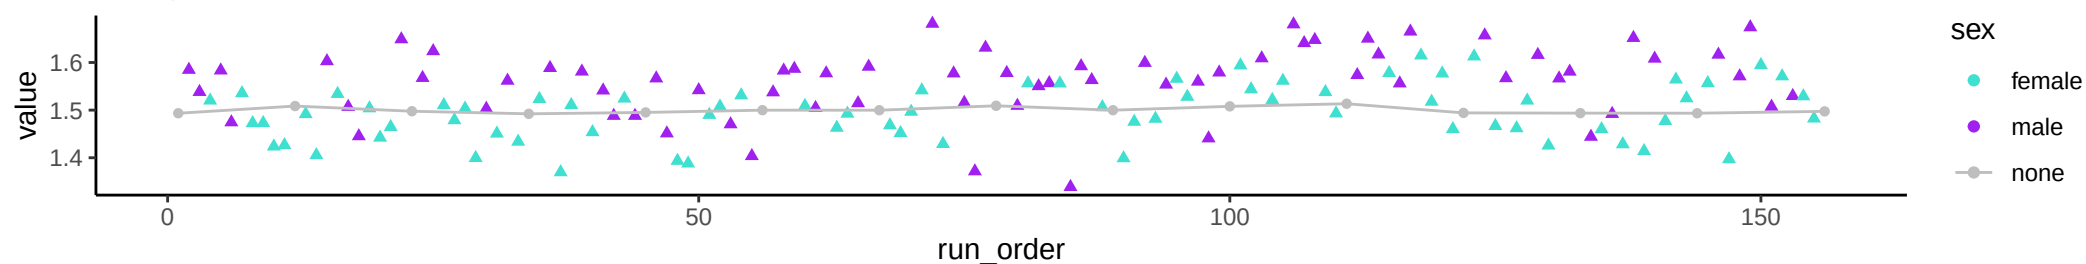

Compound: ADP

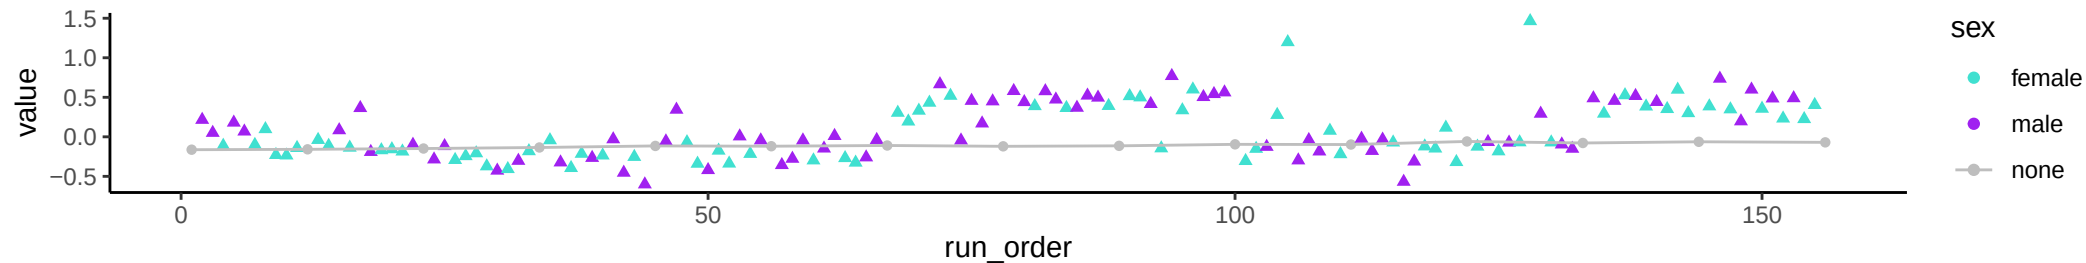

Compound: Agmatine

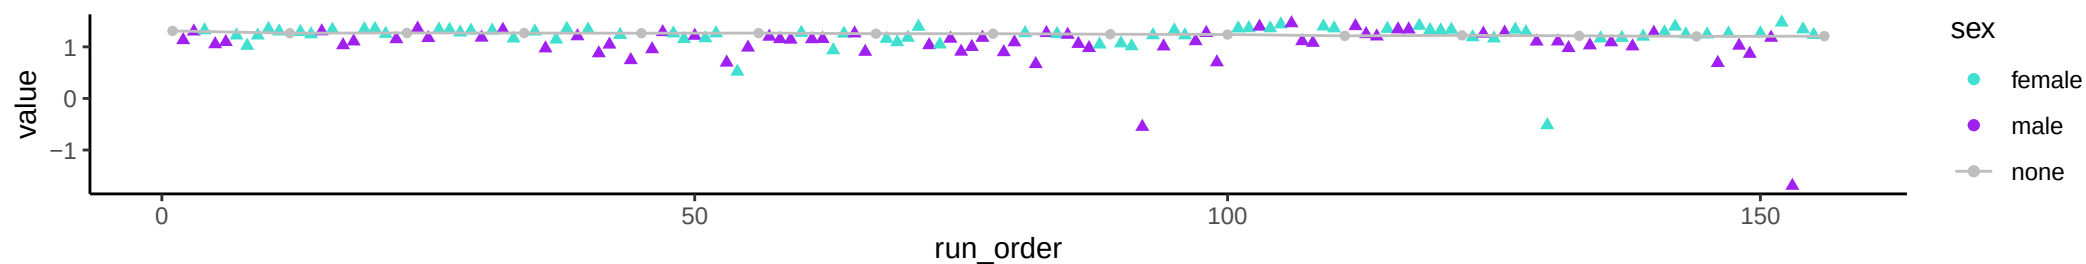

Compound: Alanine

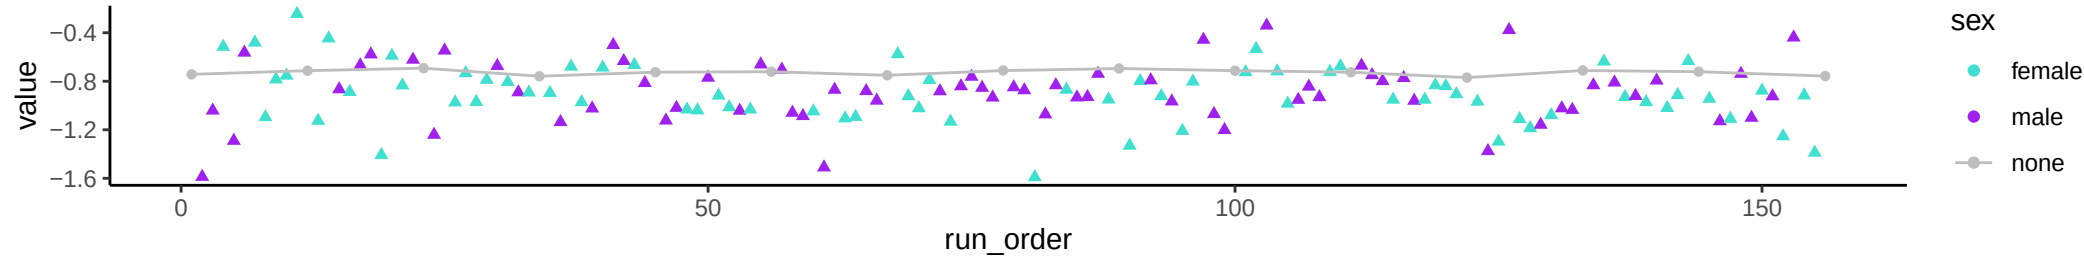

Compound: Allantoin

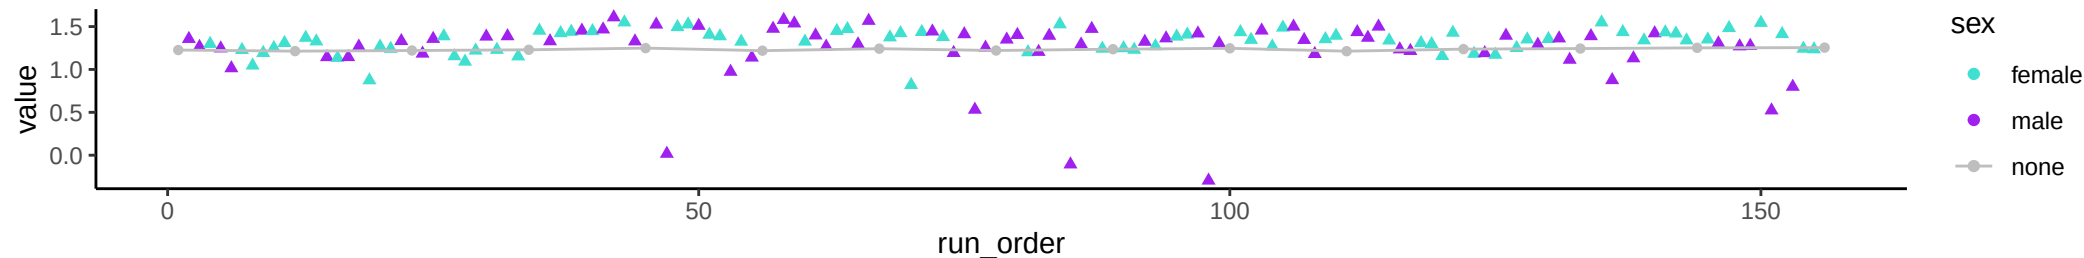

Compound: Alpha-Ketoglutaric Acid

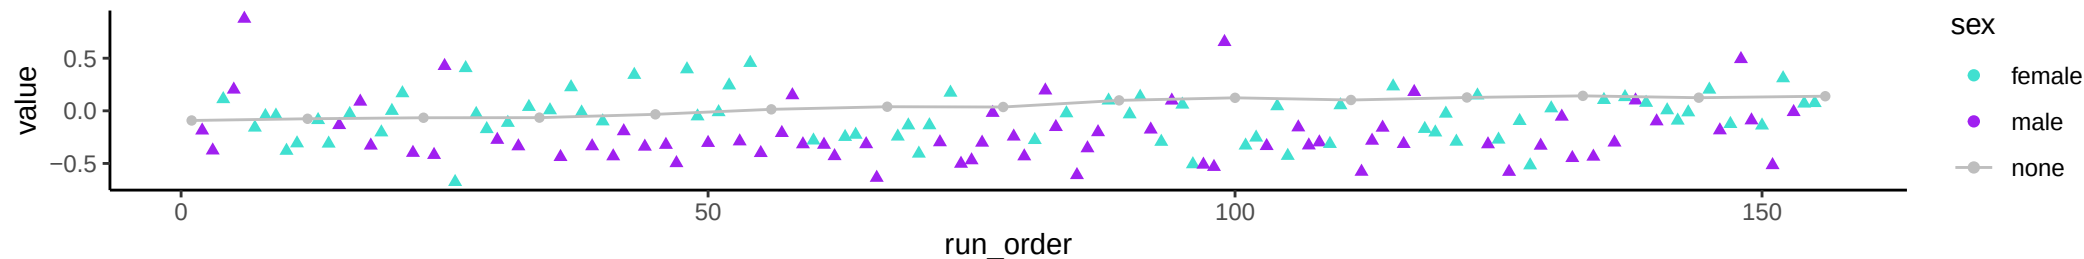

Compound: Aminolevulinate

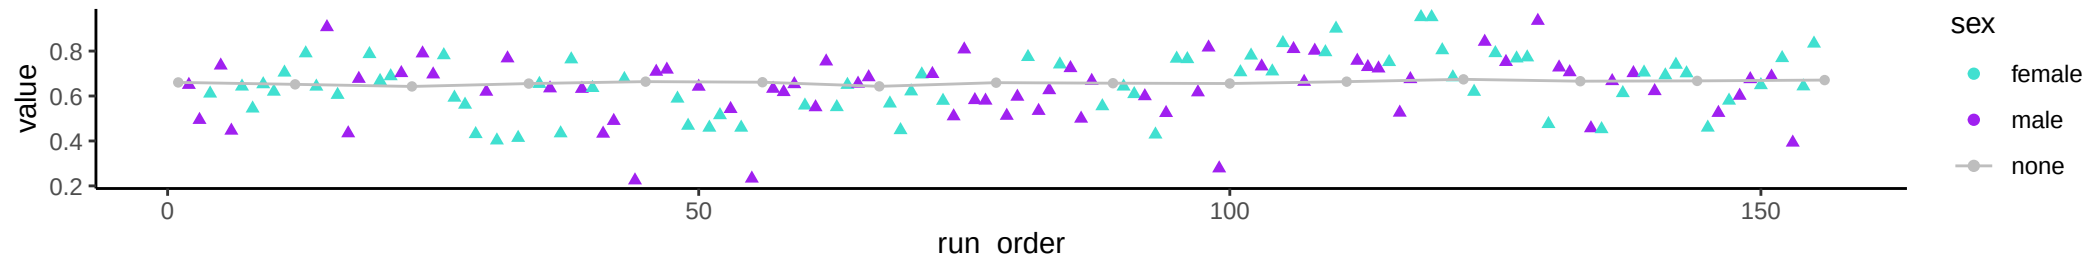

Compound: AMP

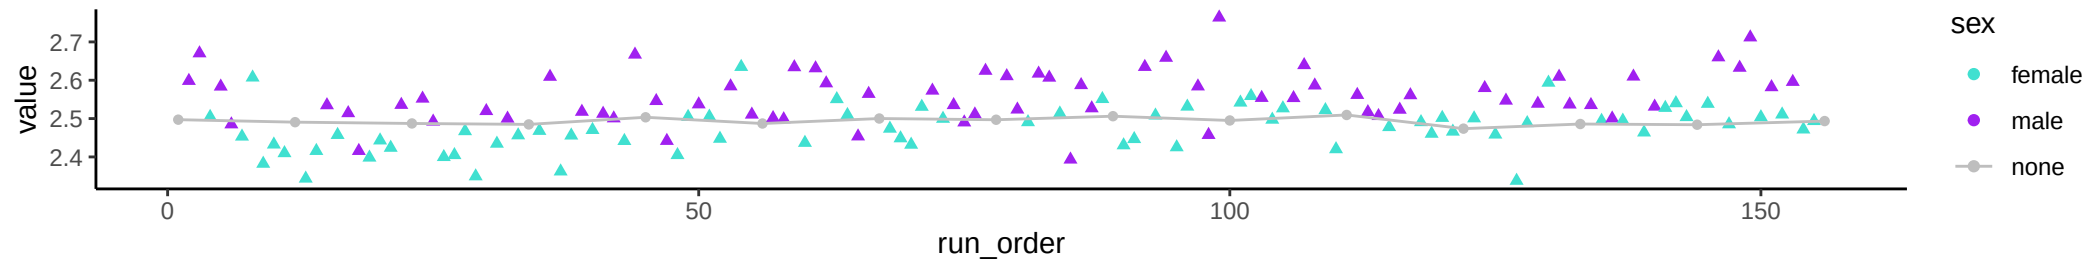

Compound: Anthranilic Acid

Compound: Arabitol/Xylitol

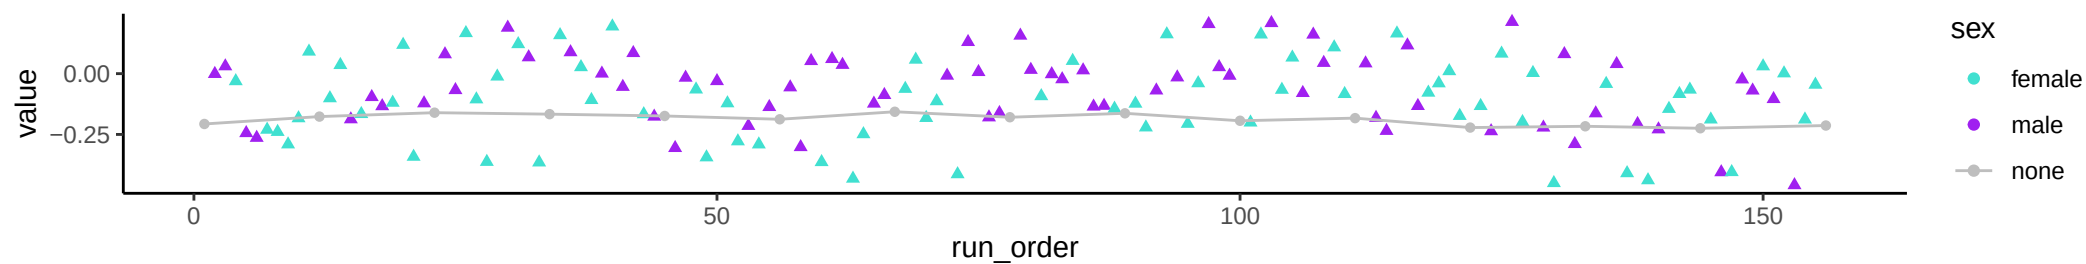

Compound: Arginine

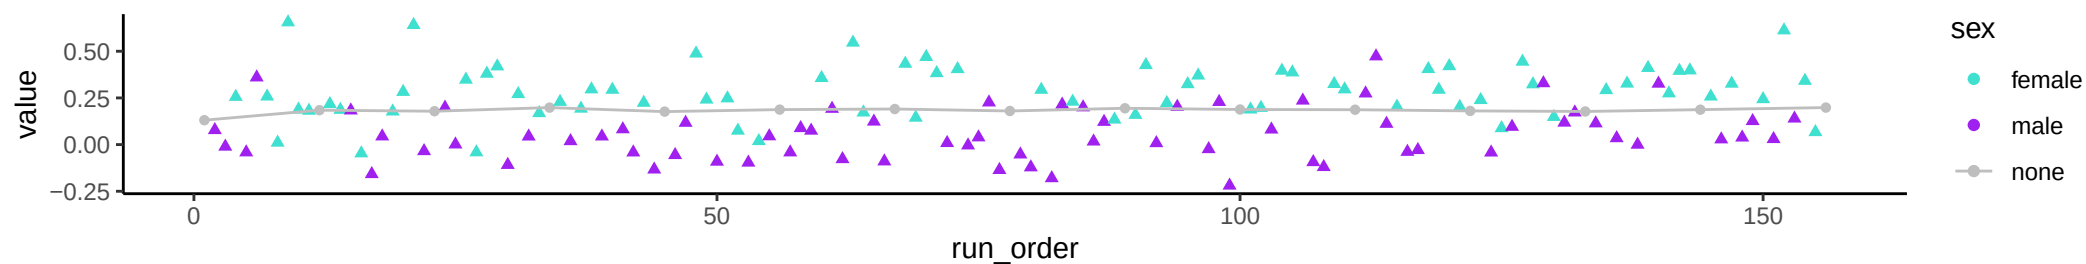

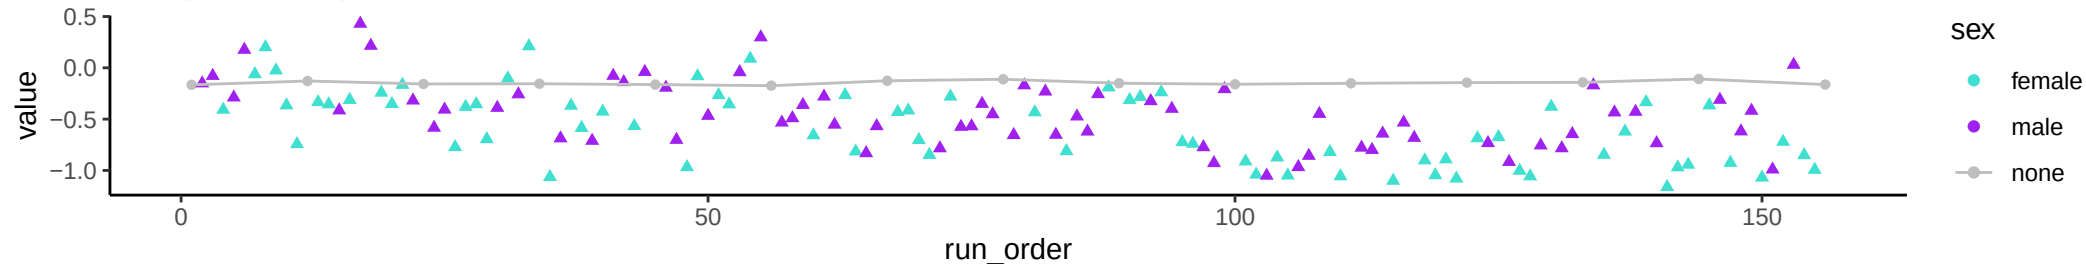

Compound: Argininosuccinate

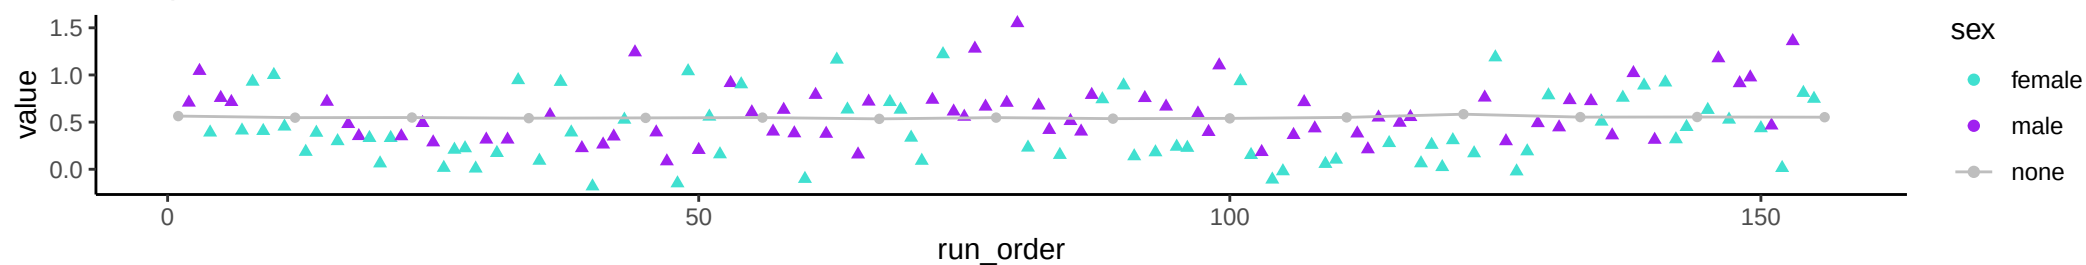

Compound: Asparagine

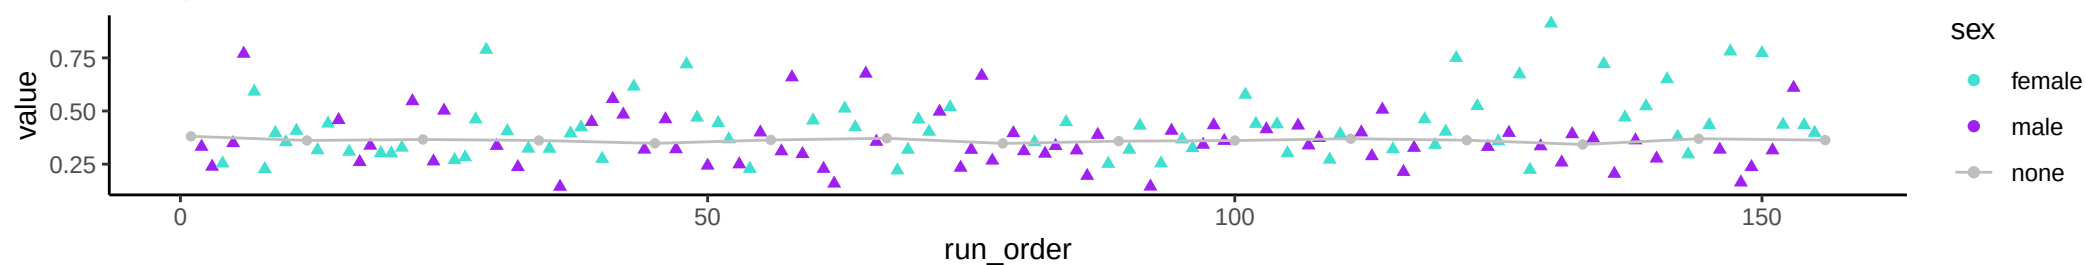

Compound: Aspartic Acid

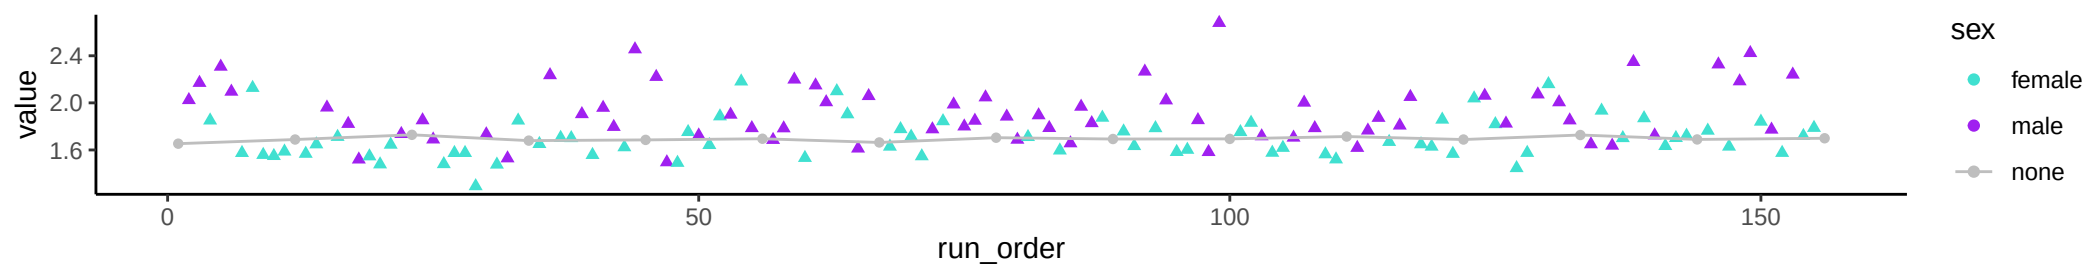

Compound: Azelaic Acid

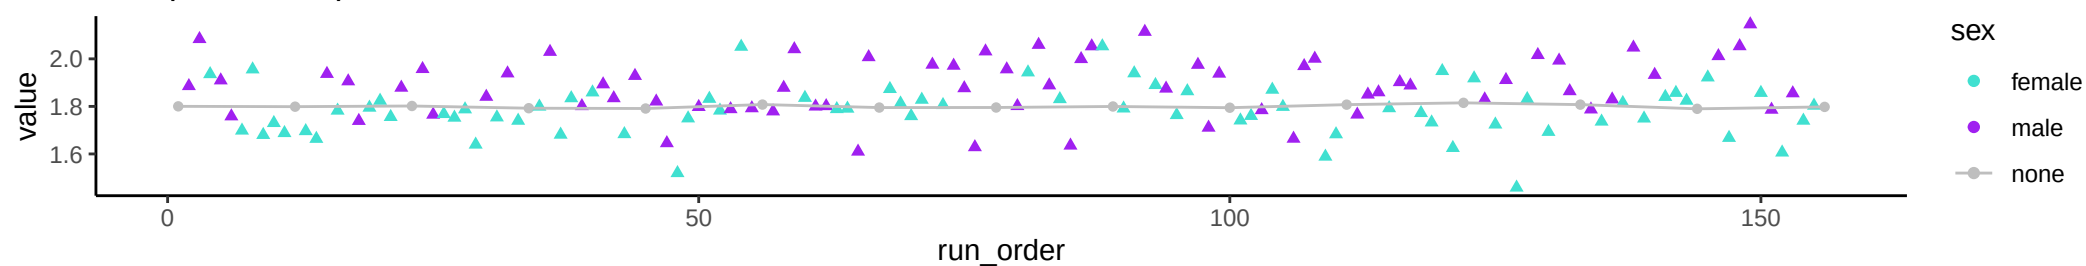

Compound: betaAlanine

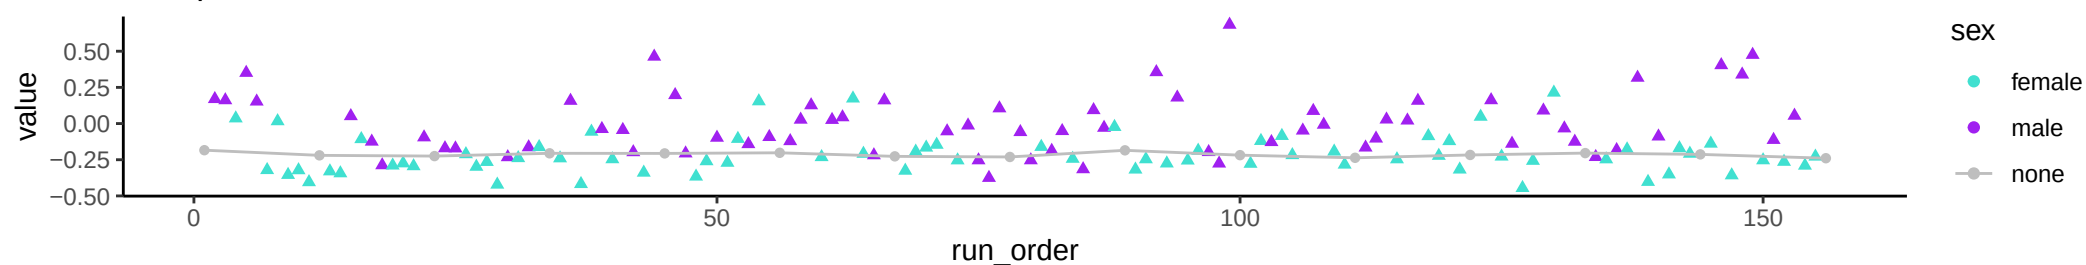

Compound: Betaine

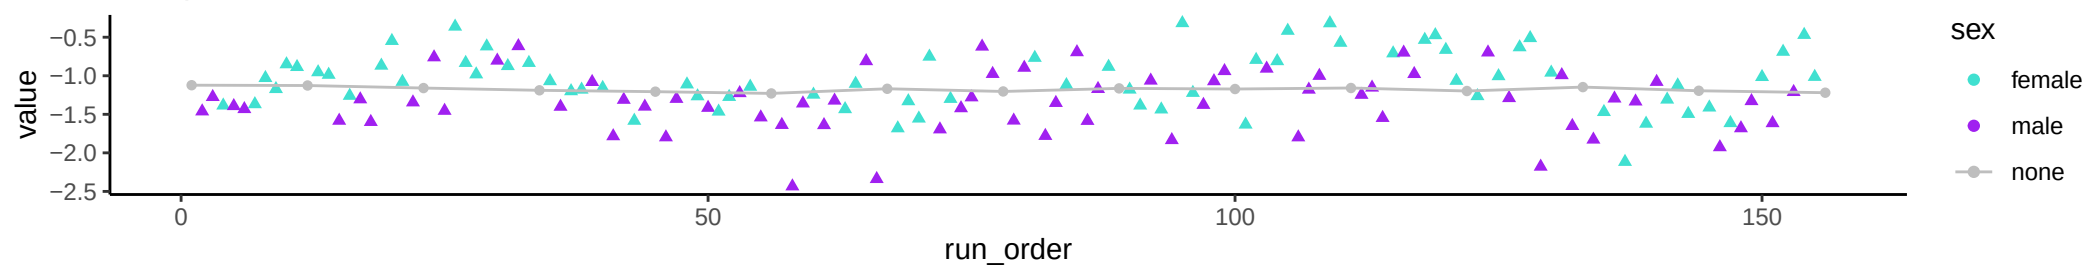

Compound: Biopterin

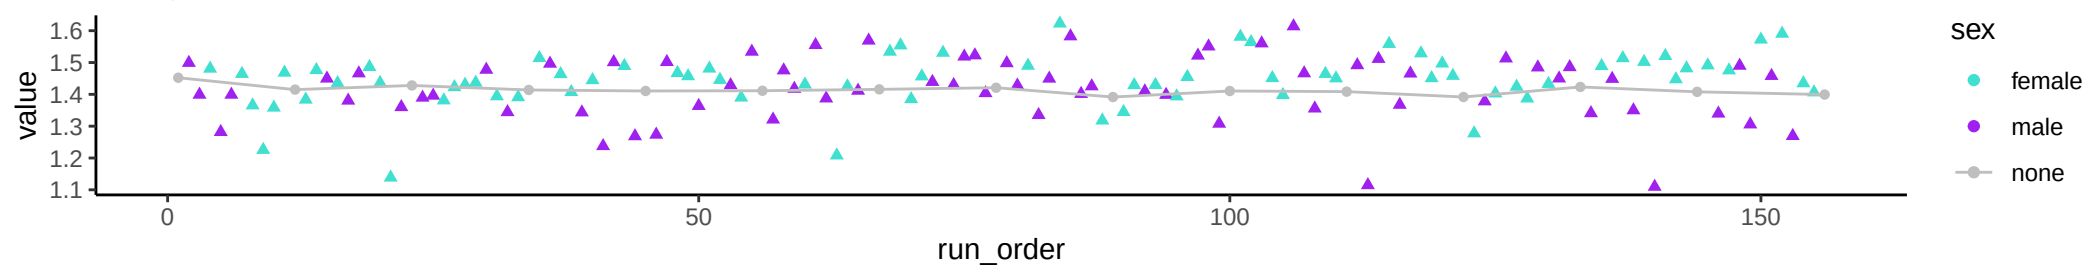

Compound: Cadaverine

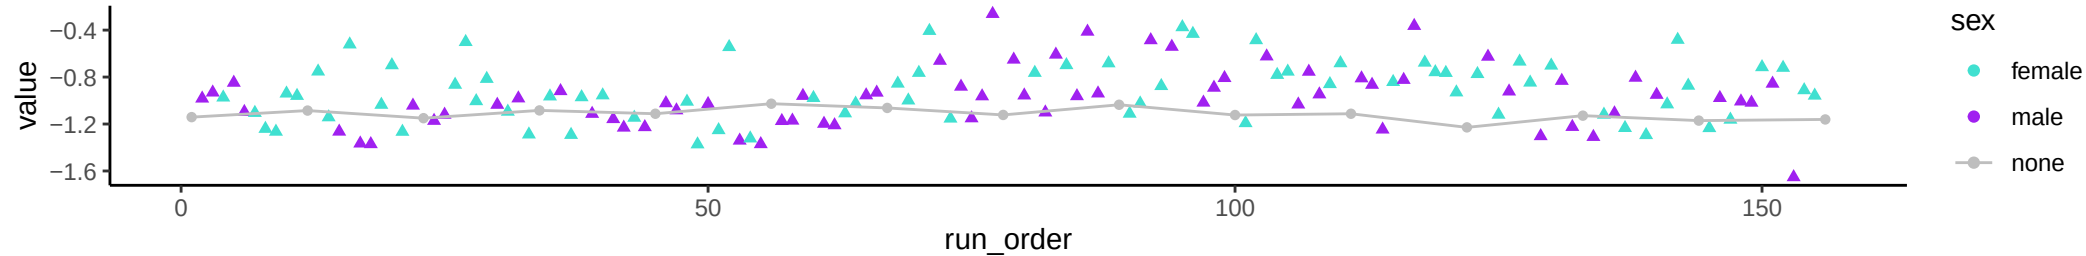

Compound: cAMP

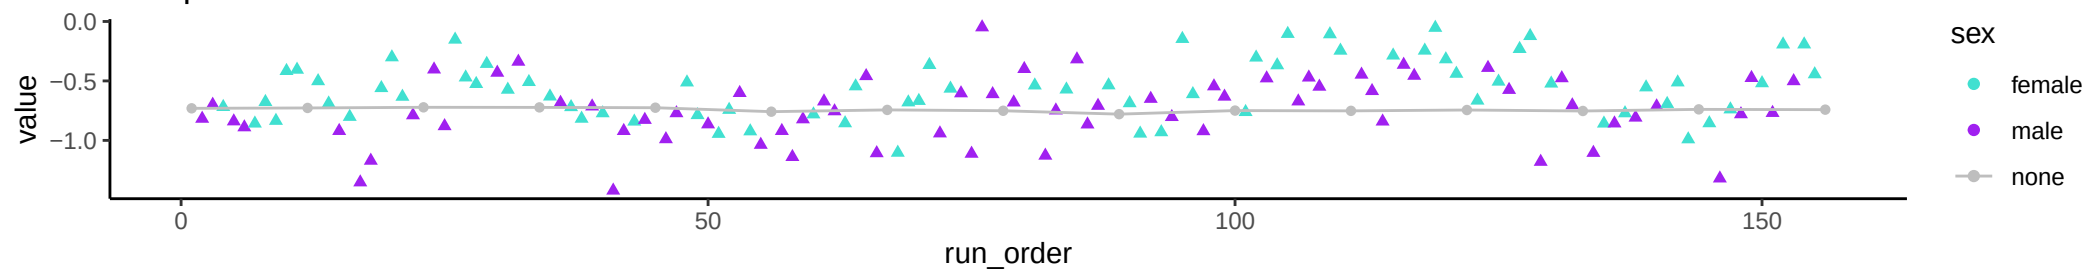

Compound: Carnitine

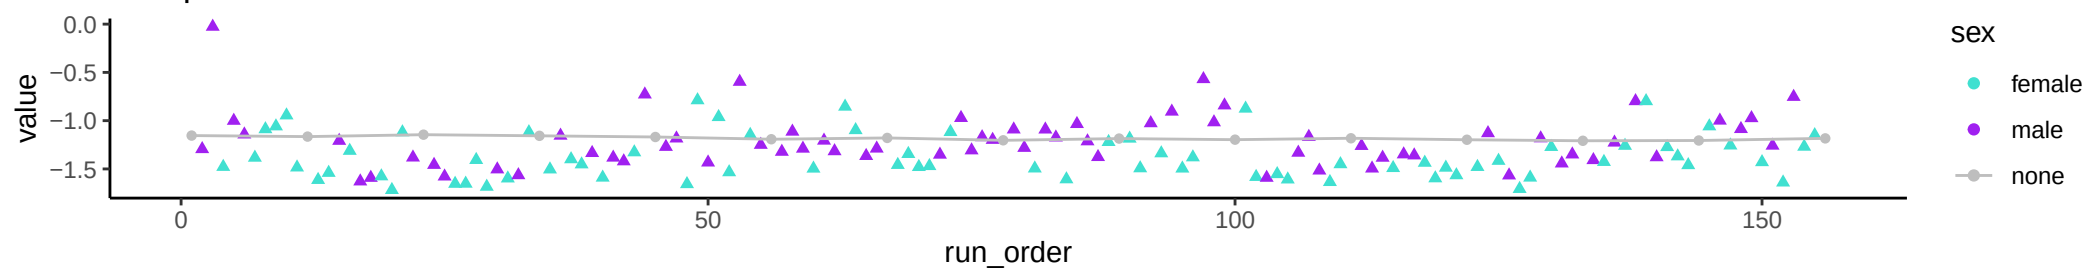

Compound: Carnosine

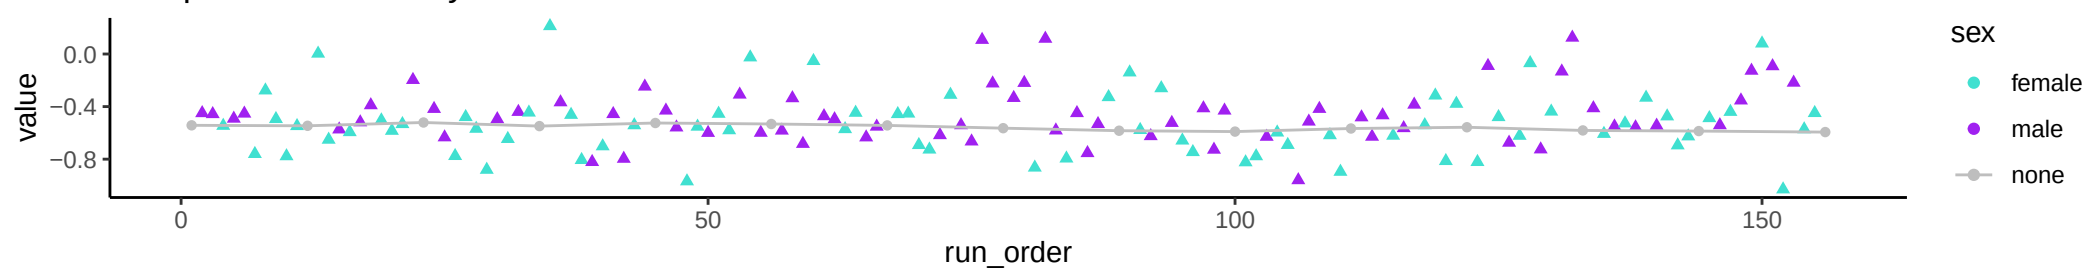

Compound: cGMP

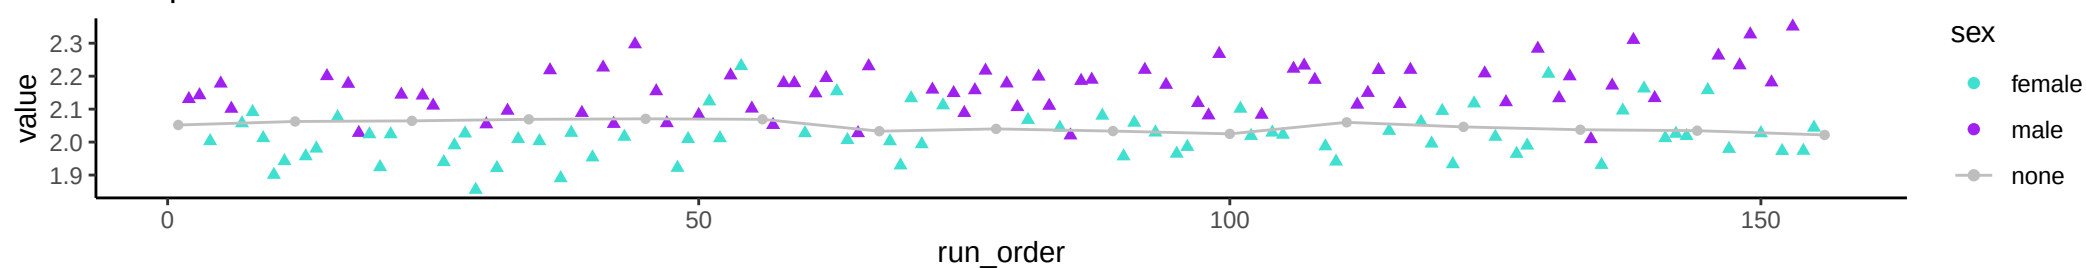

Compound: Cholecalciferol

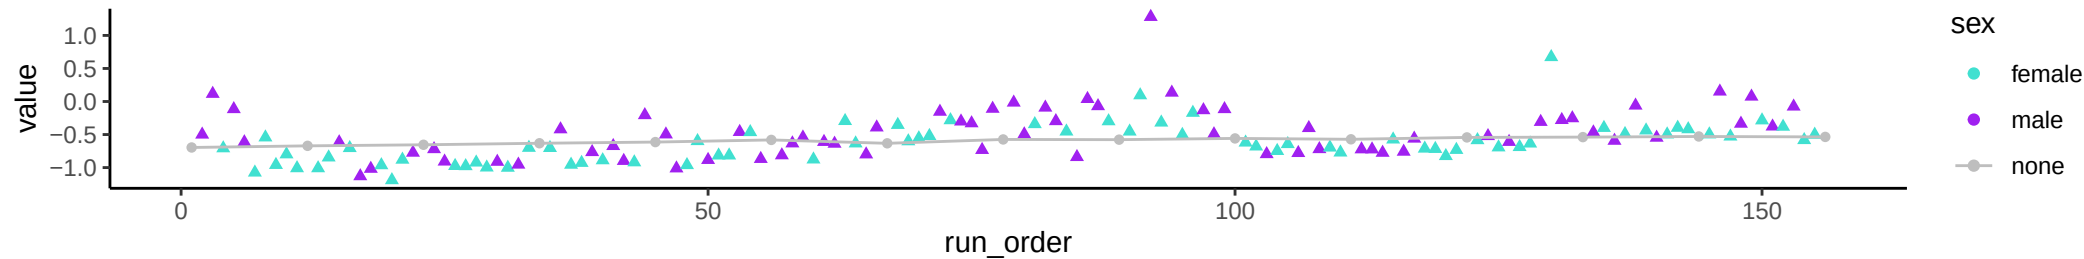

Compound: Cholesteryl Sulfate

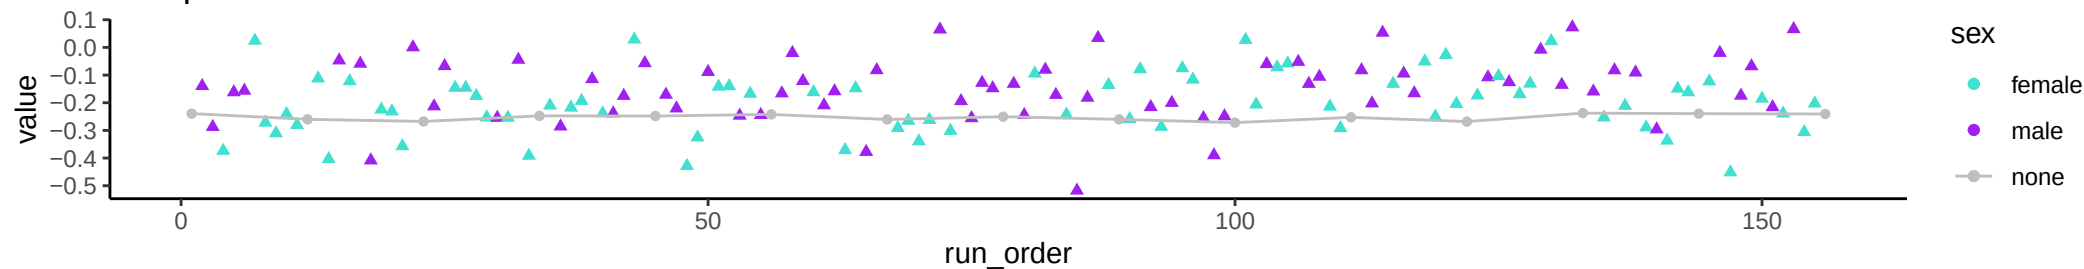

Compound: Choline

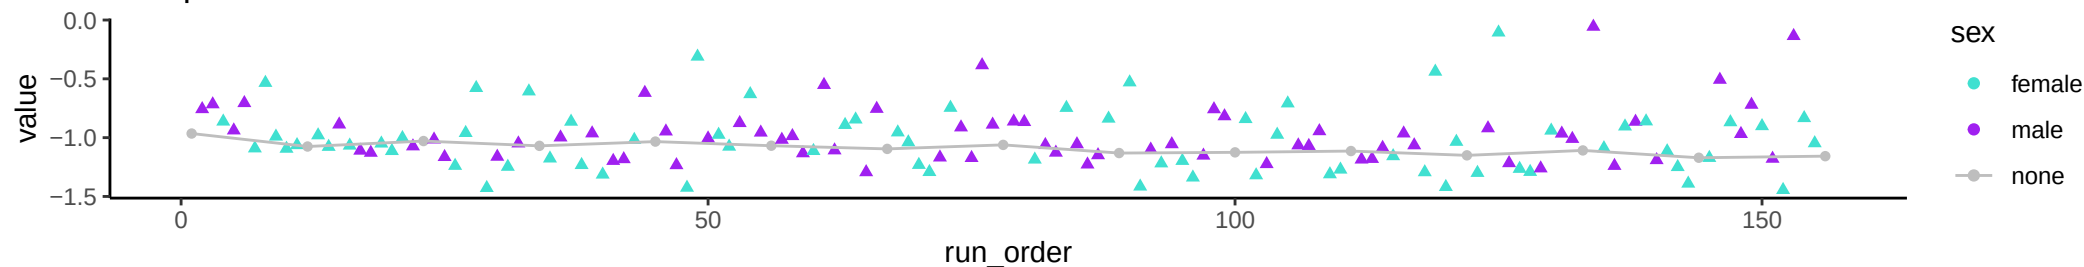

Compound: Citraconic Acid

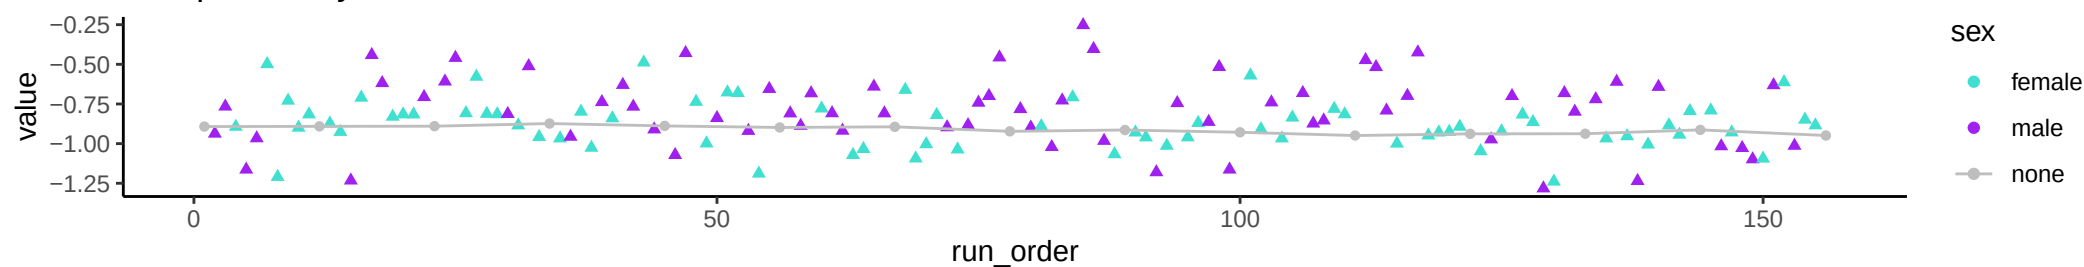

Compound: Citrulline

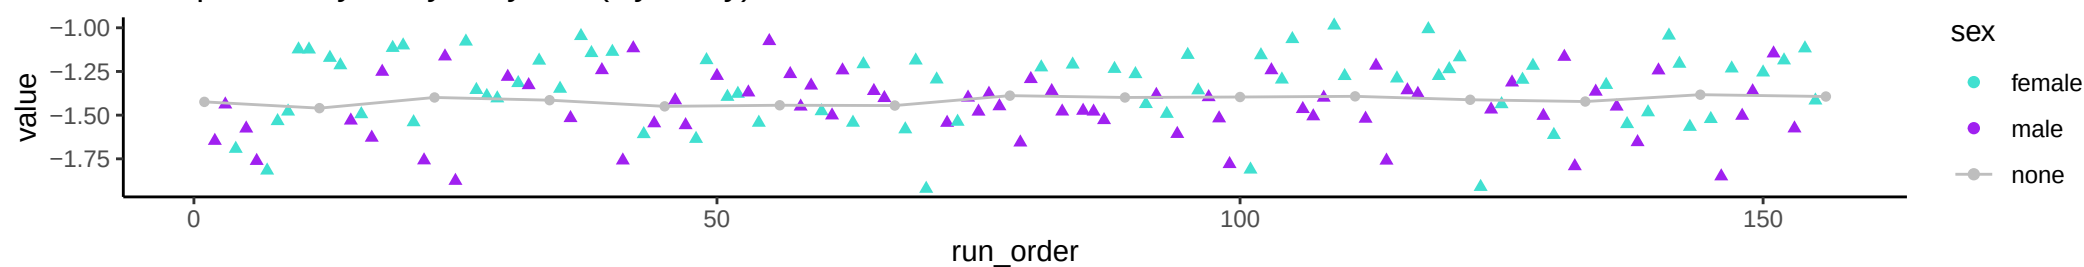

Compound: Creatine

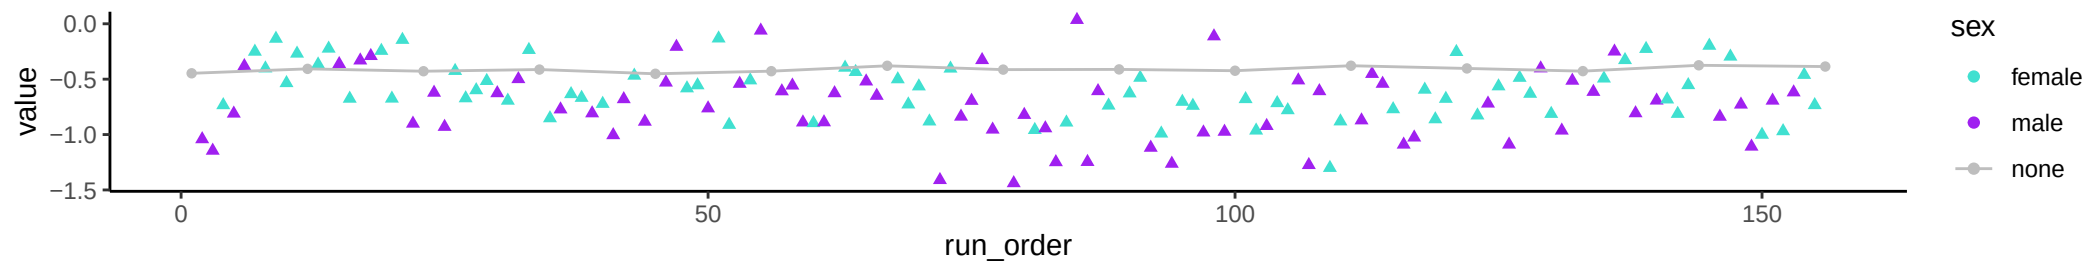

Compound: Cystathionine

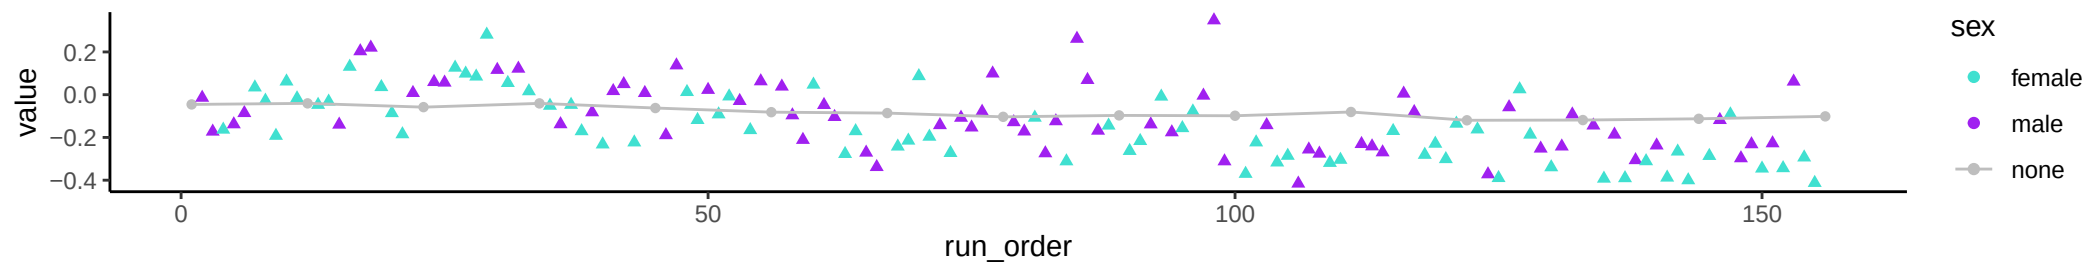

Compound: Cysteinyl-Glycine (Cys-Gly)

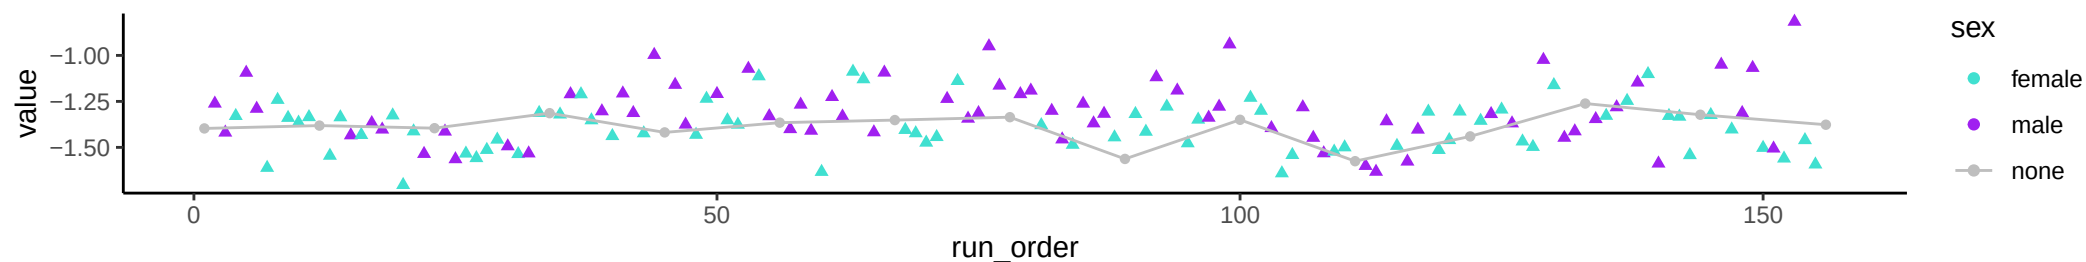

Compound: Cystine

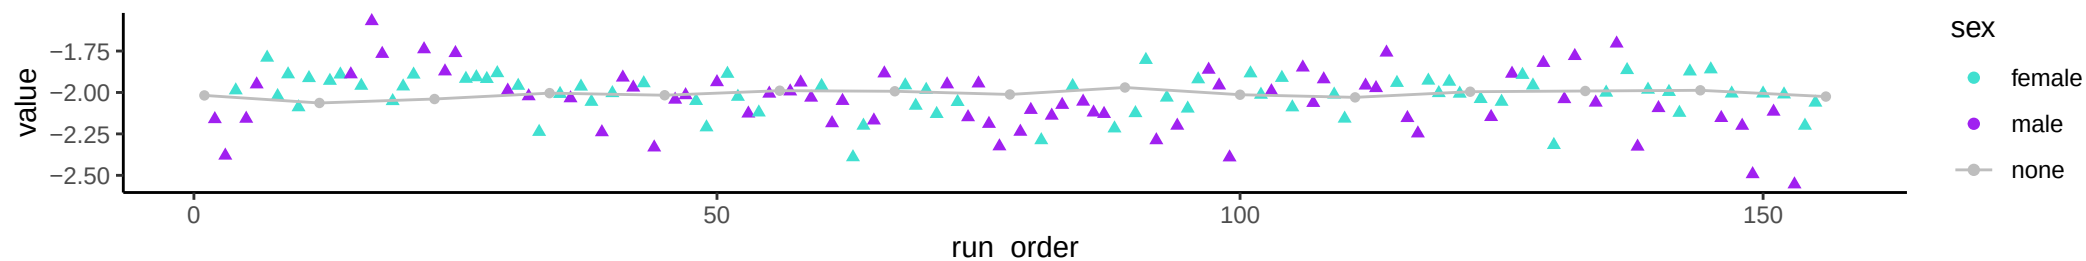

Compound: Cytidine

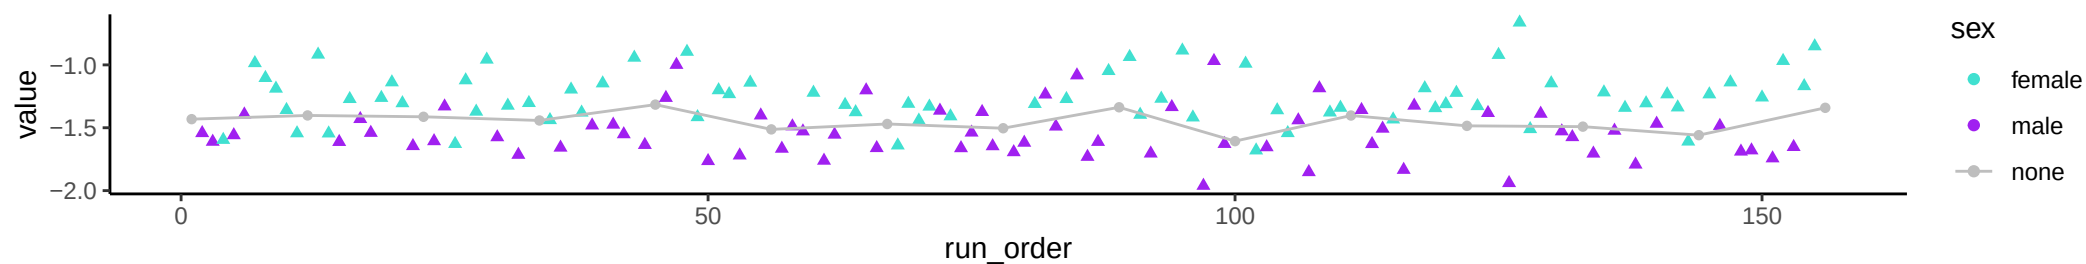

Compound: D-Leucic Acid

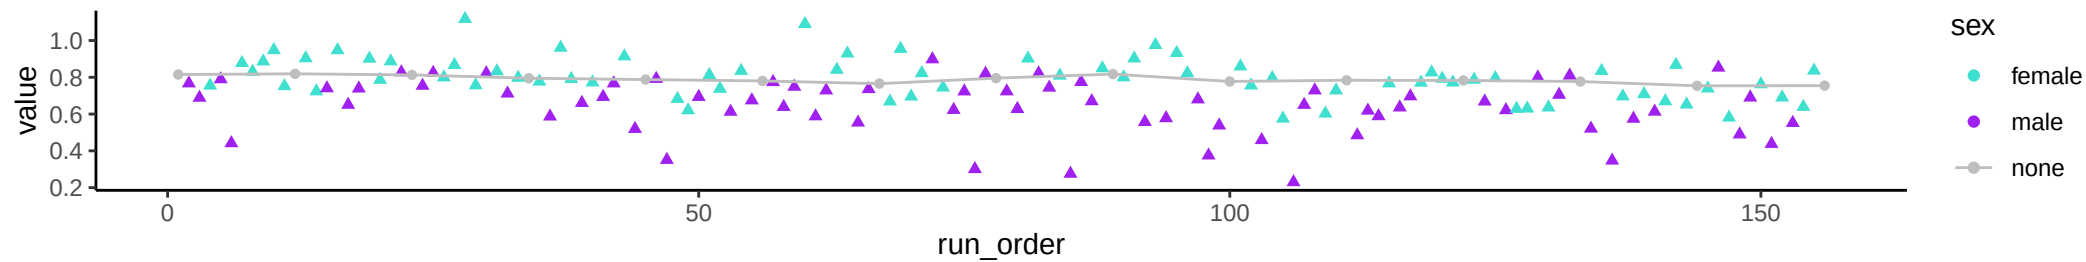

Compound: DCDP

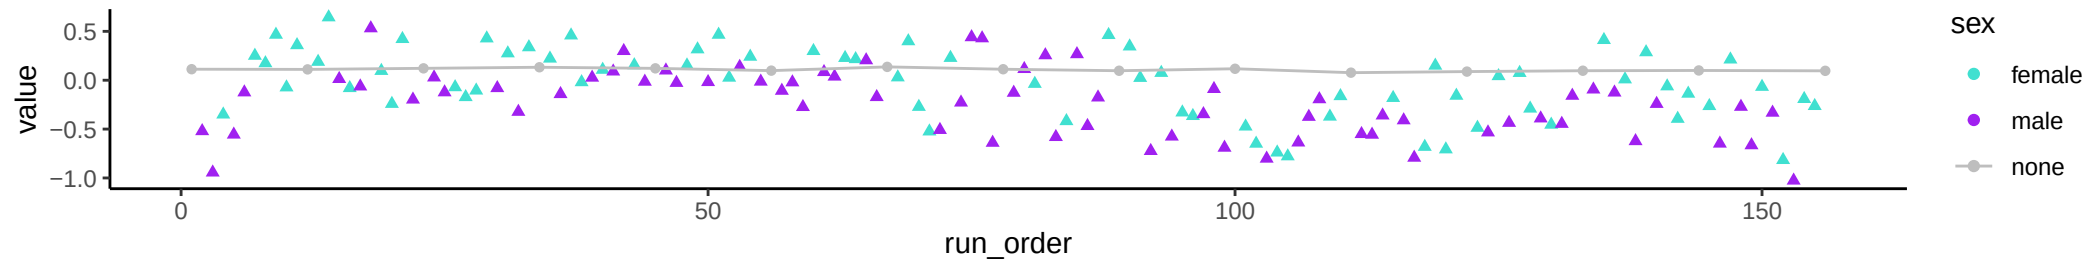

Compound: Deoxycarnitine

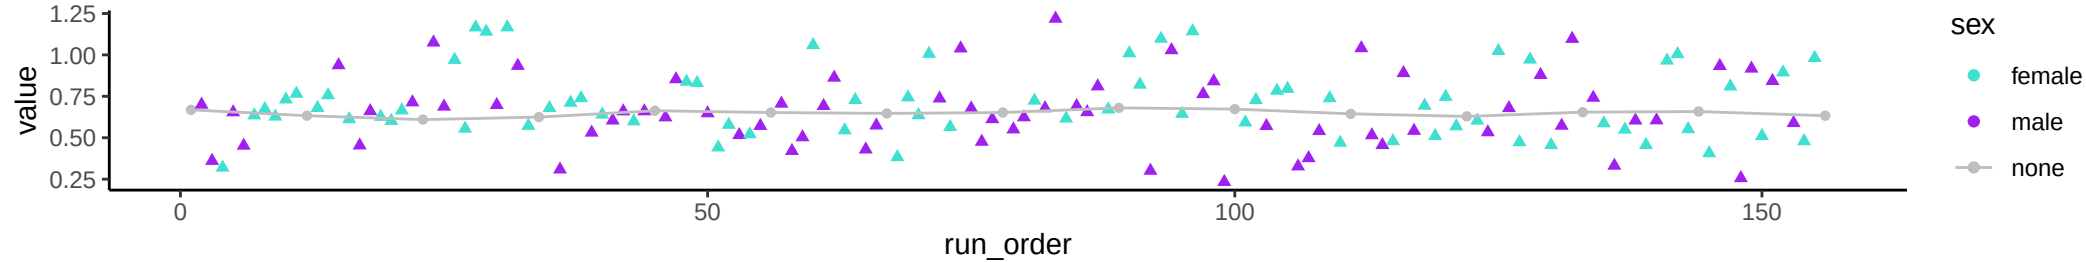

Compound: Deoxyguanosine

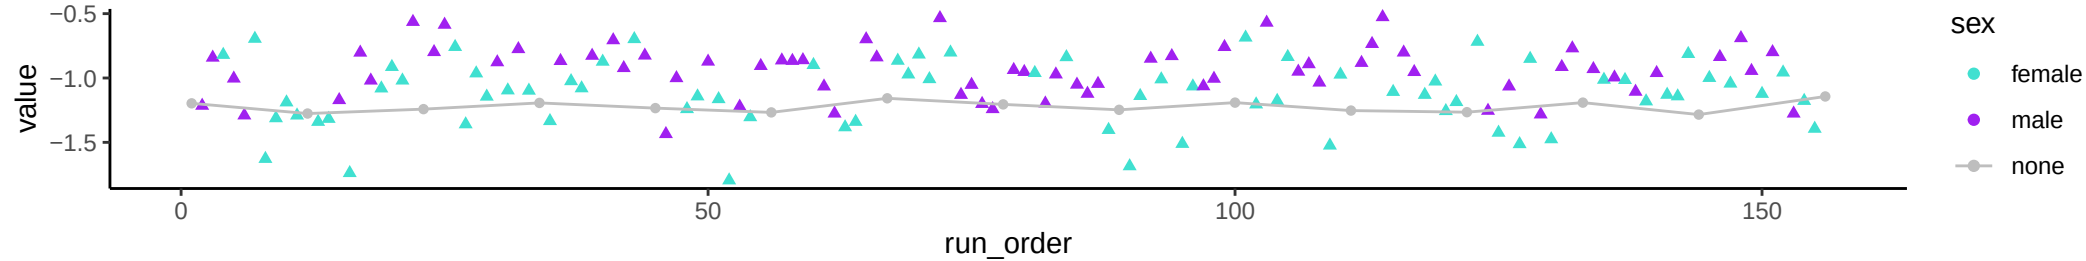

Compound: DHAP/D-GA3P

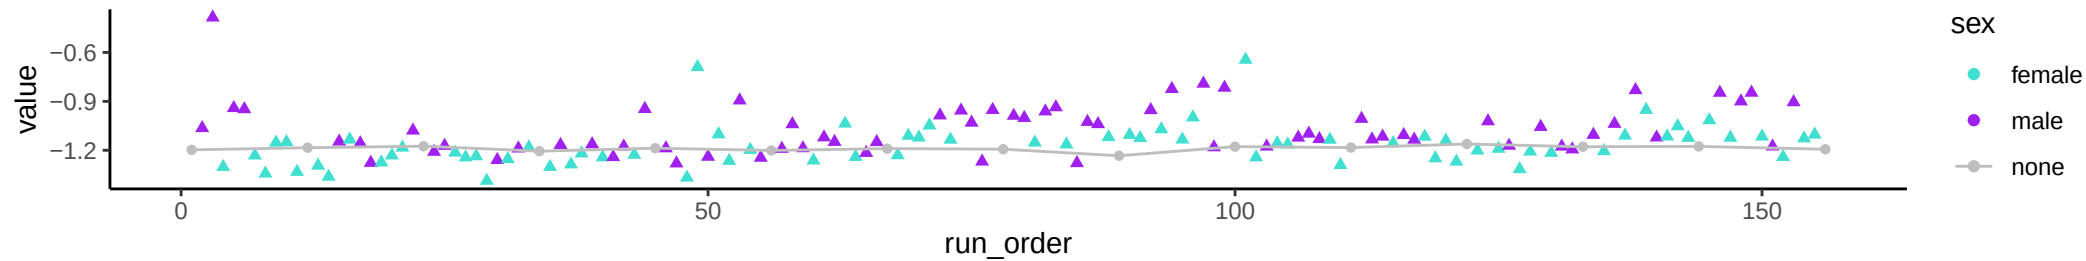

Compound: Dimethylarginine (A/SDMA)

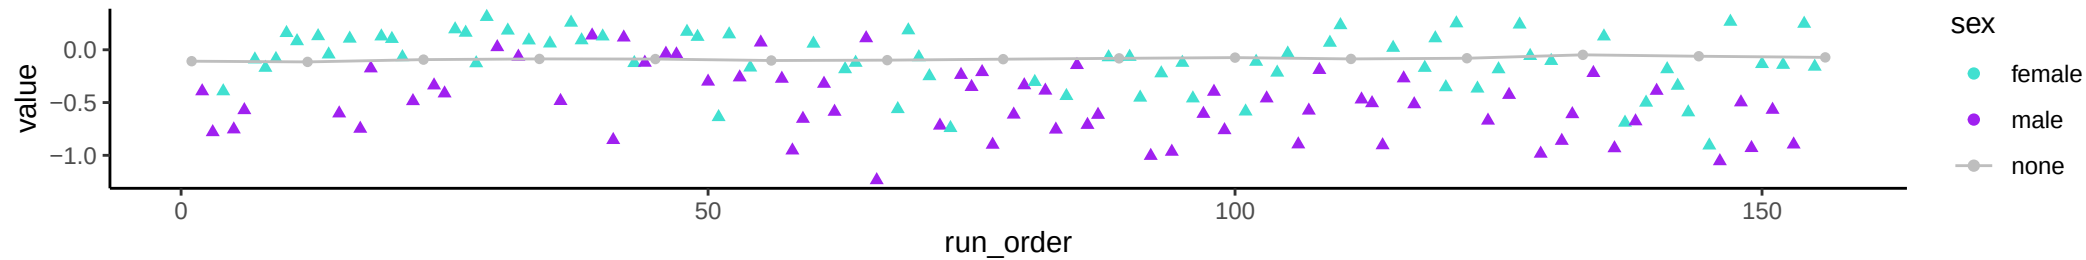

Compound: Dimethylglycine

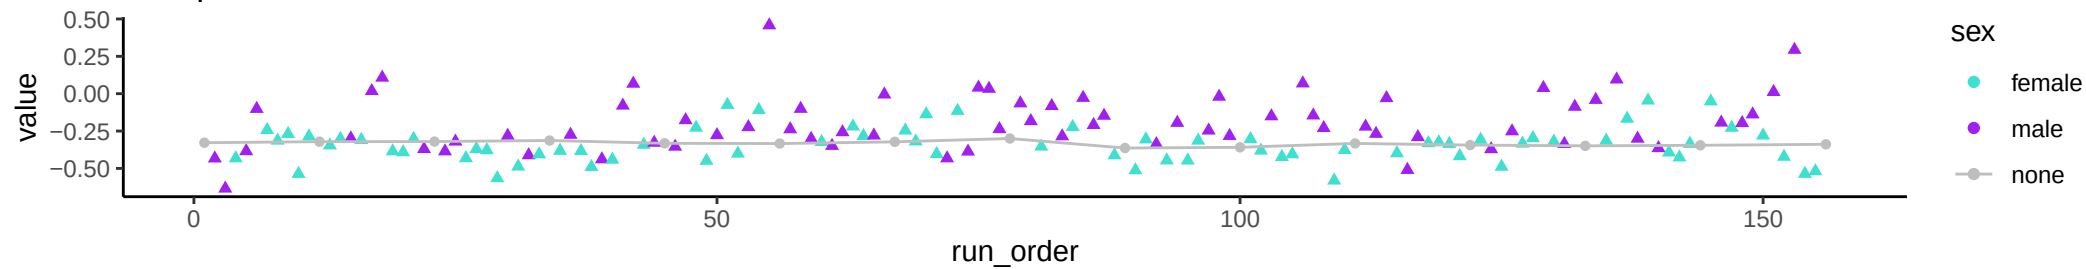

Compound: Ergocalciferol

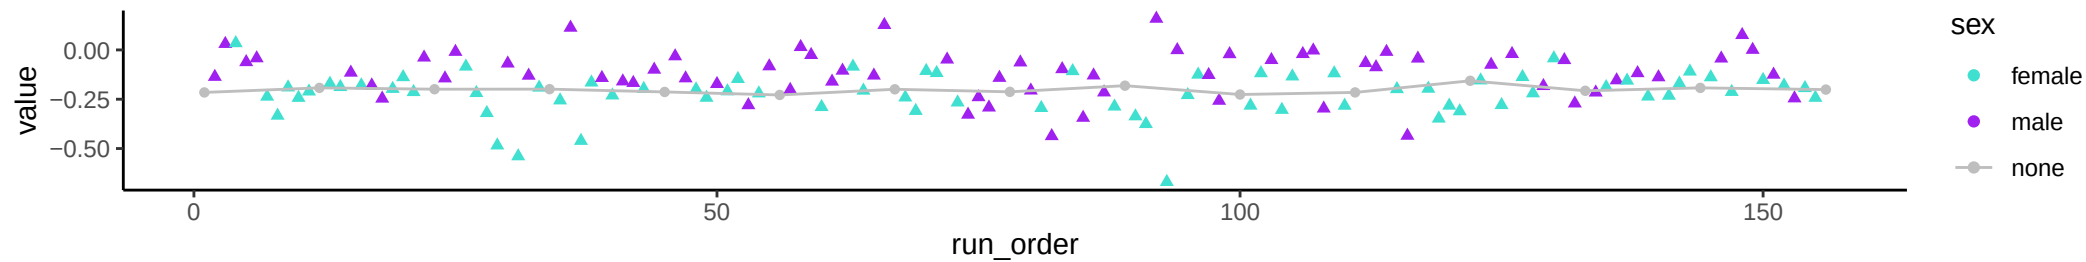

Compound: Erythrose-4-Phosphate

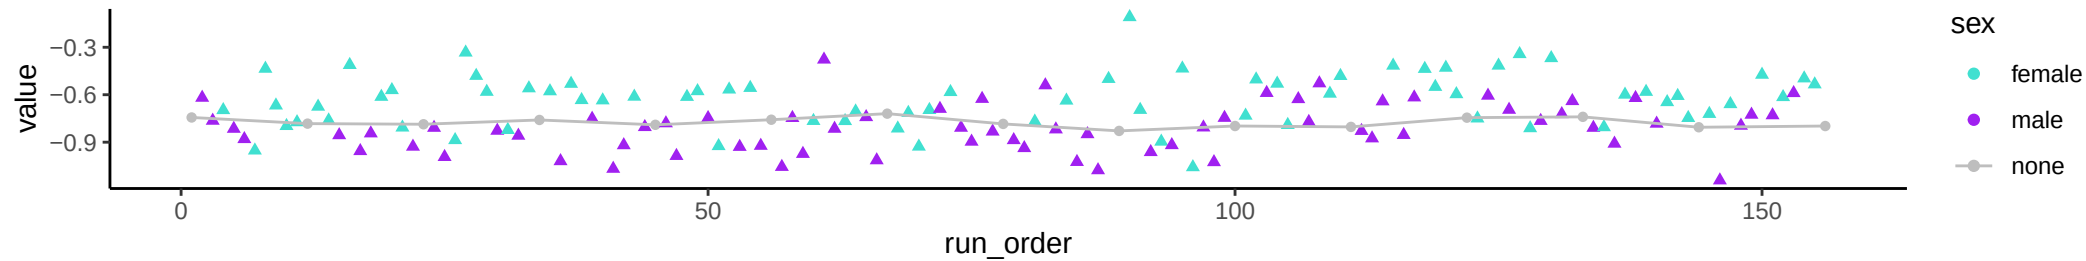

Compound: Ethanolamine

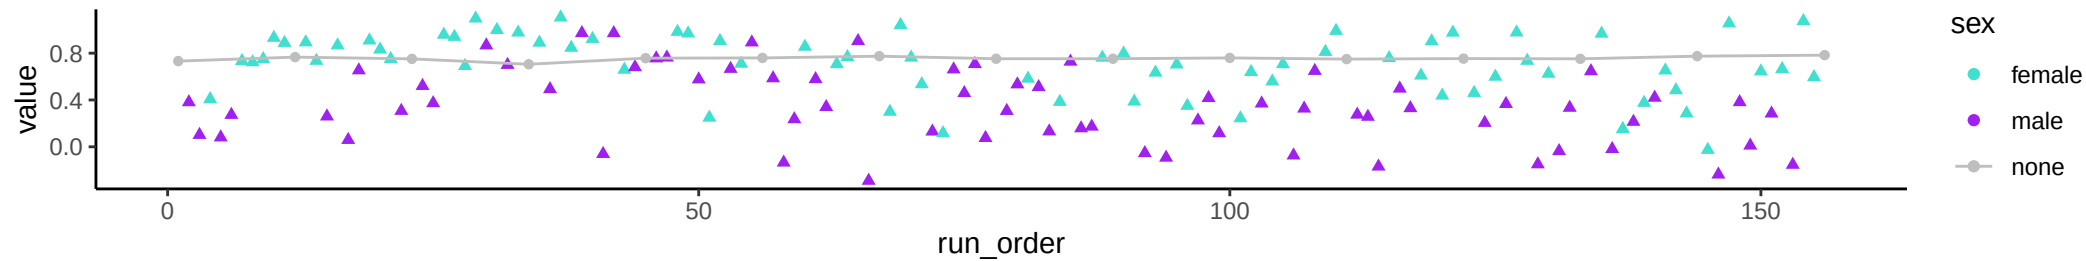

Compound: FAD

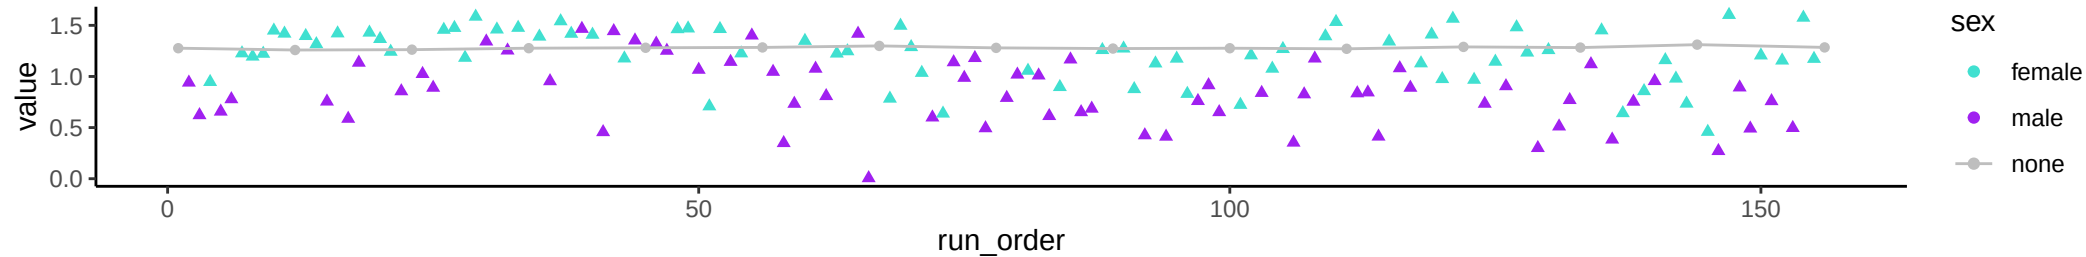

Compound: Fructose

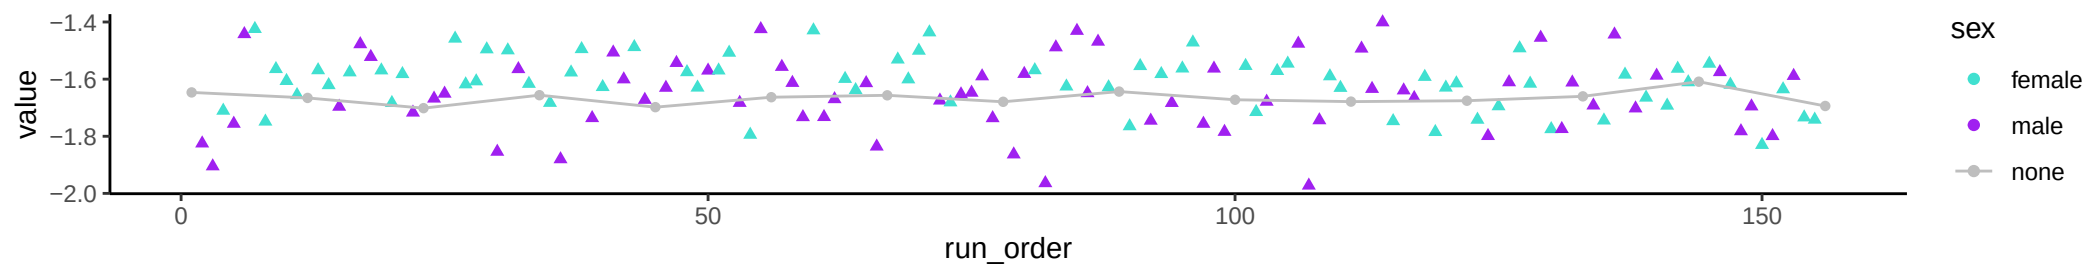

Compound: G1P/F1P/F6P

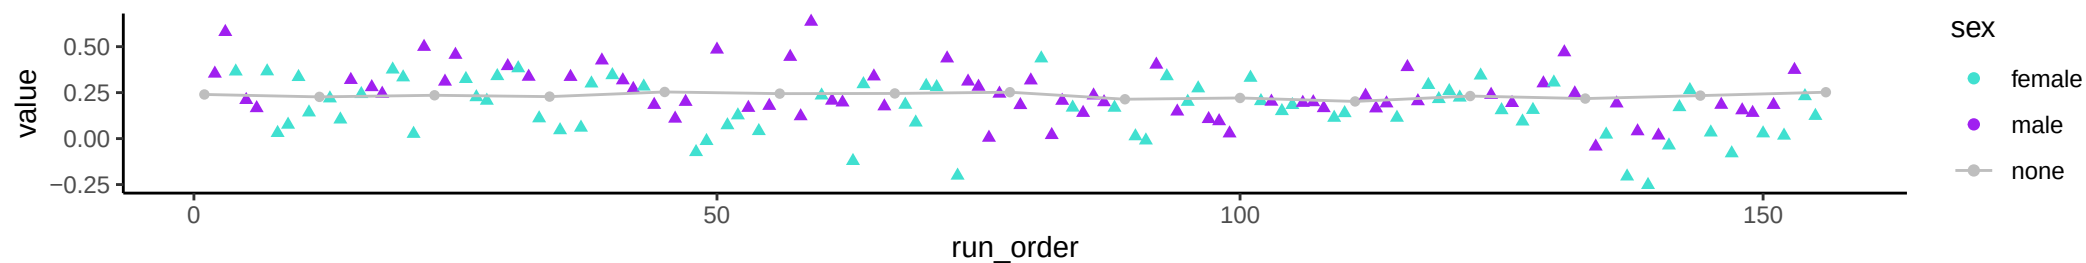

Compound: G6P

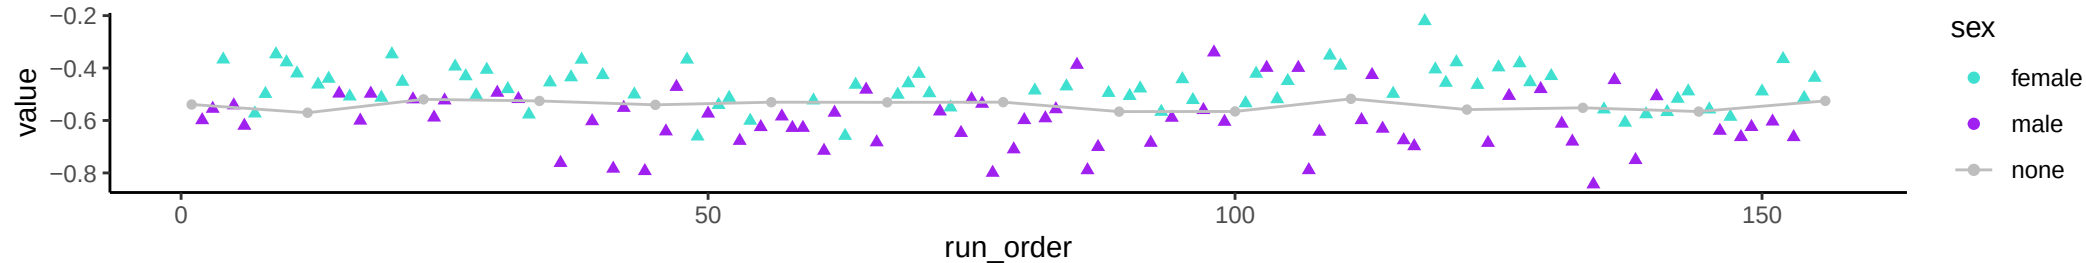

Compound: gamma-Aminobutyrate

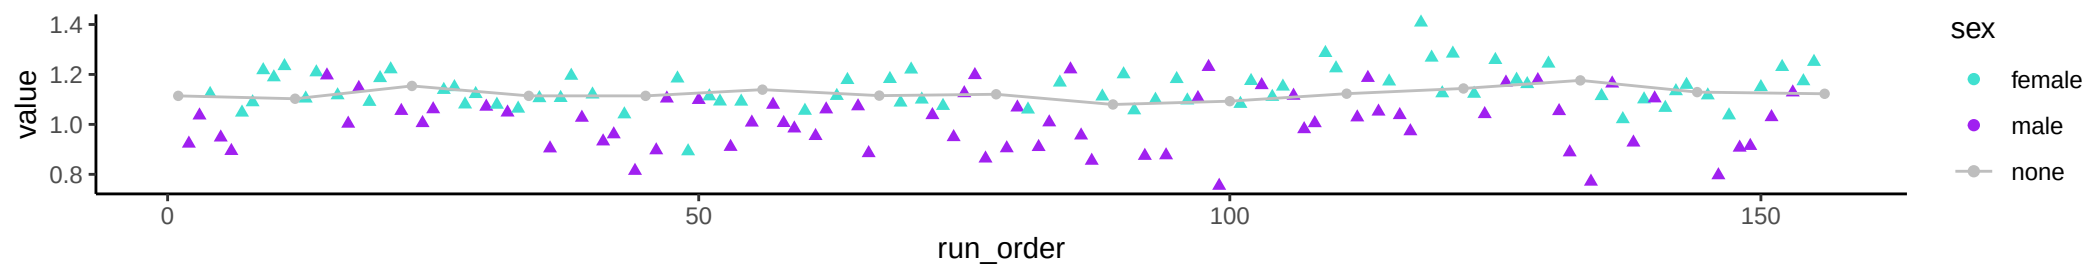

Compound: Glucoronate

Compound: Glucosamine

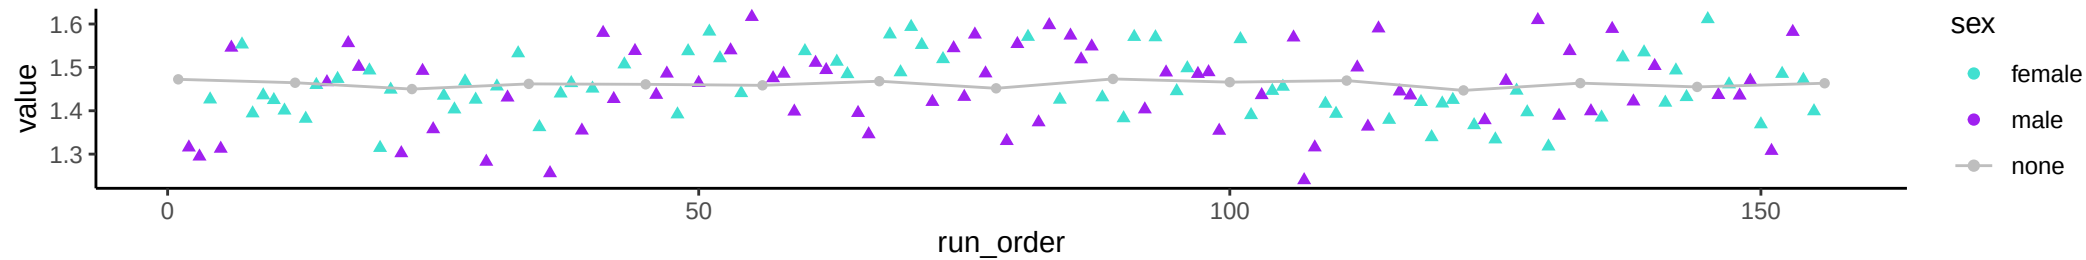

Compound: Glucose

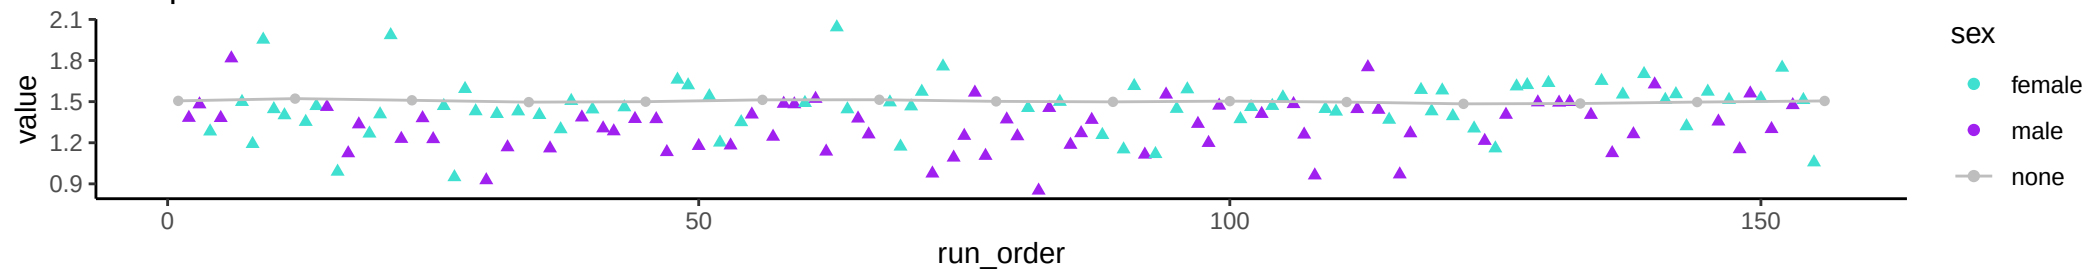

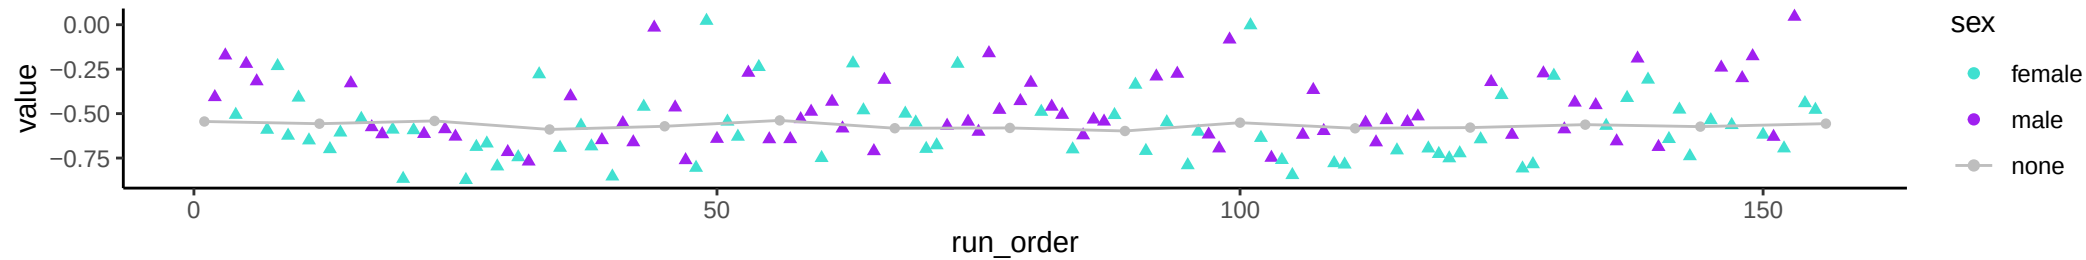

Compound: Glutamic acid

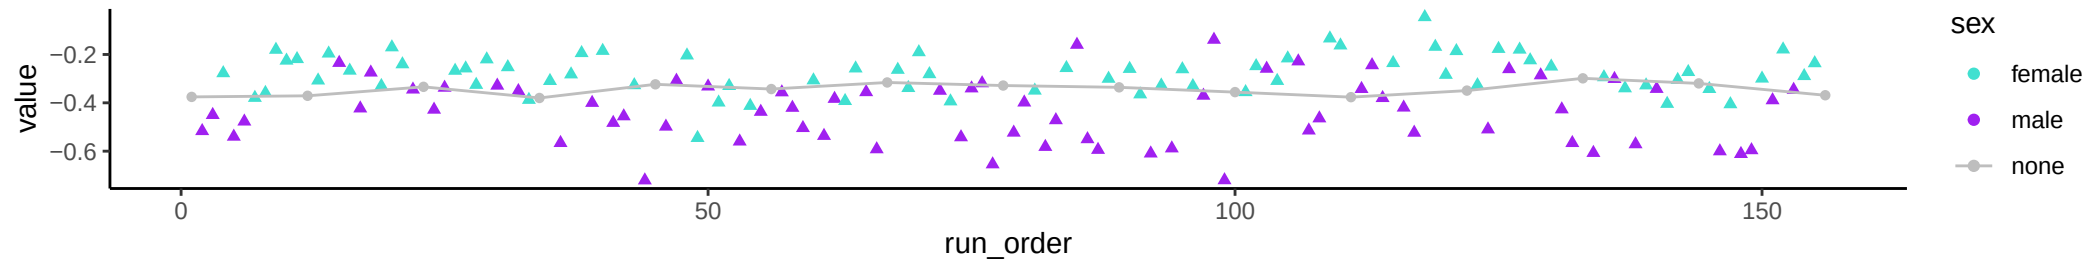

Compound: Glutamine

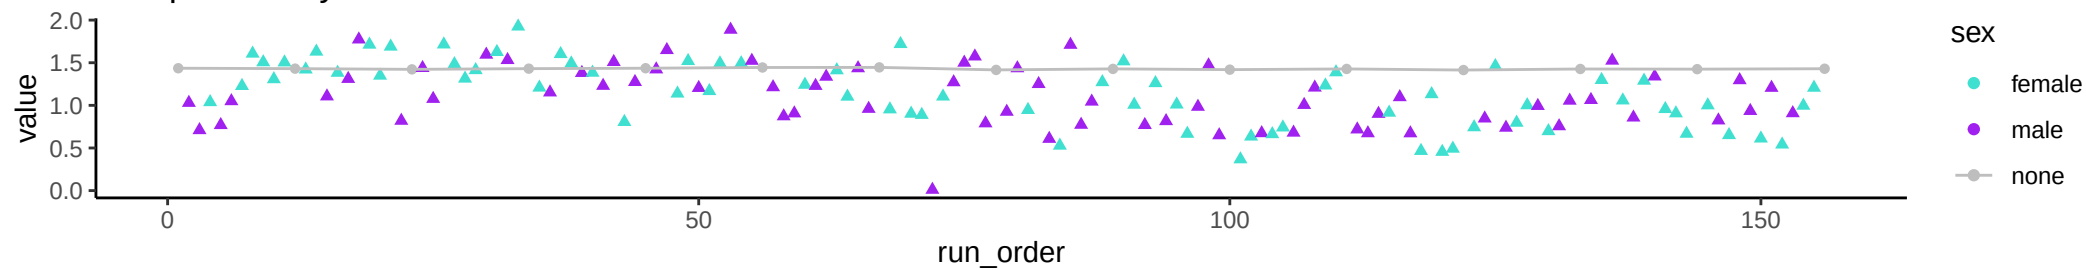

Compound: Glutaric Acid

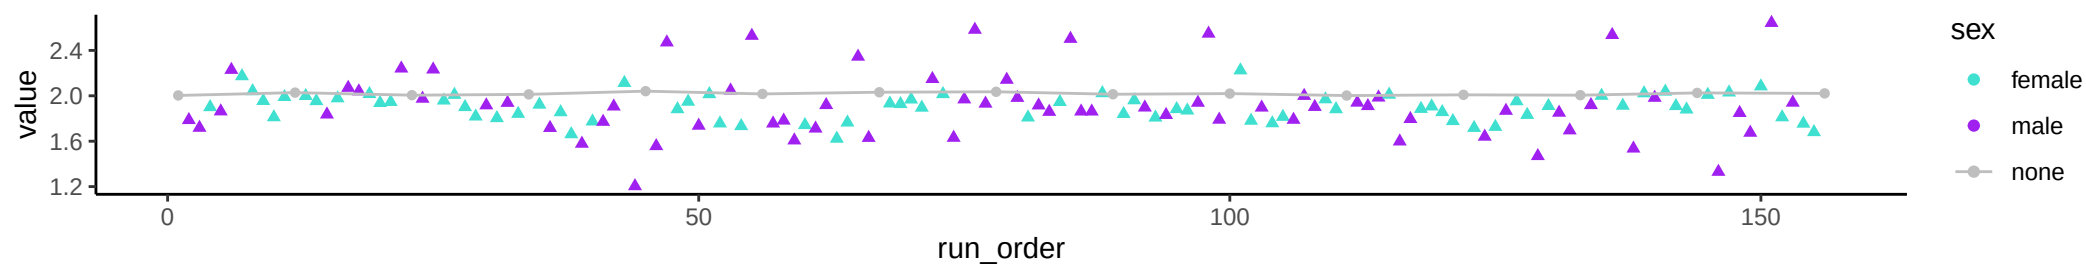

Compound: Glyceraldehyde

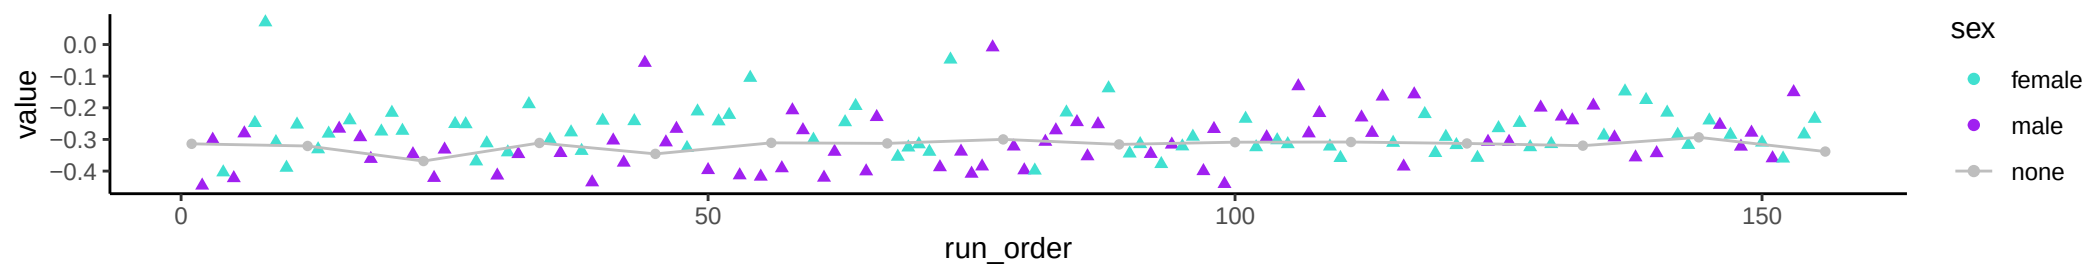

Compound: Glycerol-3-P

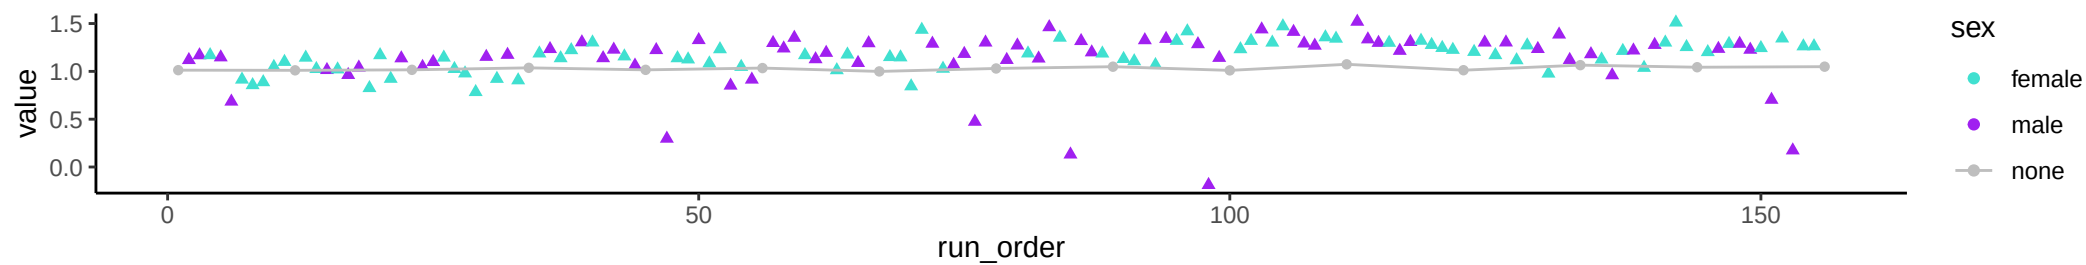

Compound: Glycerophosphocholine

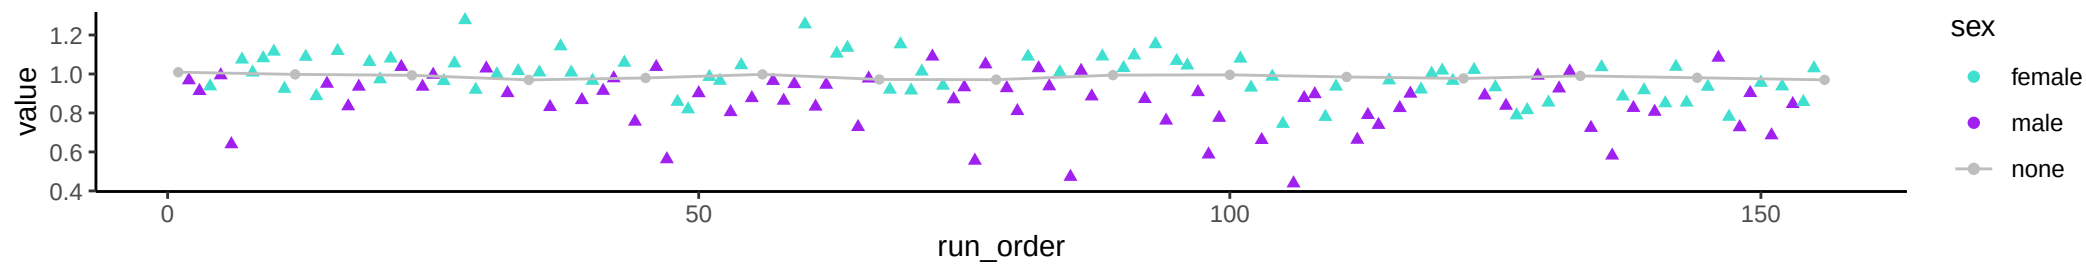

Compound: Glycine

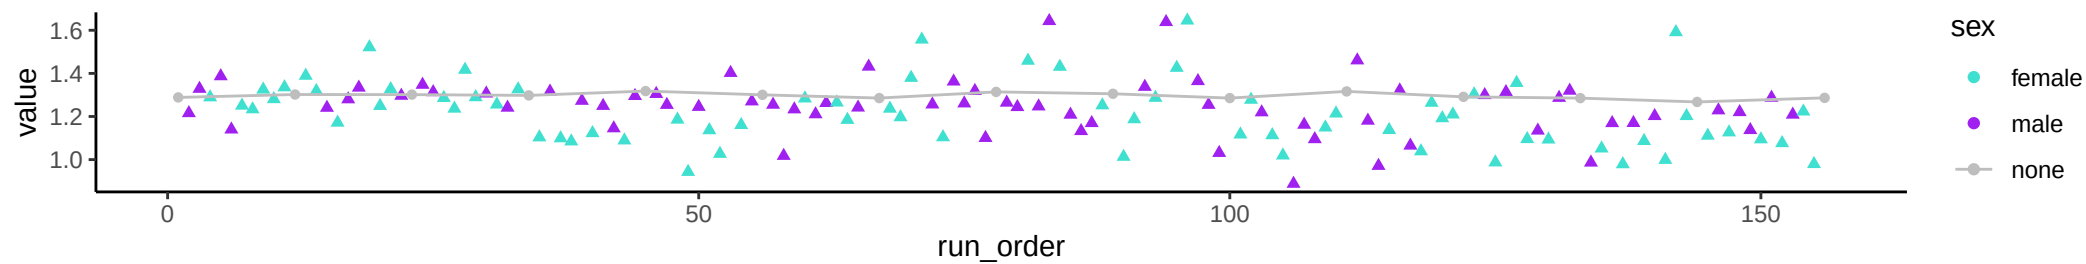

Compound: GMP

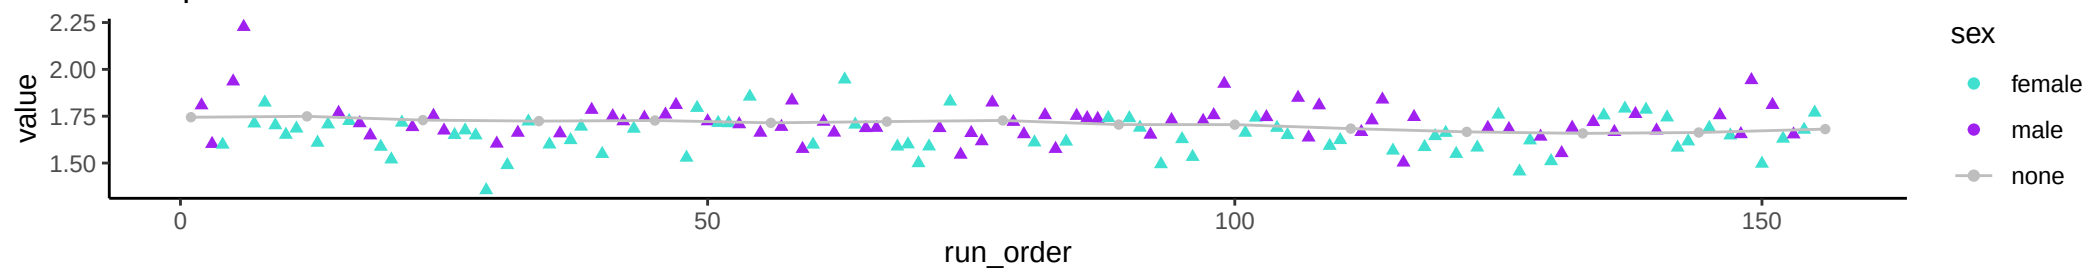

Compound: Guanine

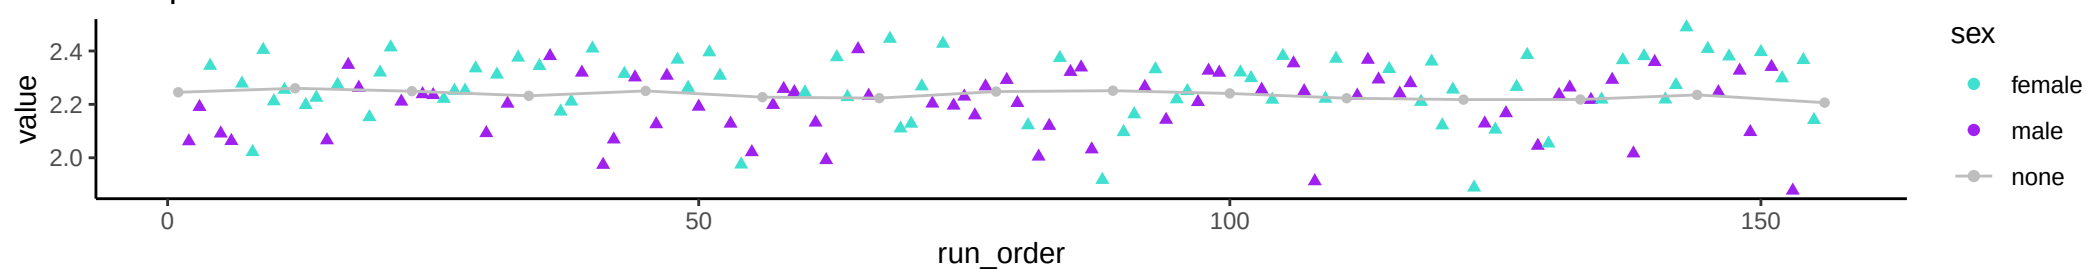

Compound: Guanosine

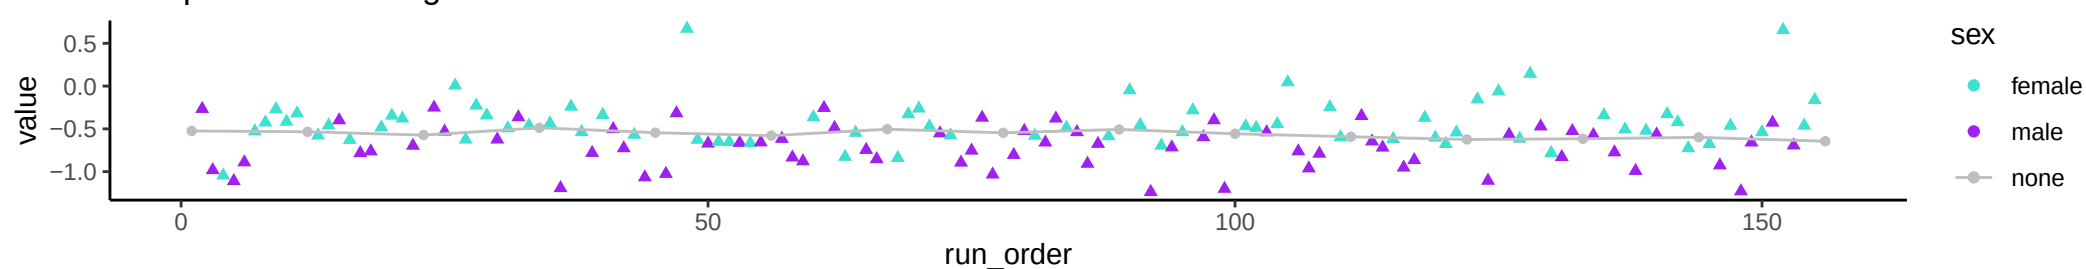

Compound: Histamine

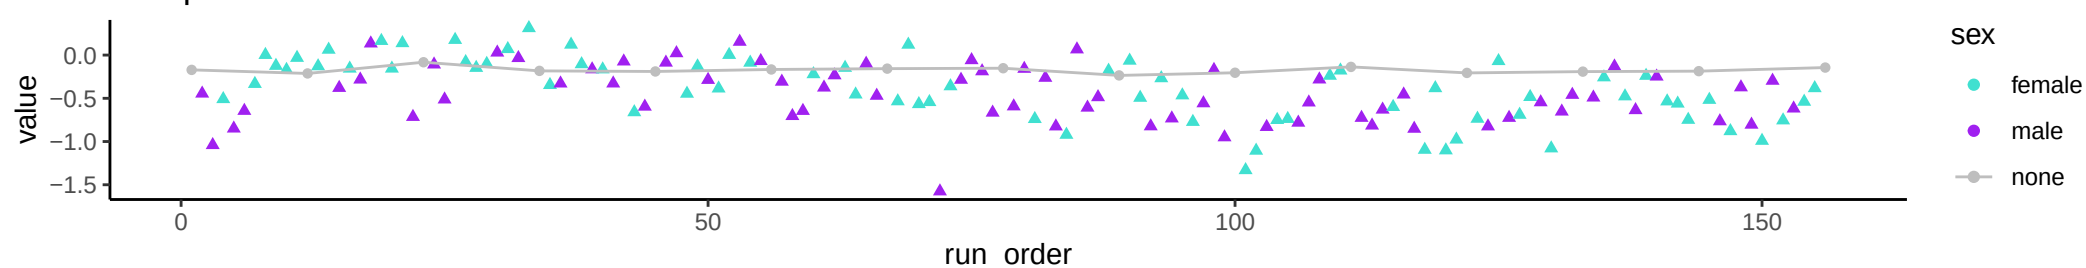

Compound: Histidine

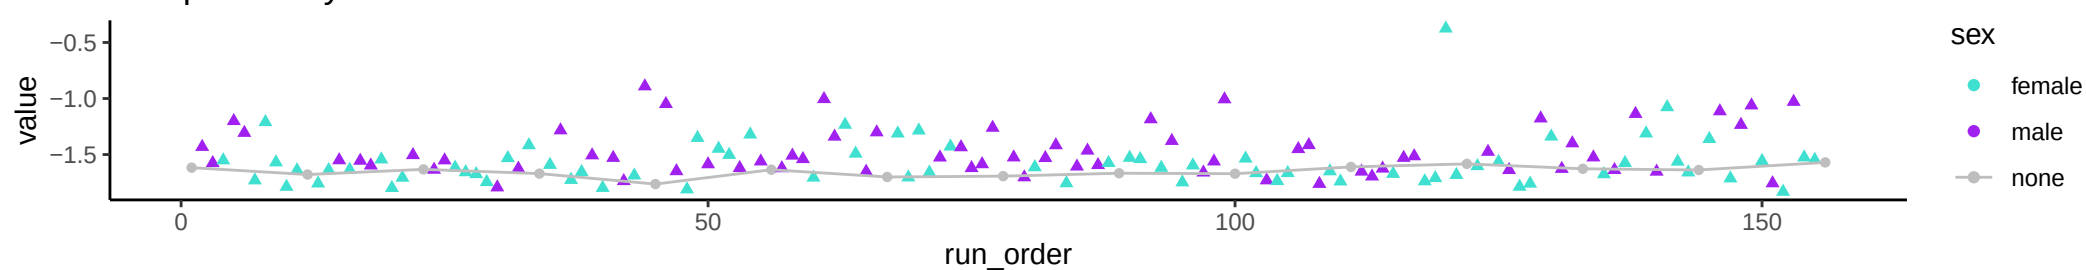

Compound: Homoarginine

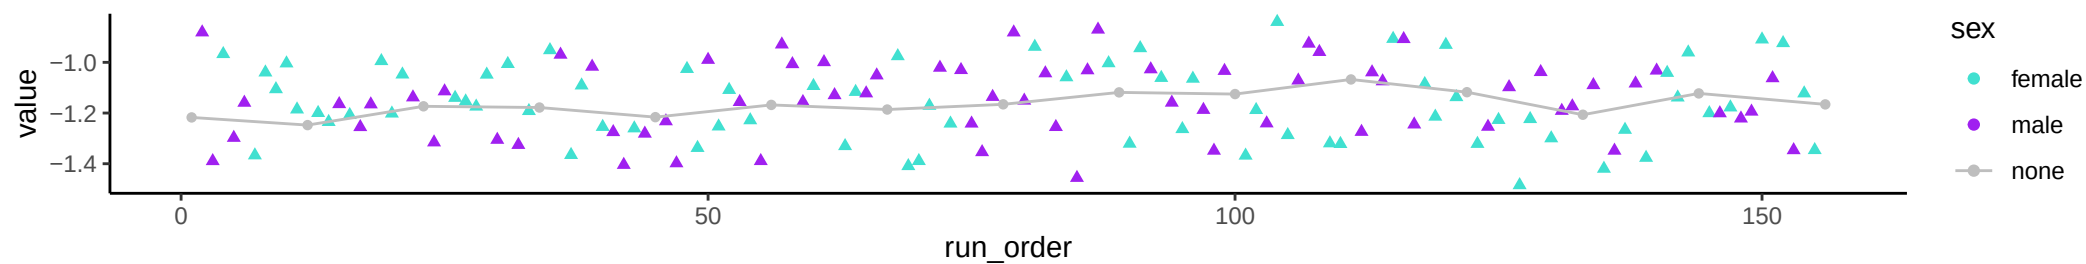

Compound: Homocitrulline

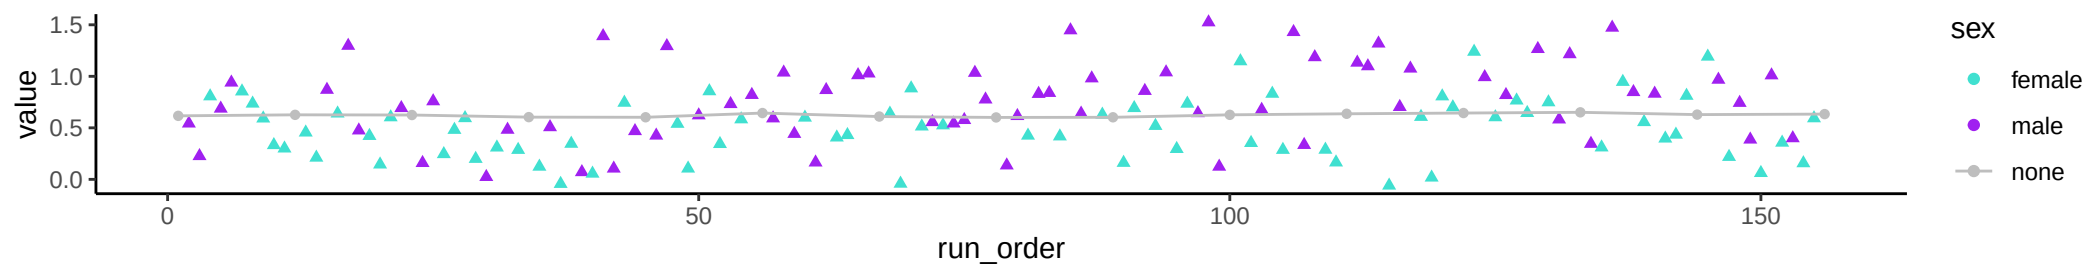

Compound: Hydrocinnamic Acid

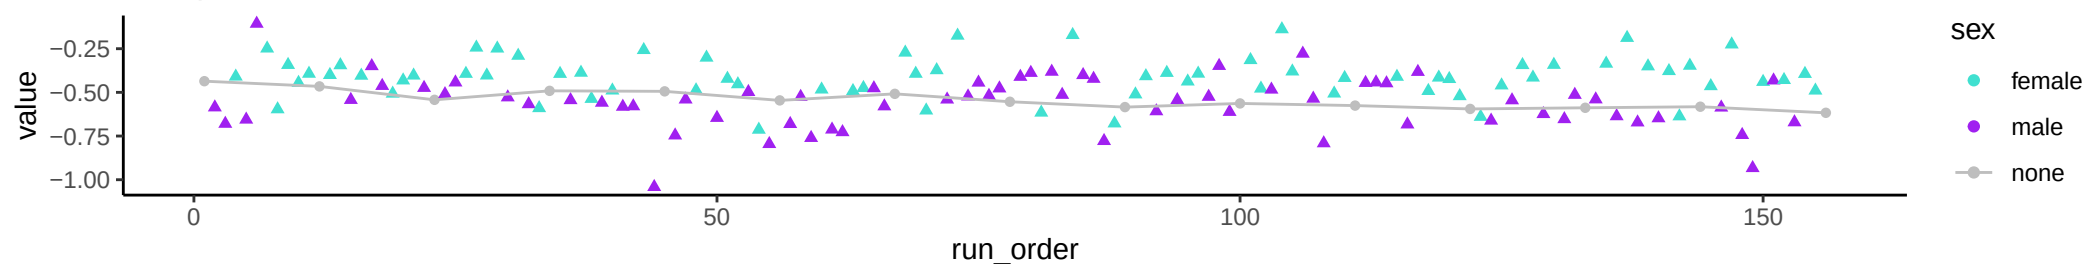

Compound: Hypotaurine

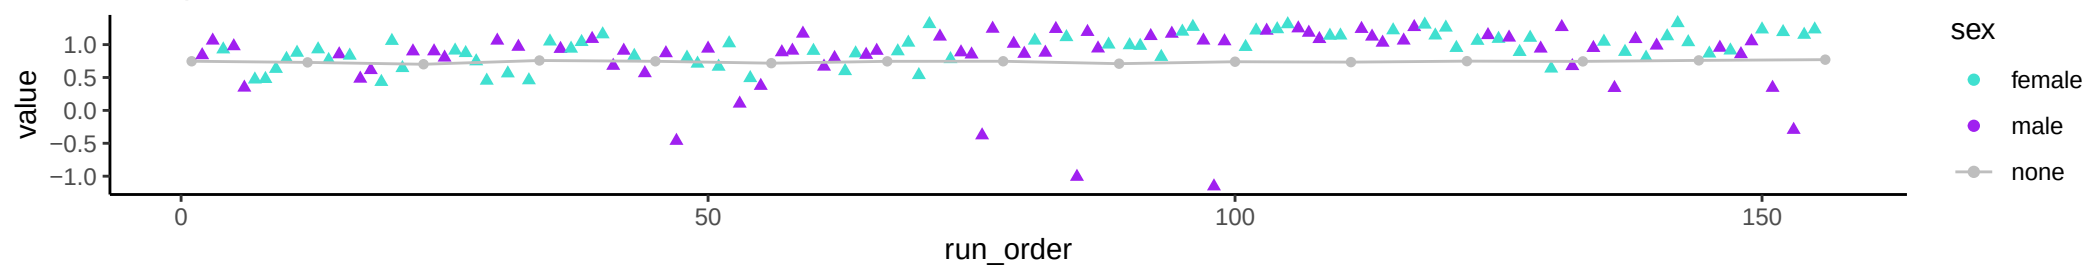

Compound: Hypoxanthine

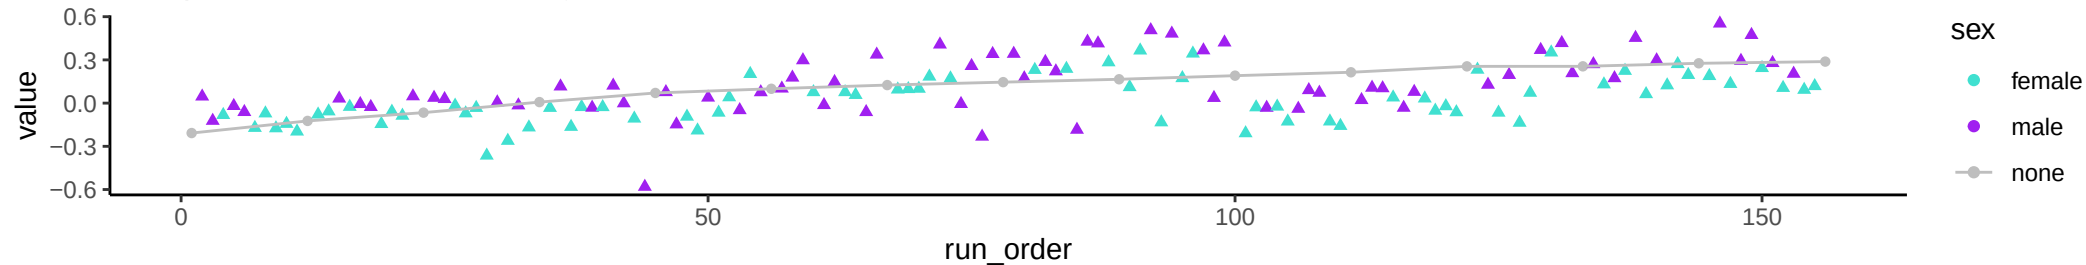

Compound: Imidazoleacetic Acid

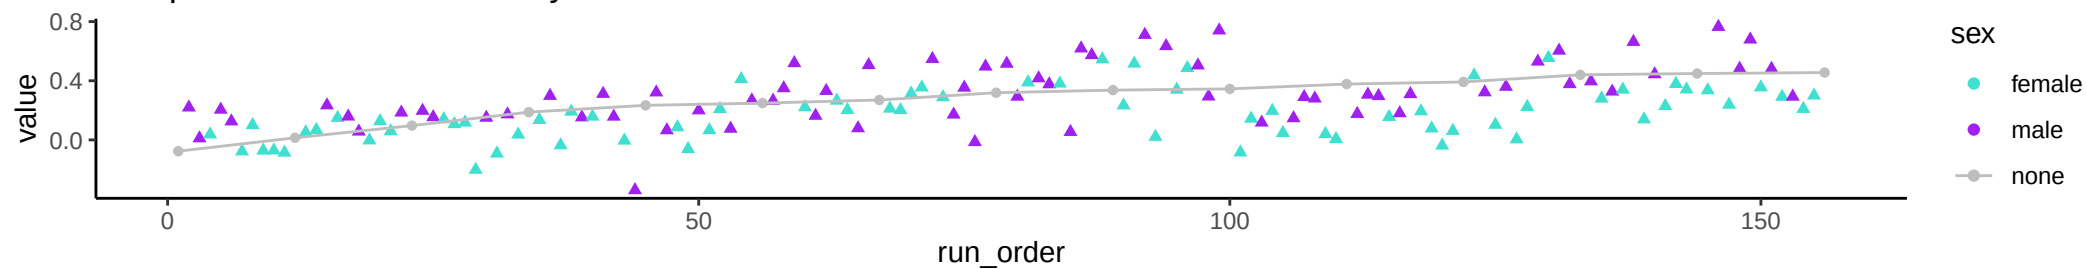

Compound: IMP

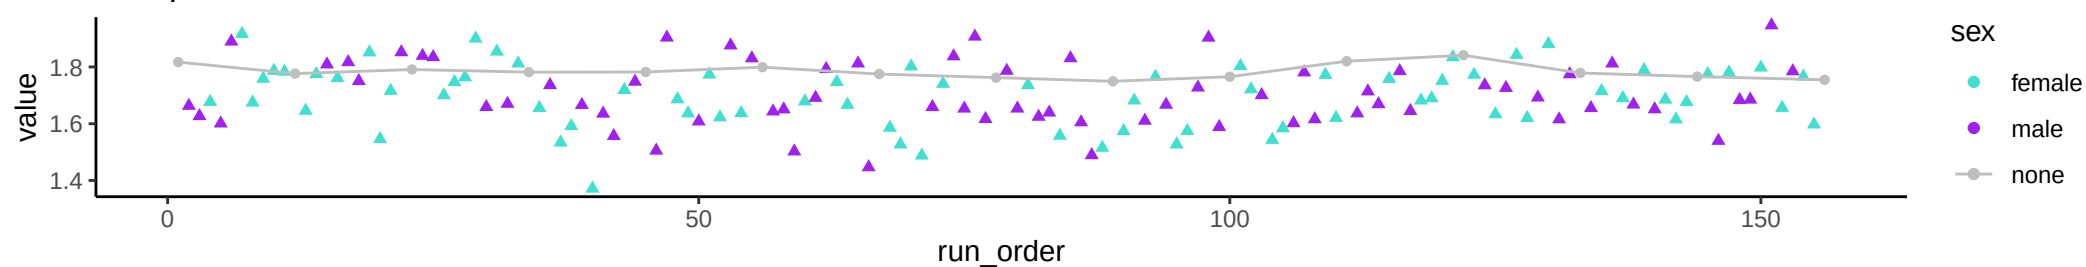

Compound: Indole-2-Carboxylic Acid

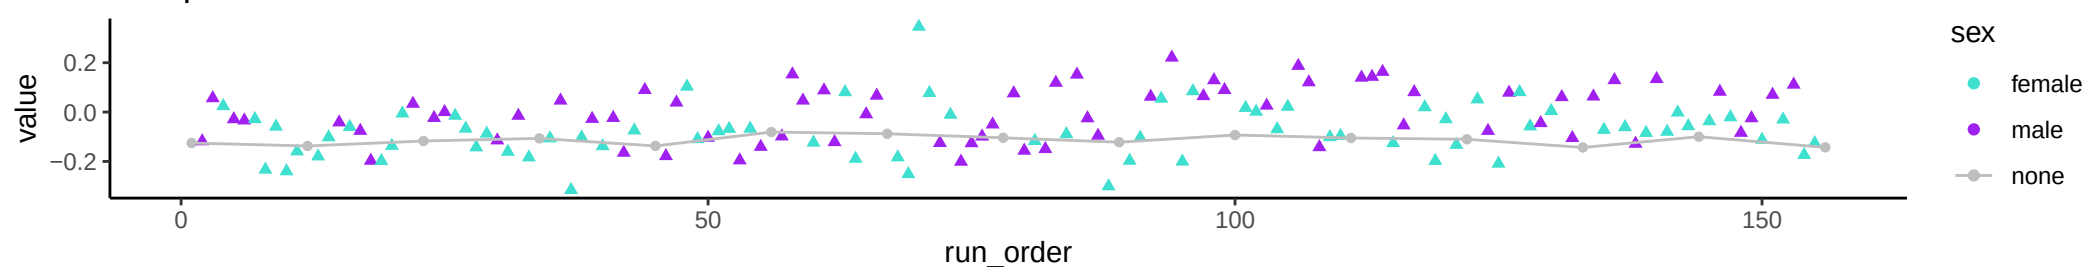

Compound: Indole-3-Carboxylic Acid

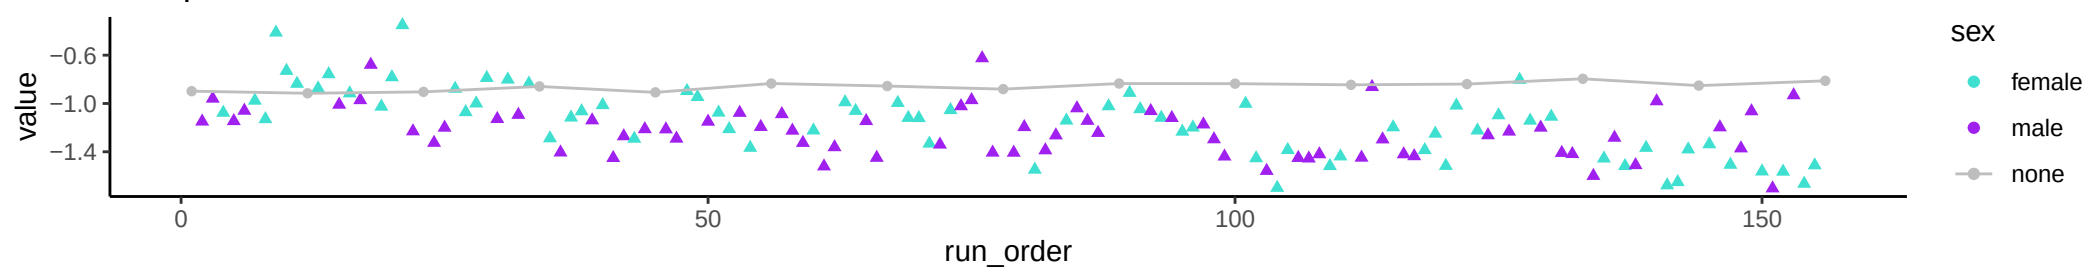

Compound: Inosine

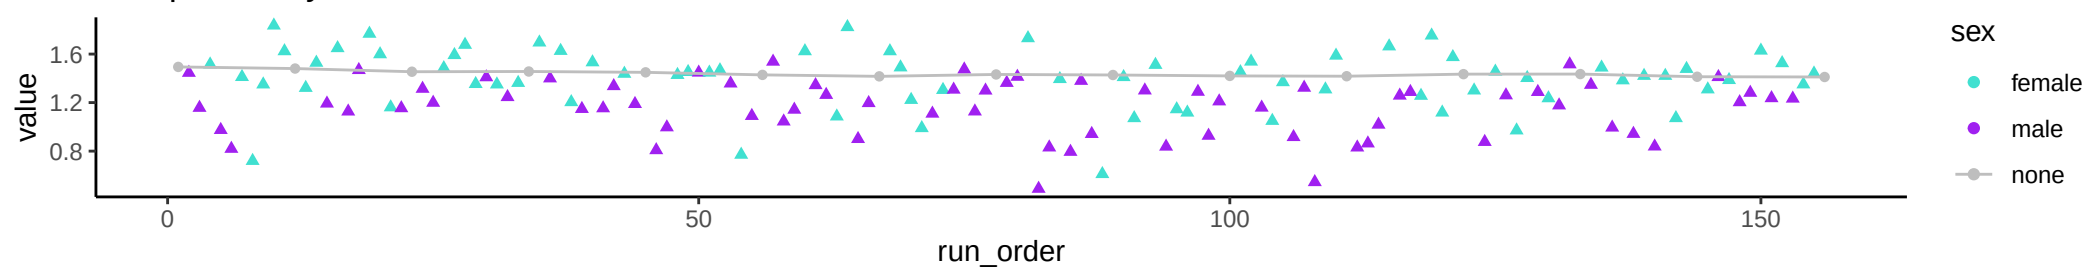

Compound: iso-Leucine /allo-isoLeucine

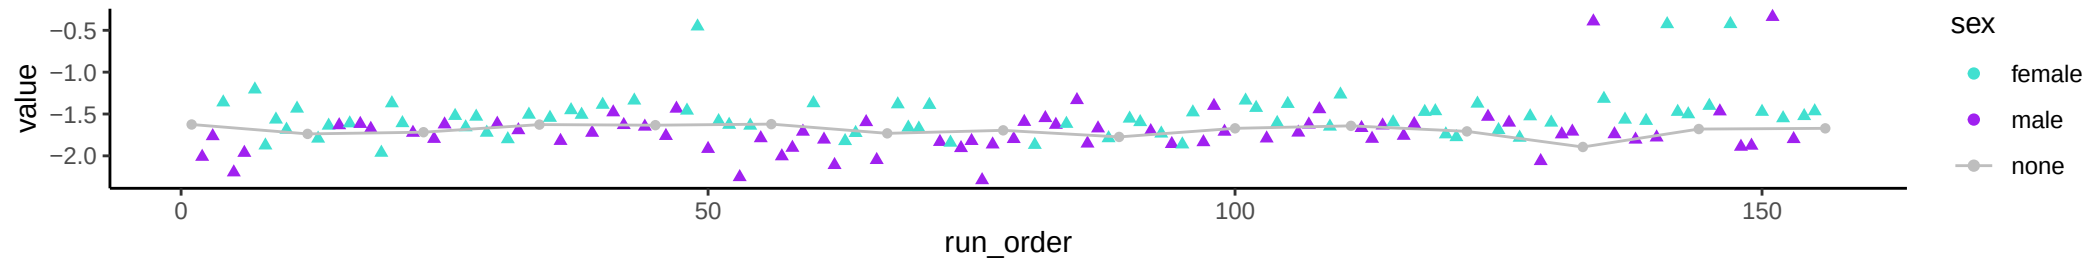

Compound: isoValeric Acid /3-Oxobutanoic Acid/4-Oxobutanoic Acid

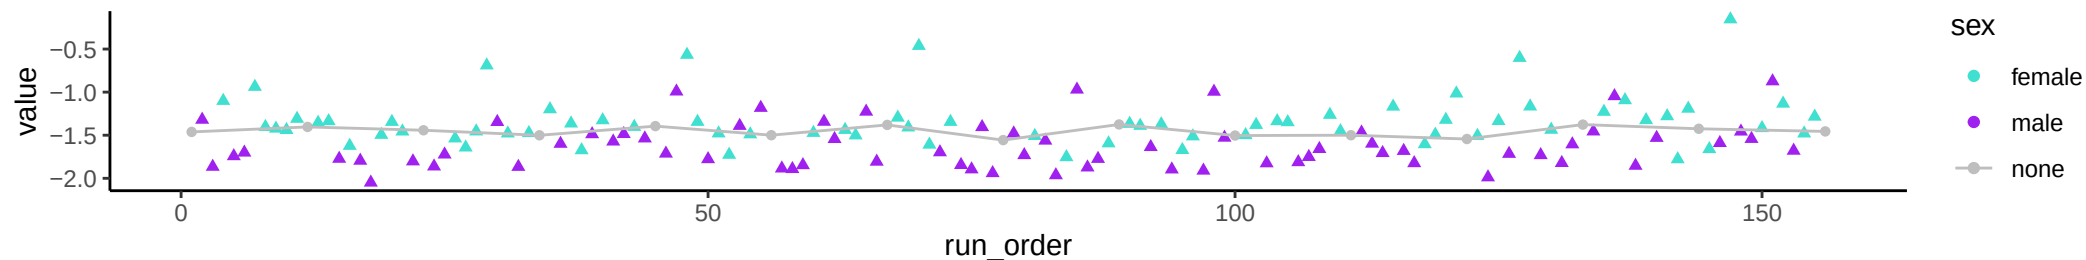

Compound: Kynurenic Acid

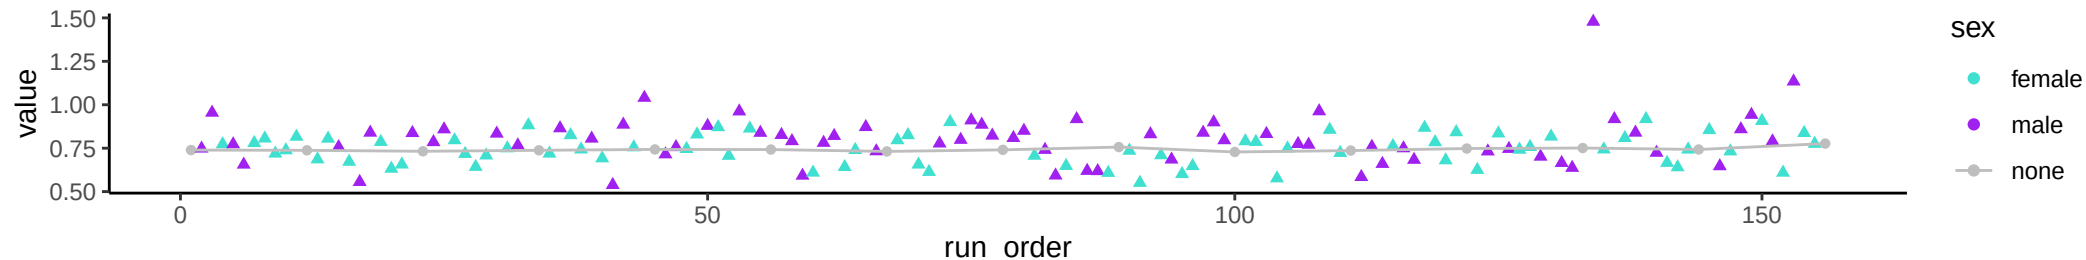

Compound: L-2-Aminobutyric Acid

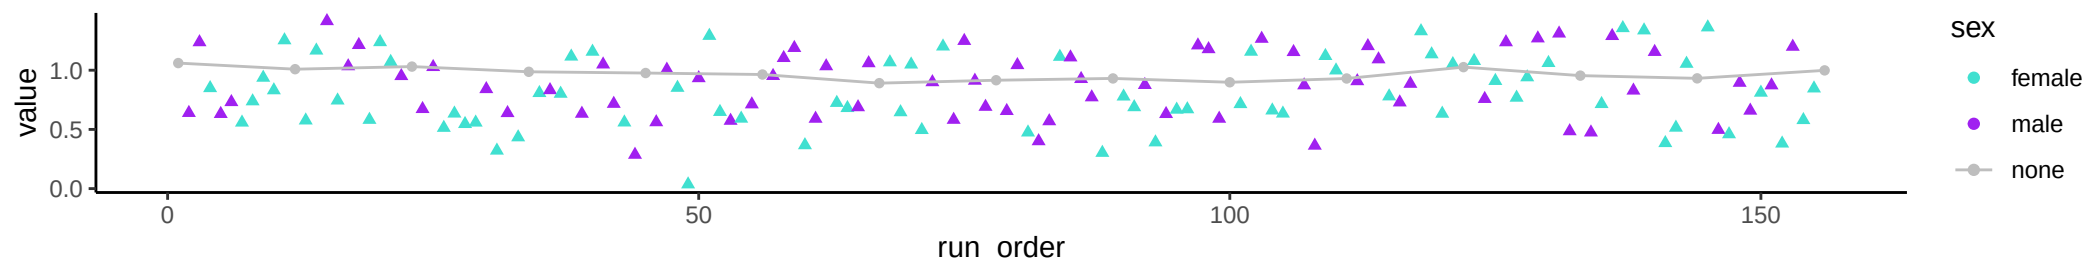

Compound: L-Kynurenine

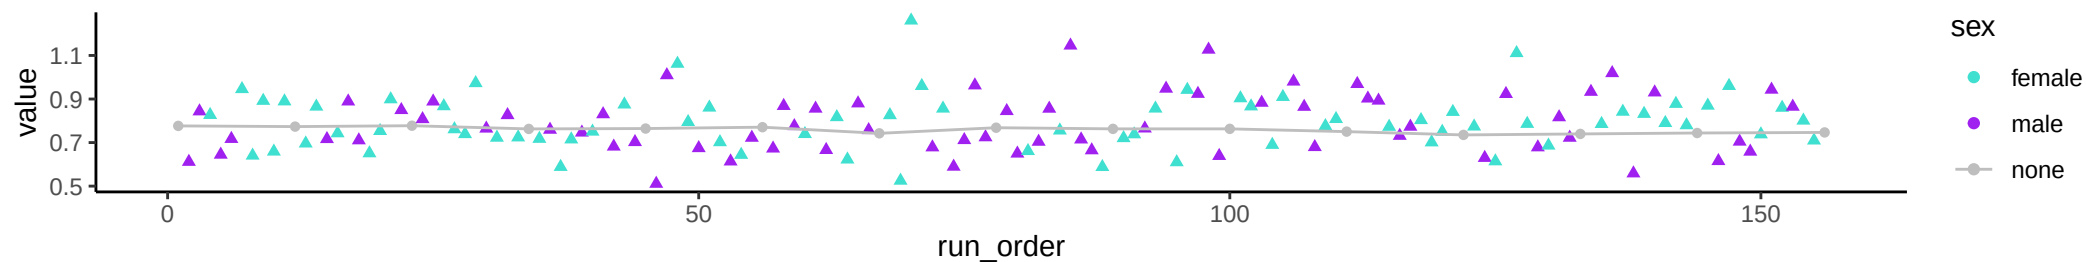

Compound: Lactate

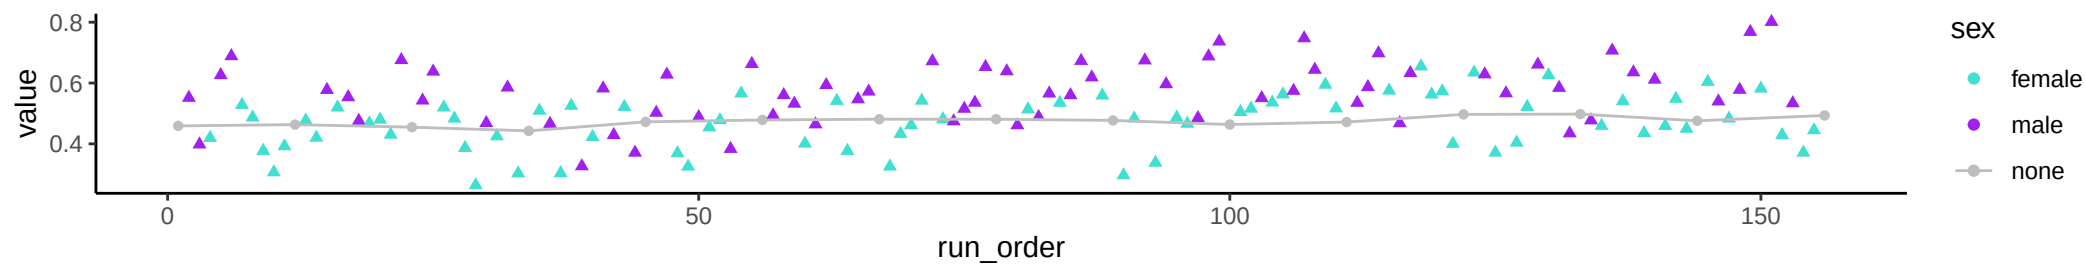

Compound: Lactose/Trehalose

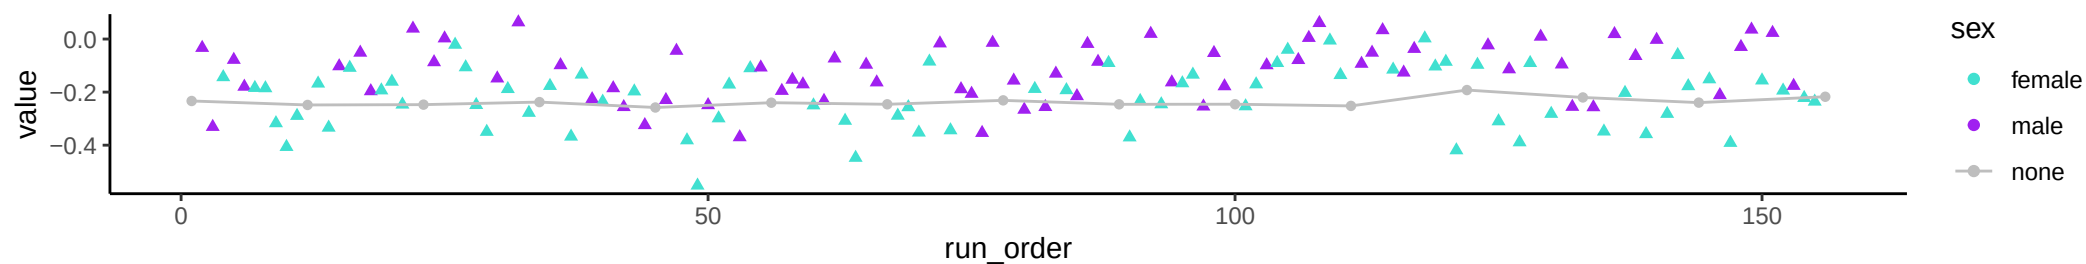

Compound: Leucine /D-Norleucine

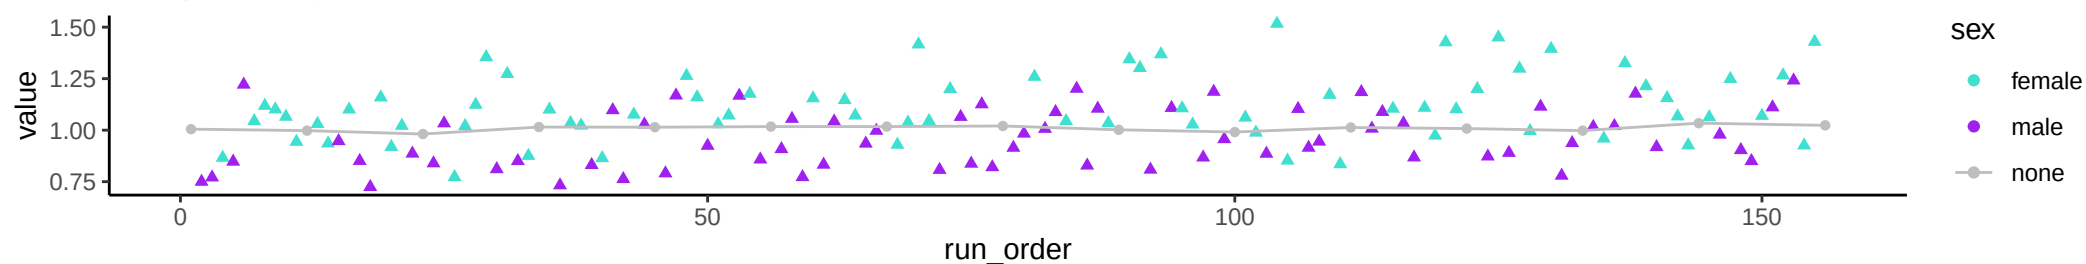

Compound: Linoleic Acid

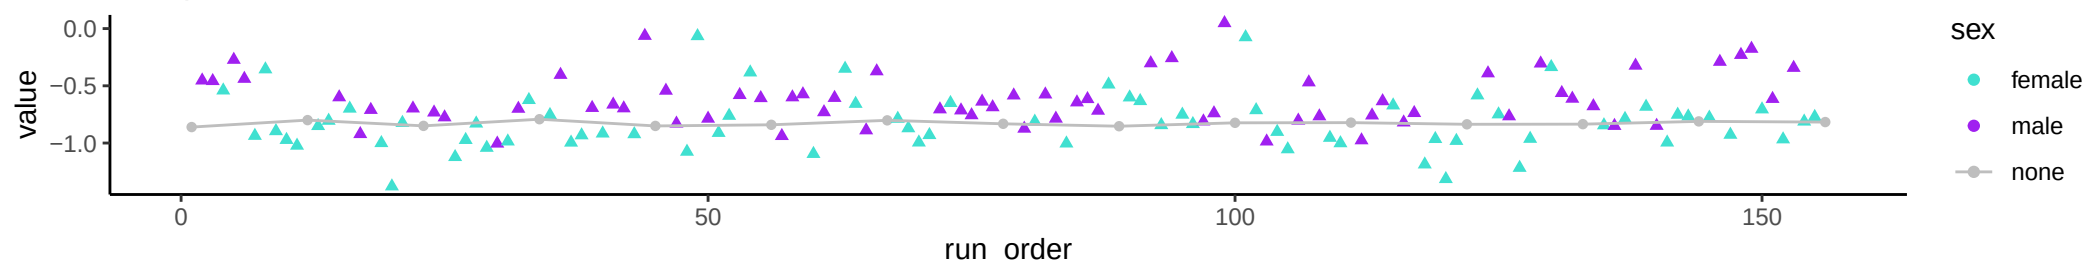

Compound: Linolenic Acid

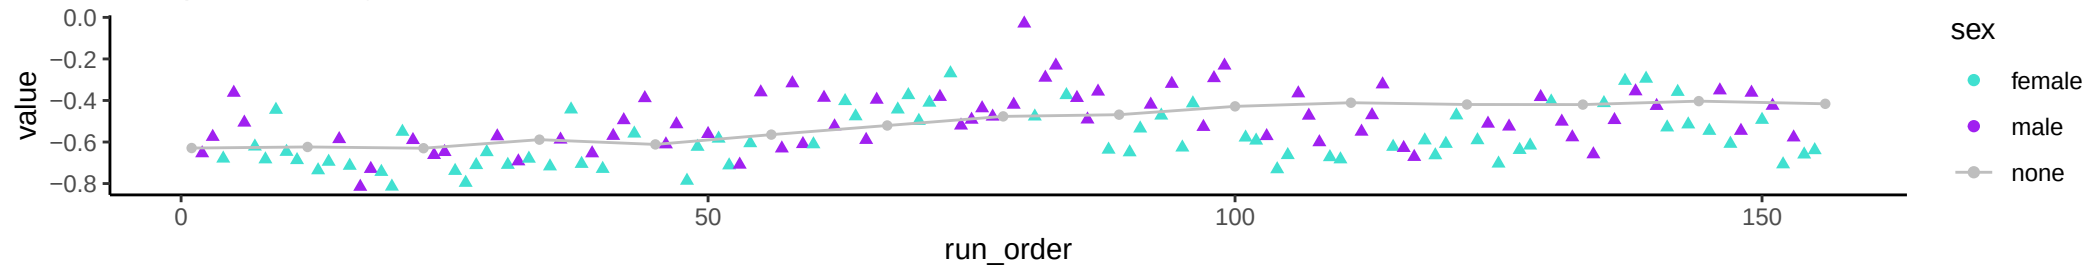

Compound: Lysine

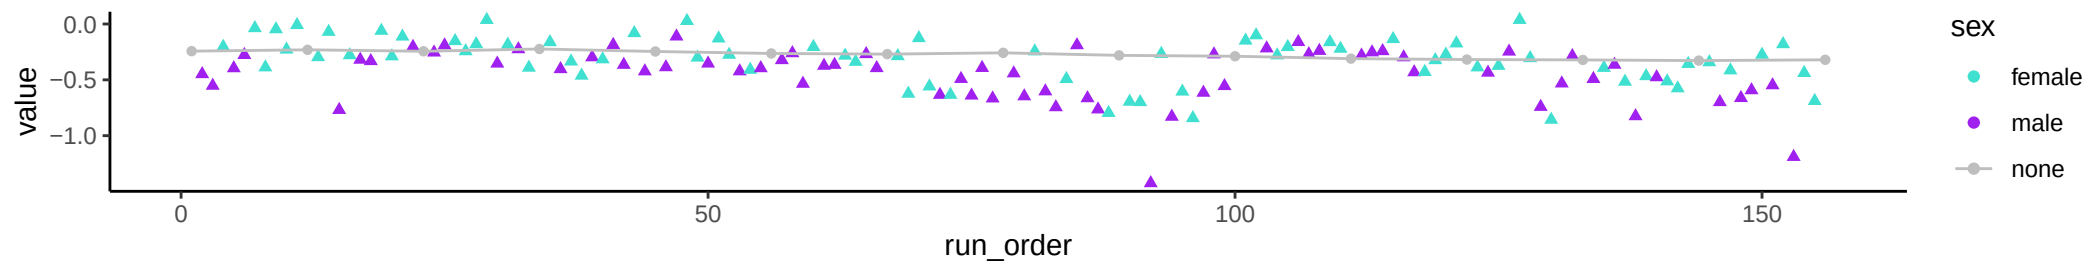

Compound: Maleic Acid

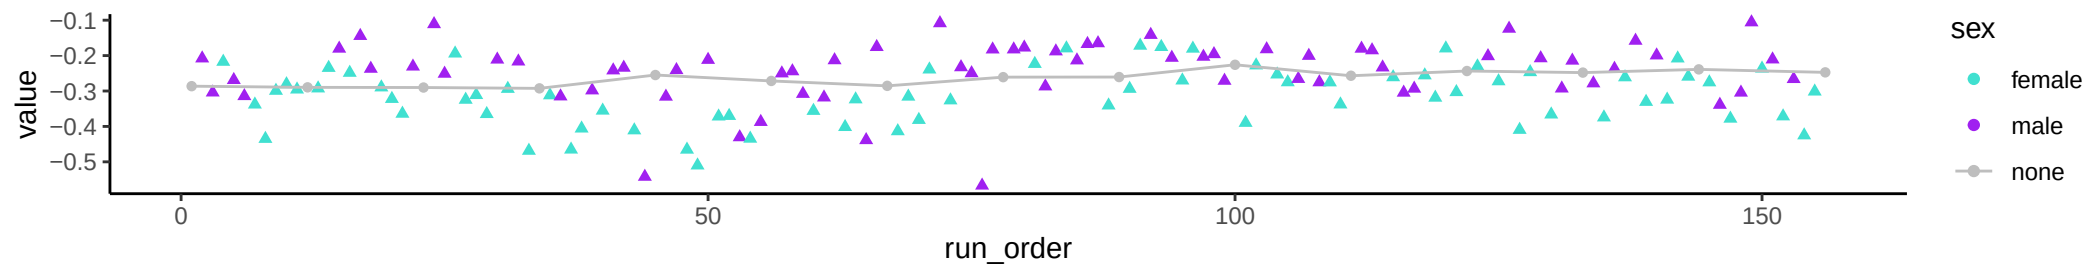

Compound: Margarinic Acid

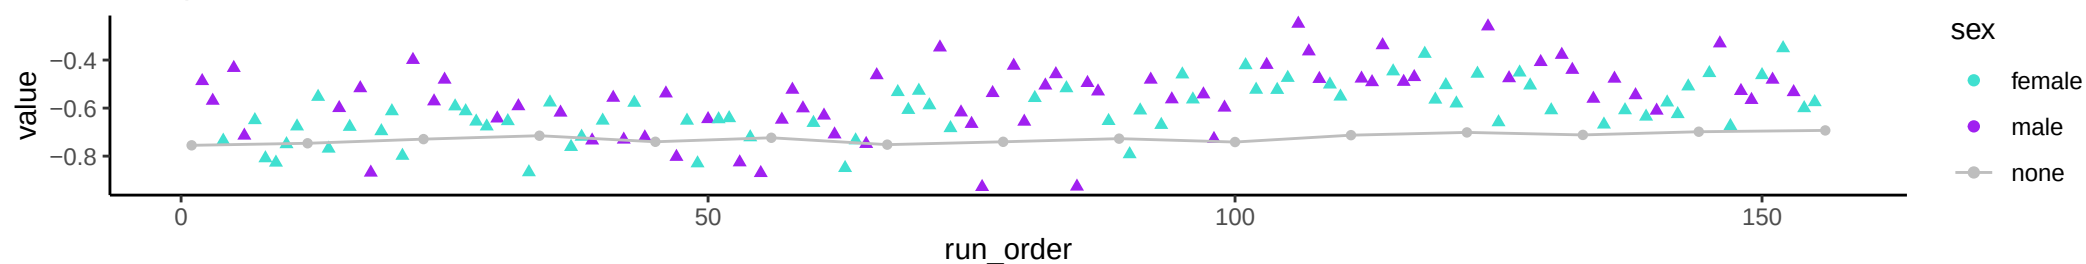

Compound: Methionine

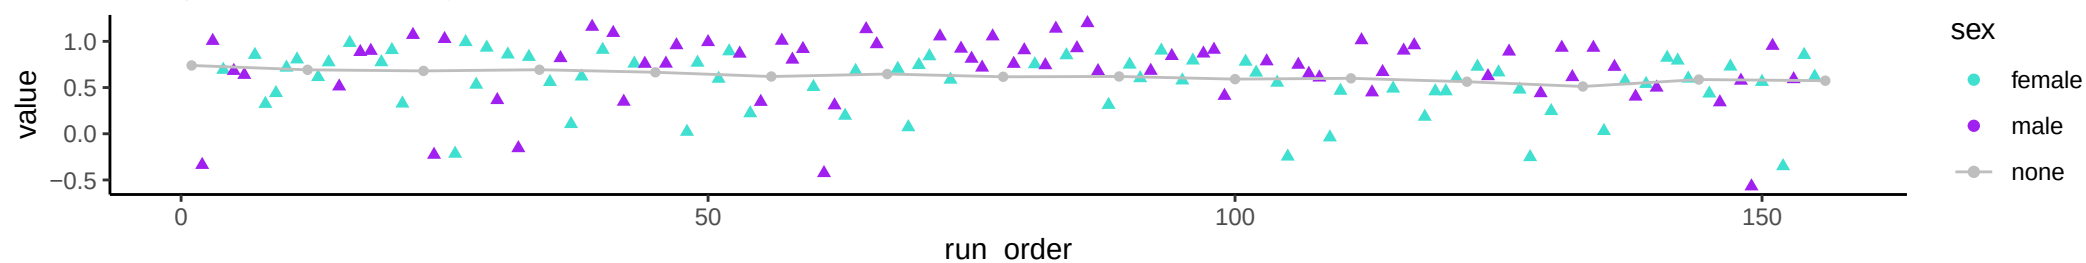

Compound: Myristic Acid

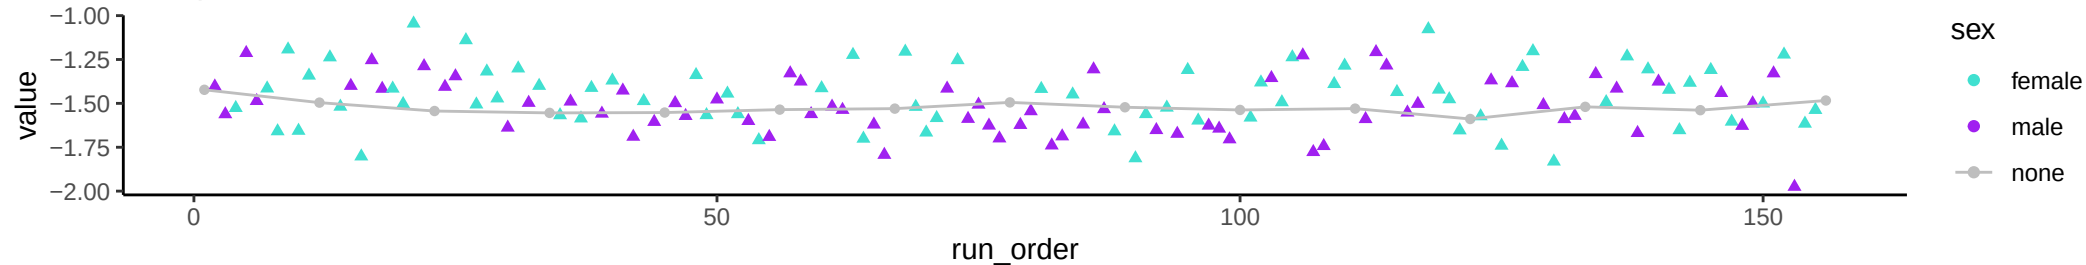

Compound: N-Ac-Alanine

Compound: N-Ac-Arginine

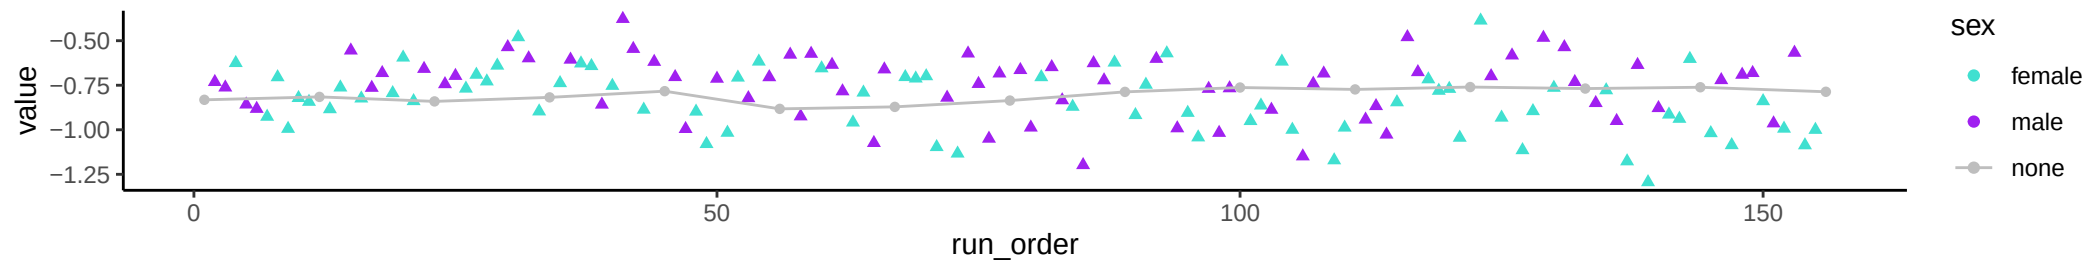

Compound: N-Ac-L-Glutamine

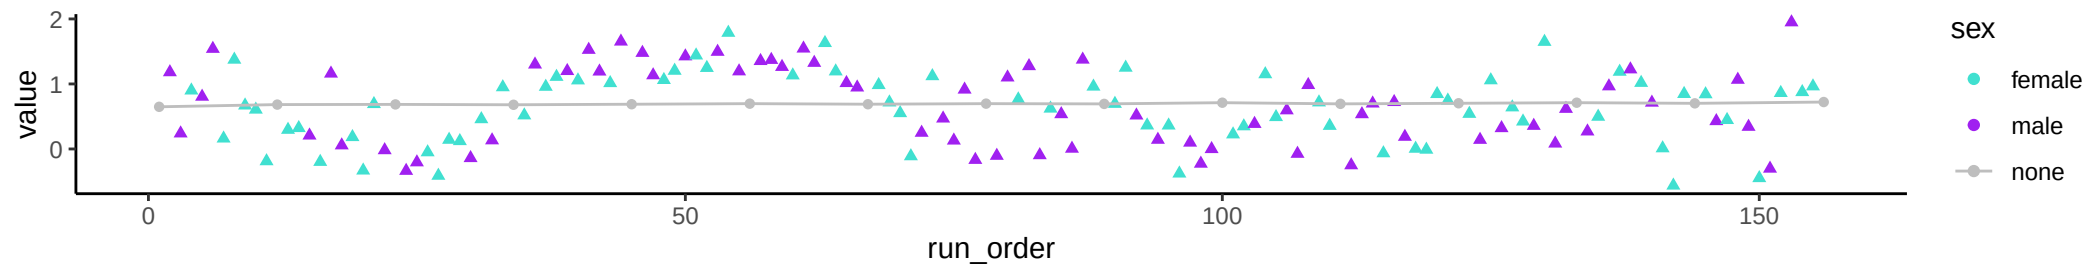

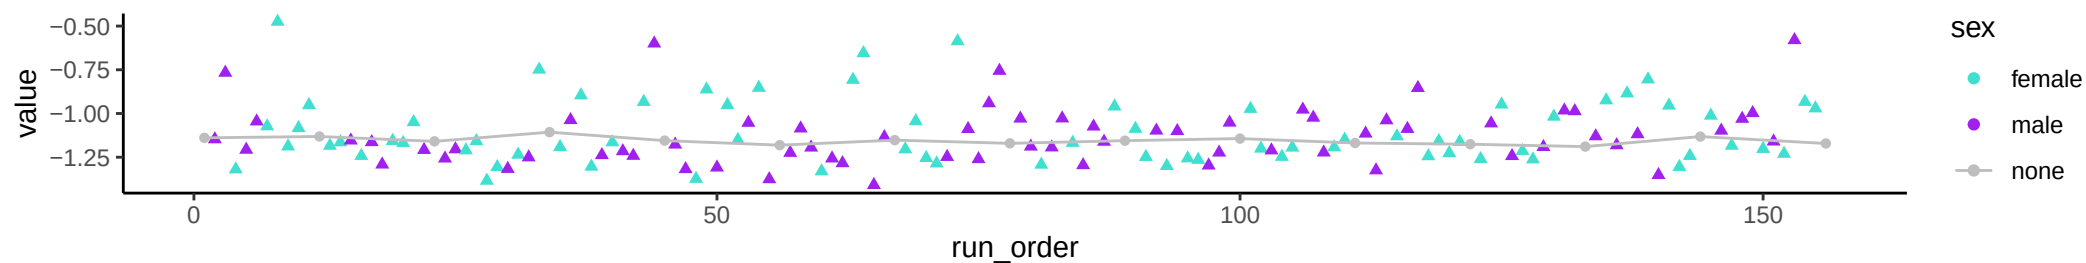

Compound: N-Ac-Phenylalanine

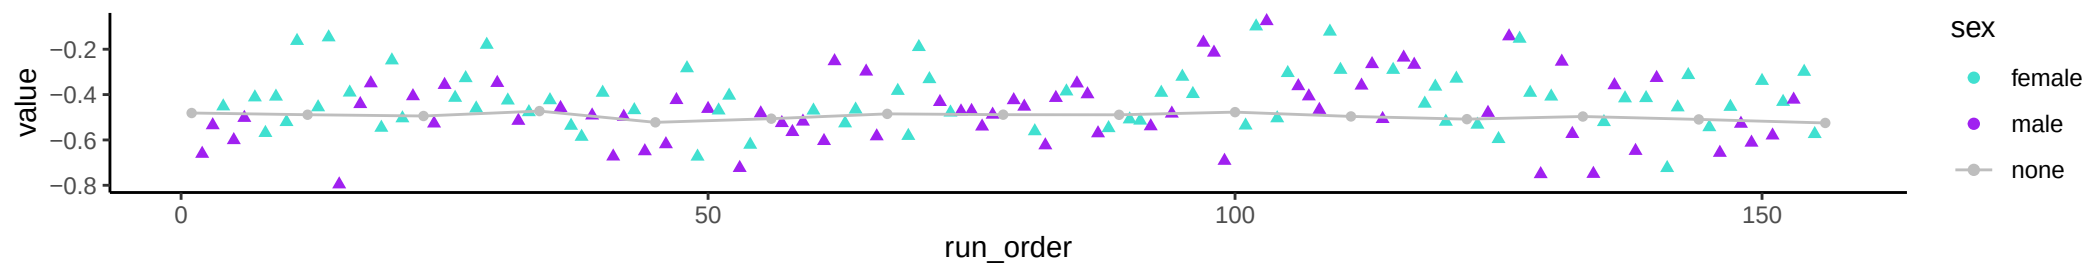

Compound: N-Acetyl-Aspartate (NAA)

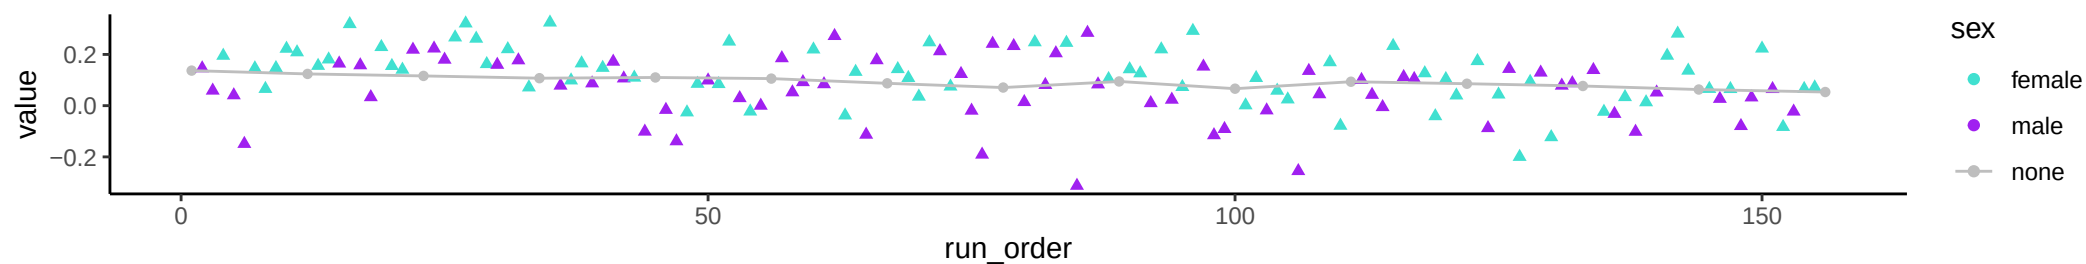

Compound: N-AcetylGlycine

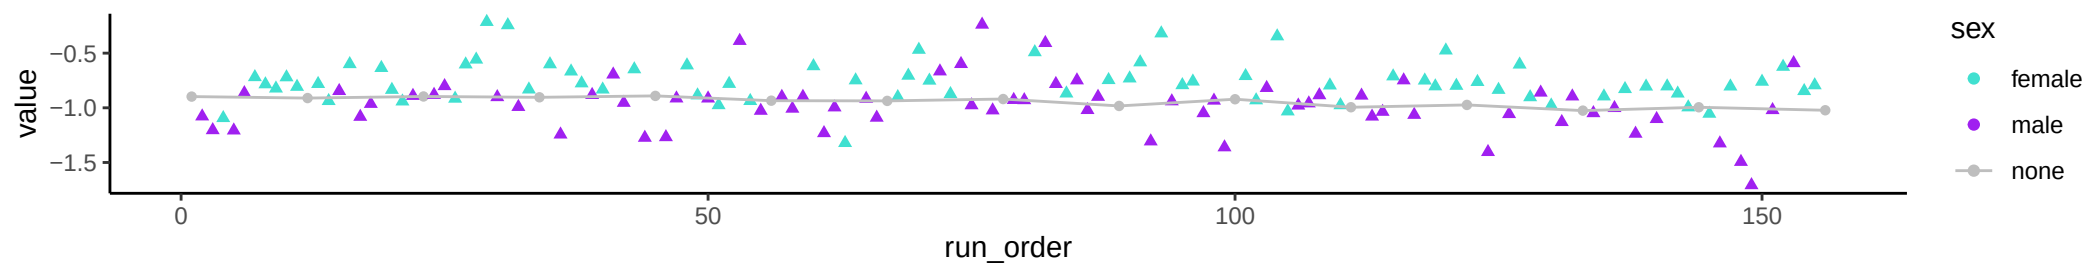

Compound: n-Glycylproline

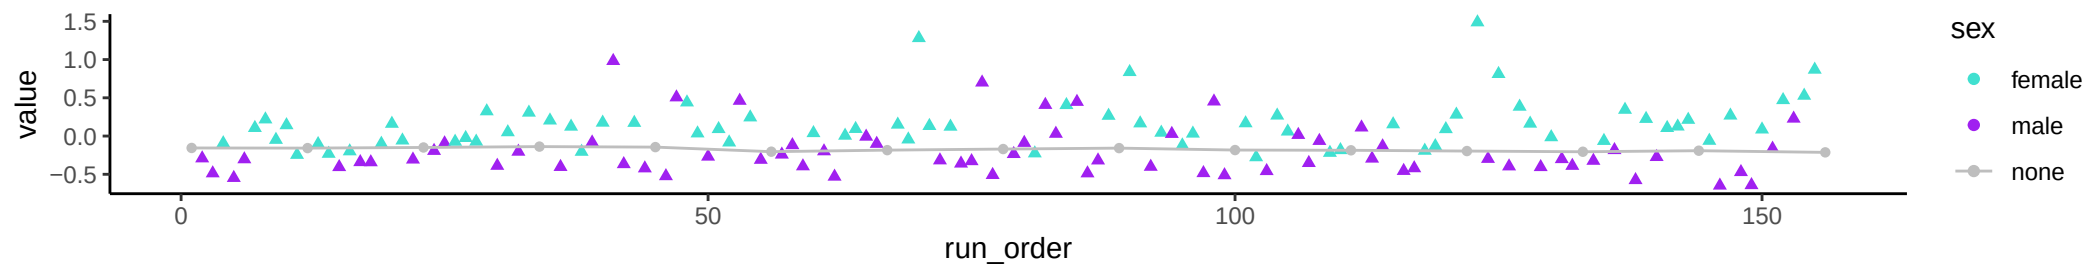

Compound: N2,N2-Dimethylguanosine

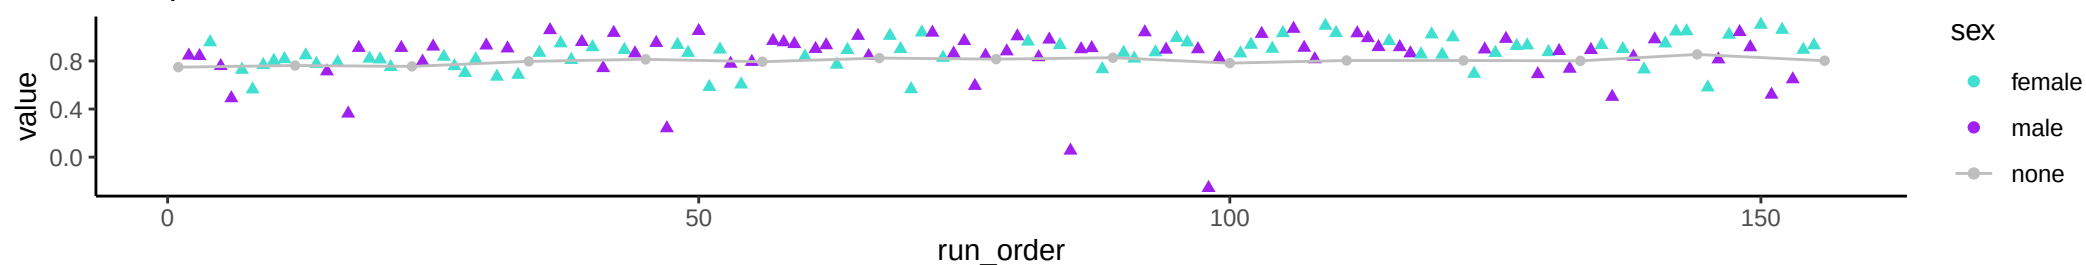

Compound: N6-Acetyl-Lysine

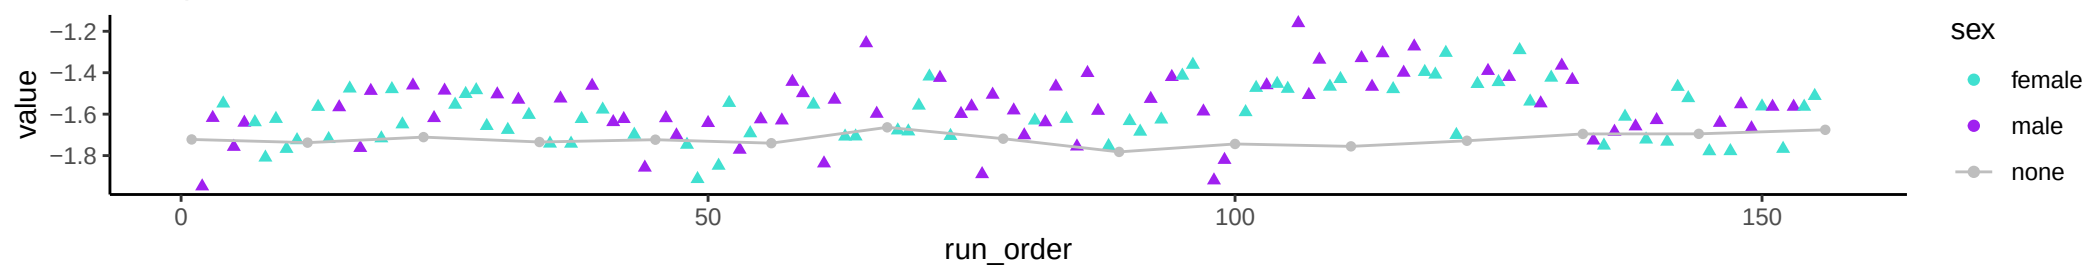

Compound: N6-Trimethyllysine

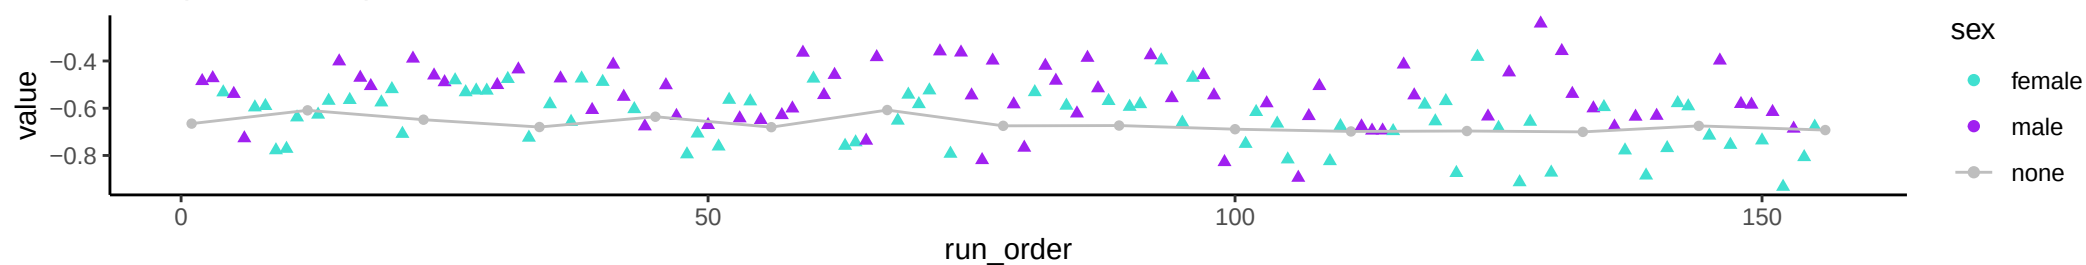

Compound: NAD

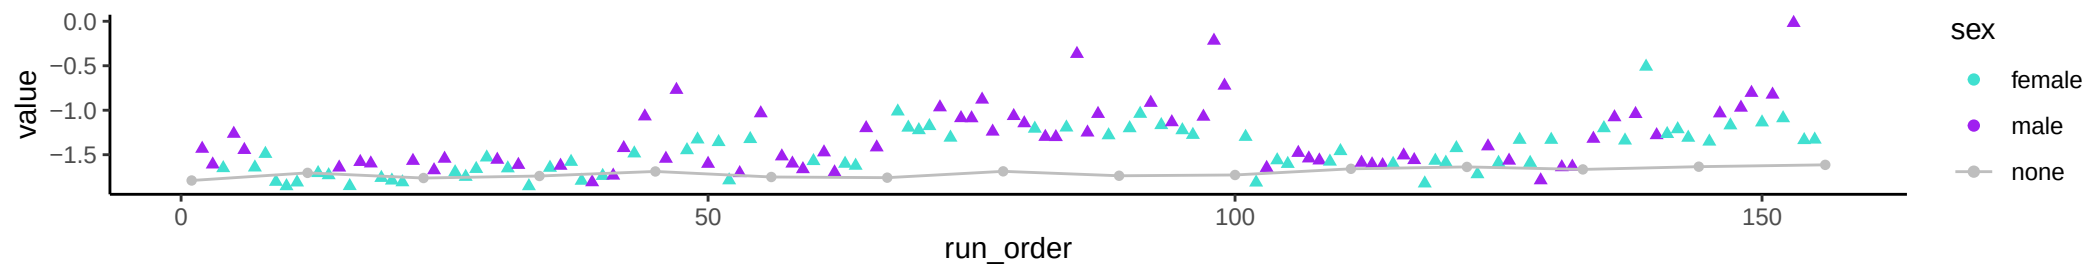

Compound: NADH

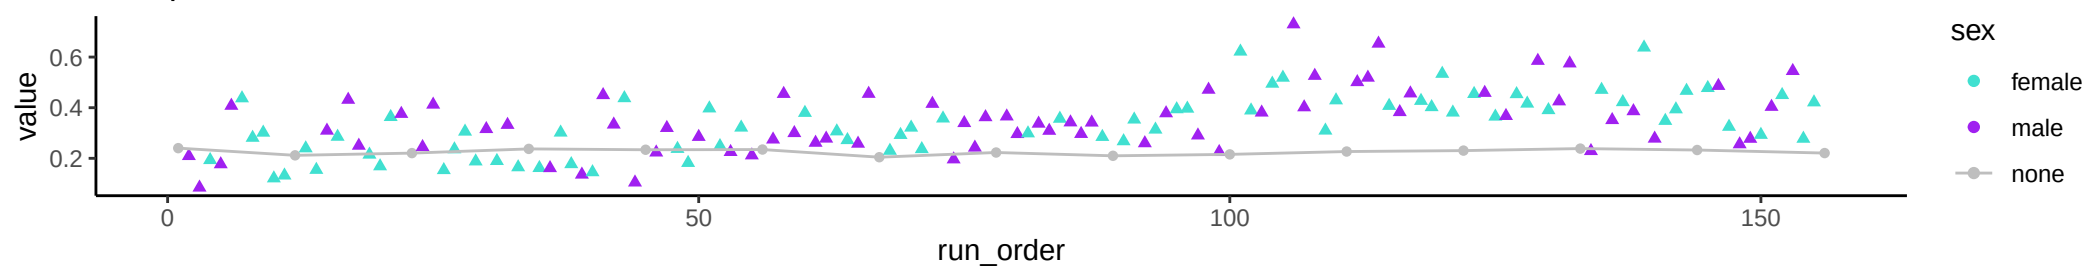

Compound: Neopterin

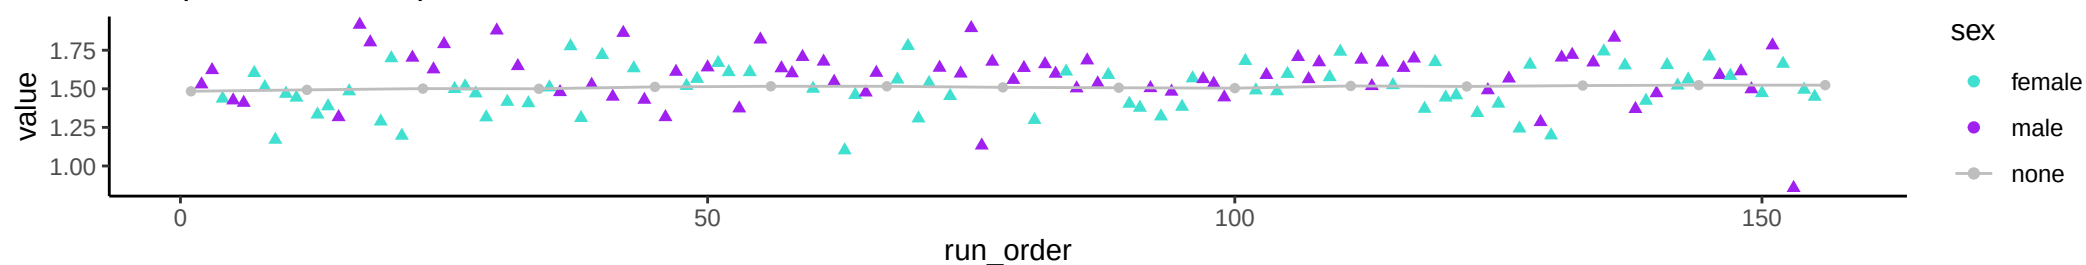

Compound: Niacinamide

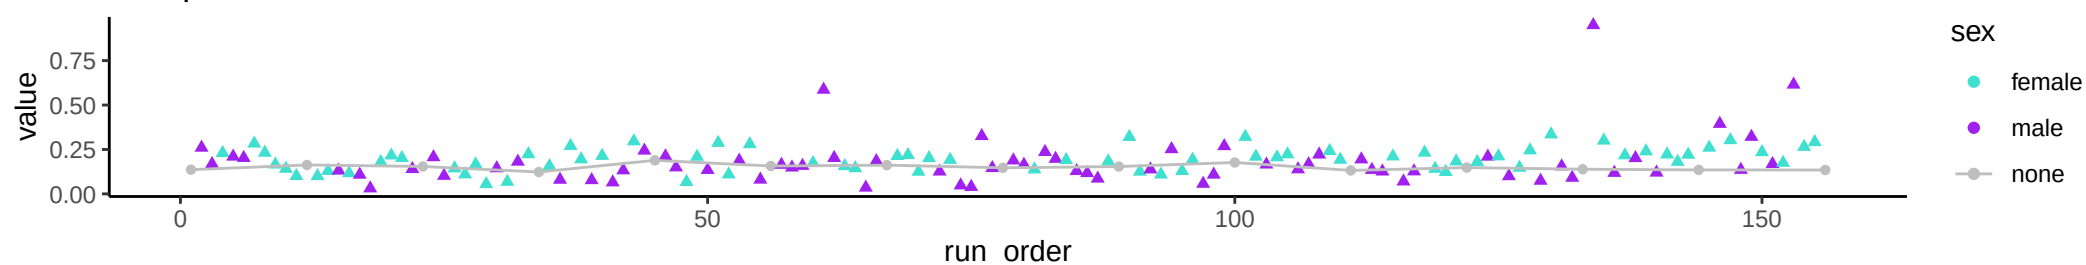

Compound: Nicotinic Acid

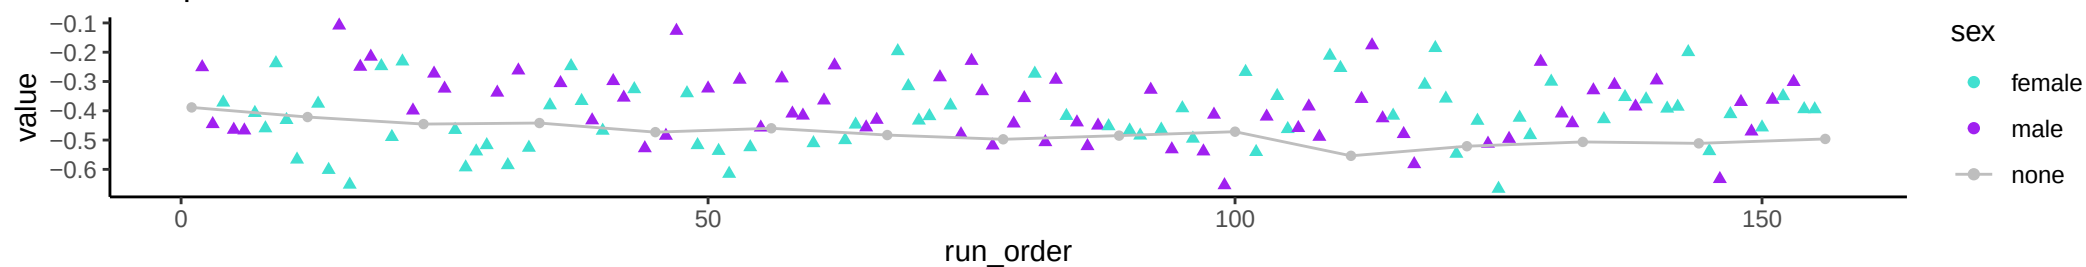

Compound: o-Phosphoethanolamine

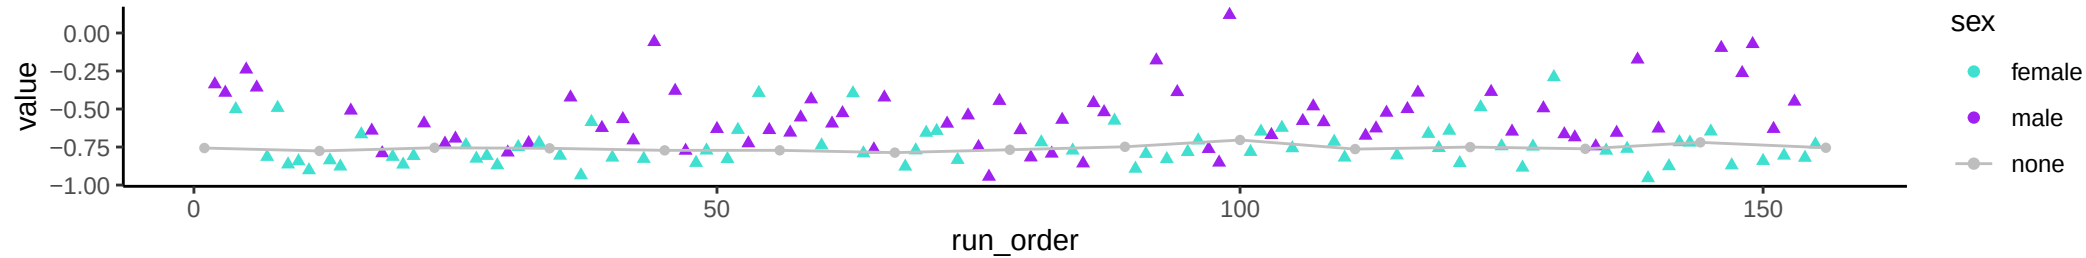

Compound: Ornithine

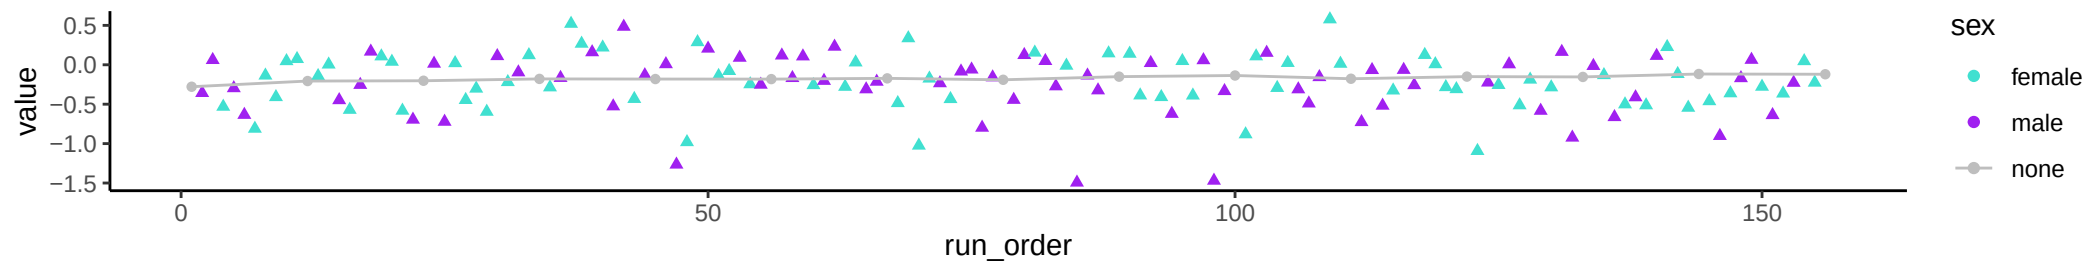

Compound: Orotate

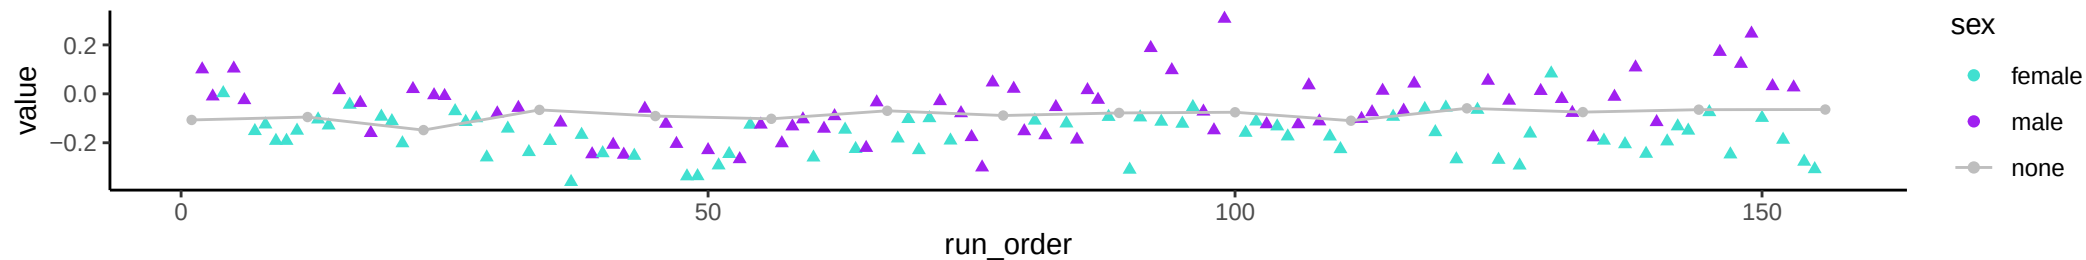

Compound: Oxalacetate

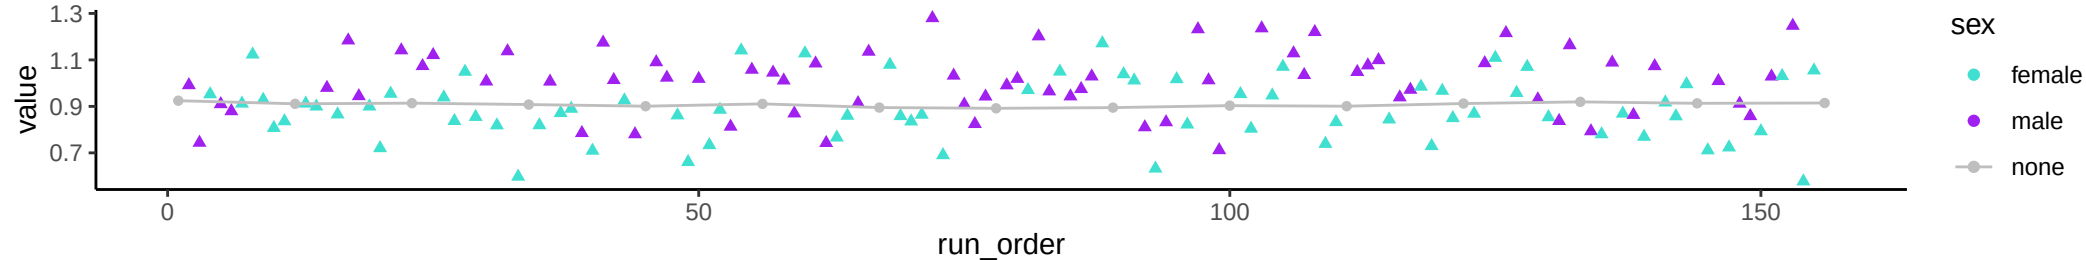

Compound: Oxidized Glutathione

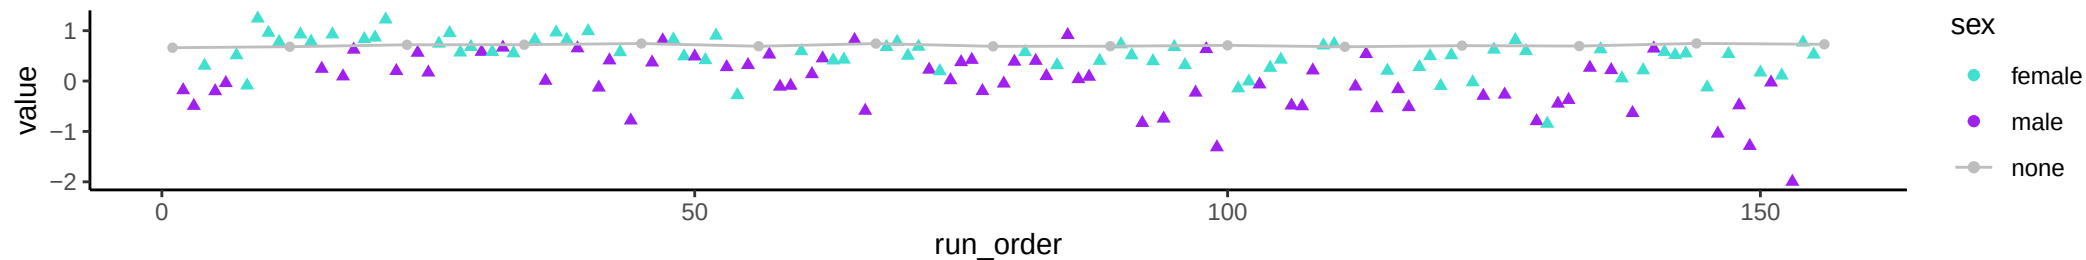

Compound: Palmitic Acid

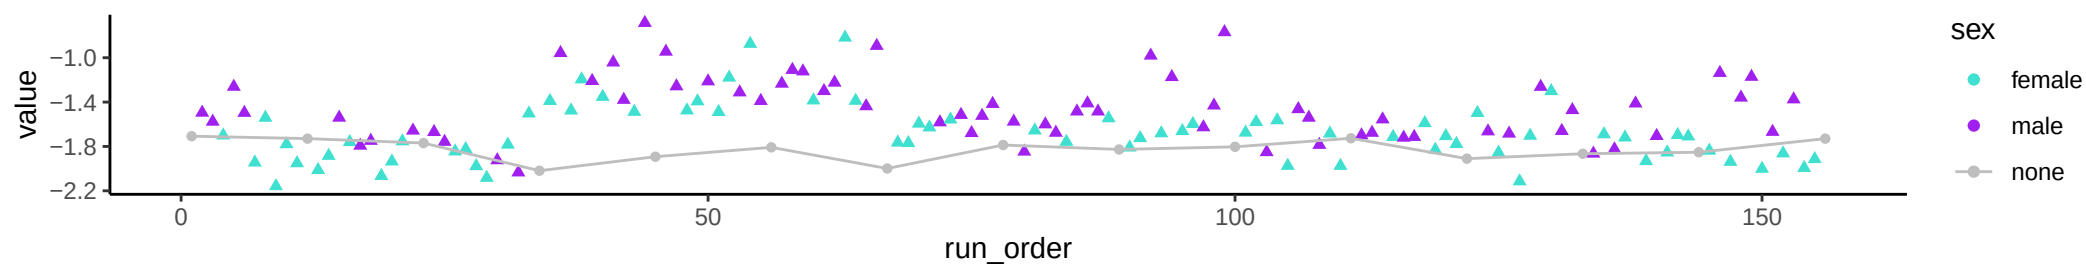

Compound: Pantothenate

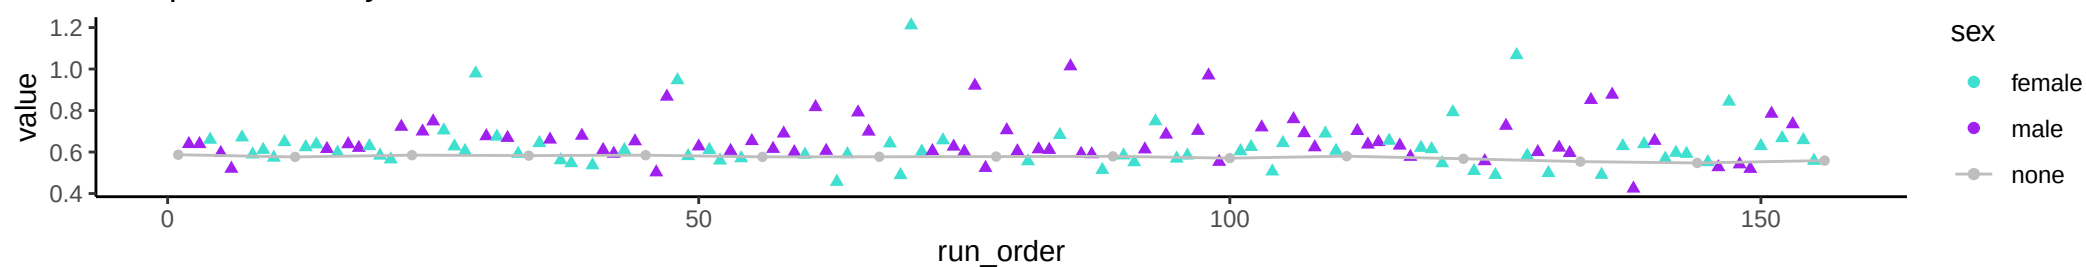

Compound: PEP

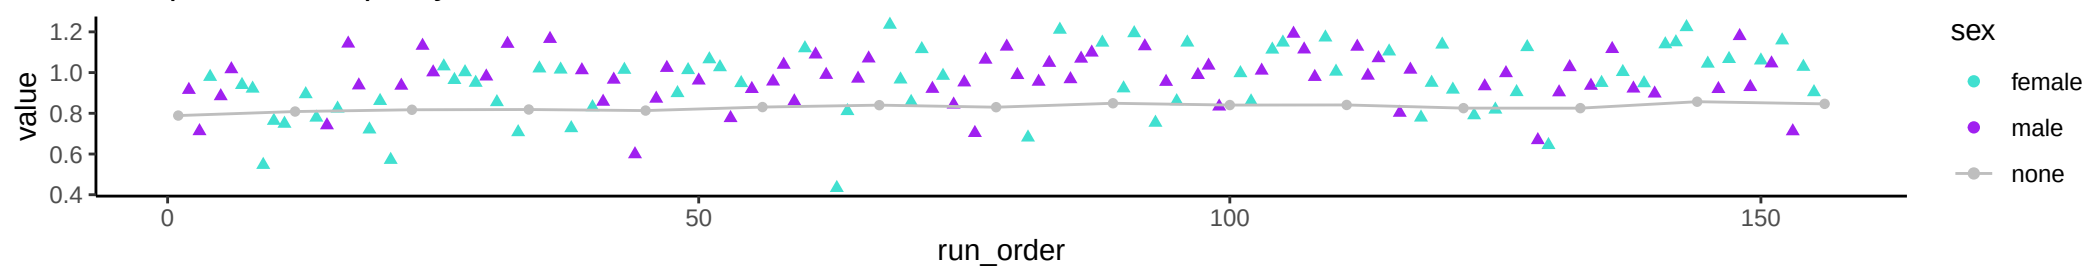

Compound: Phenylacetic Acid

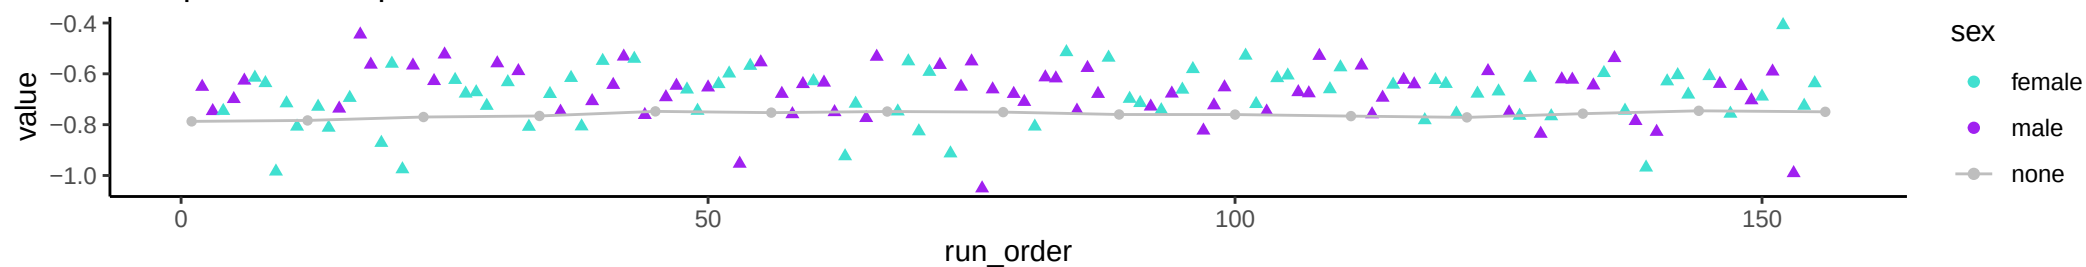

Compound: Phenylalanine

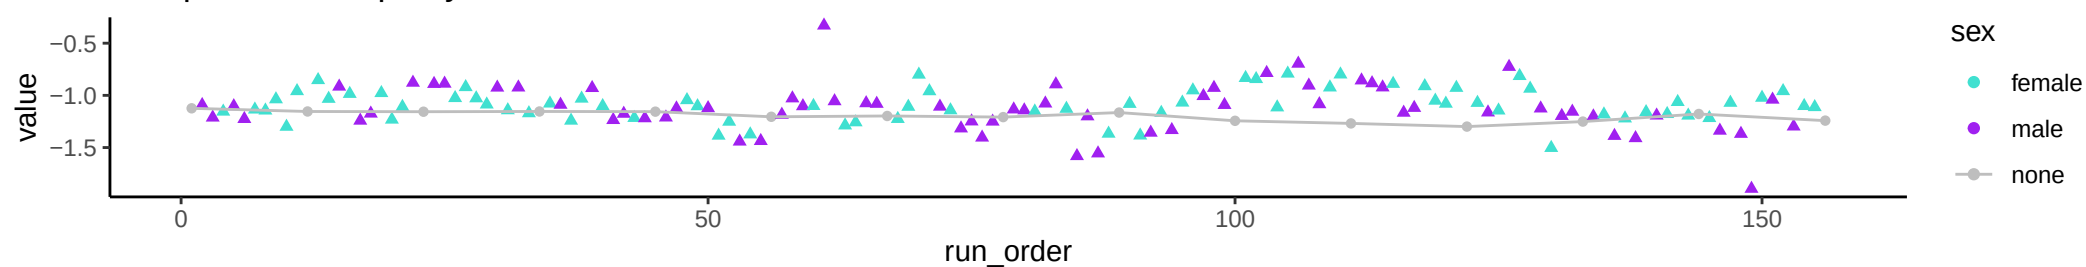

Compound: Phosphorylcholine

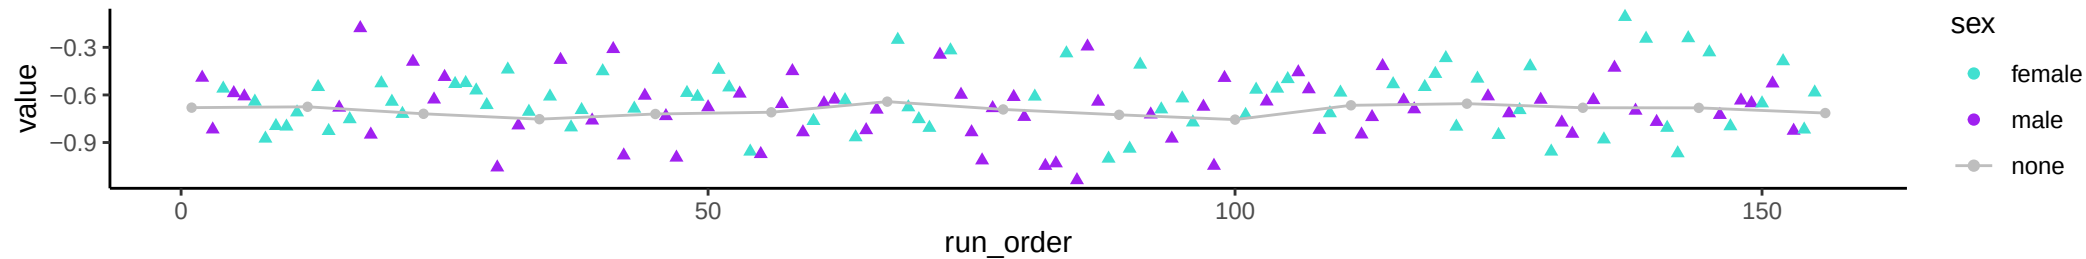

Compound: Phosphoserine

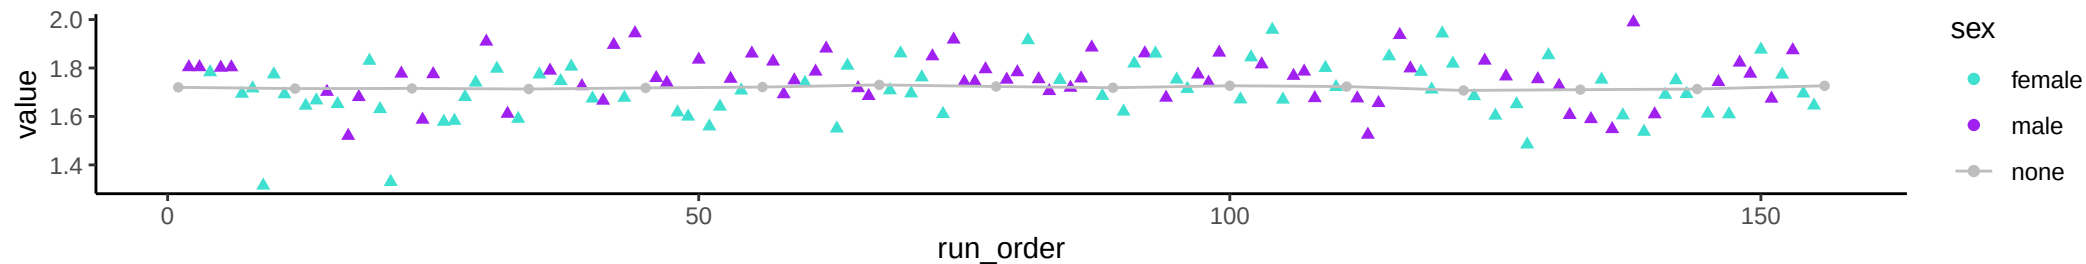

Compound: Phosphotyrosine

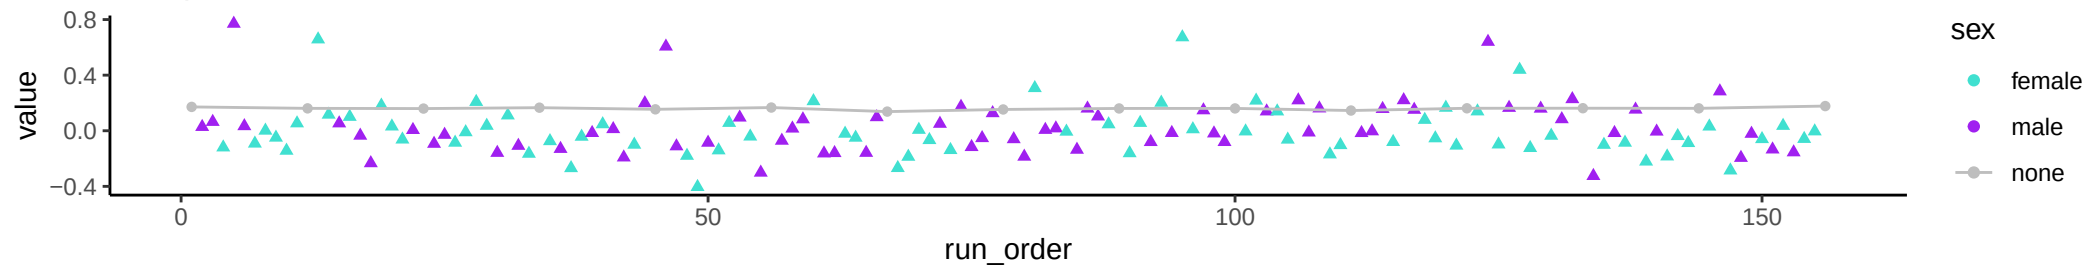

Compound: Pipecolate

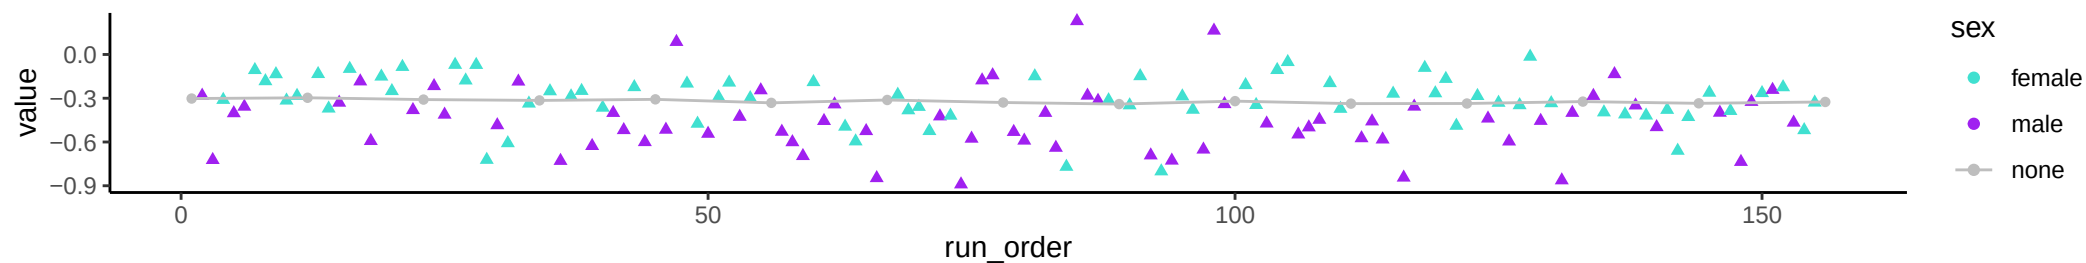

Compound: Proline

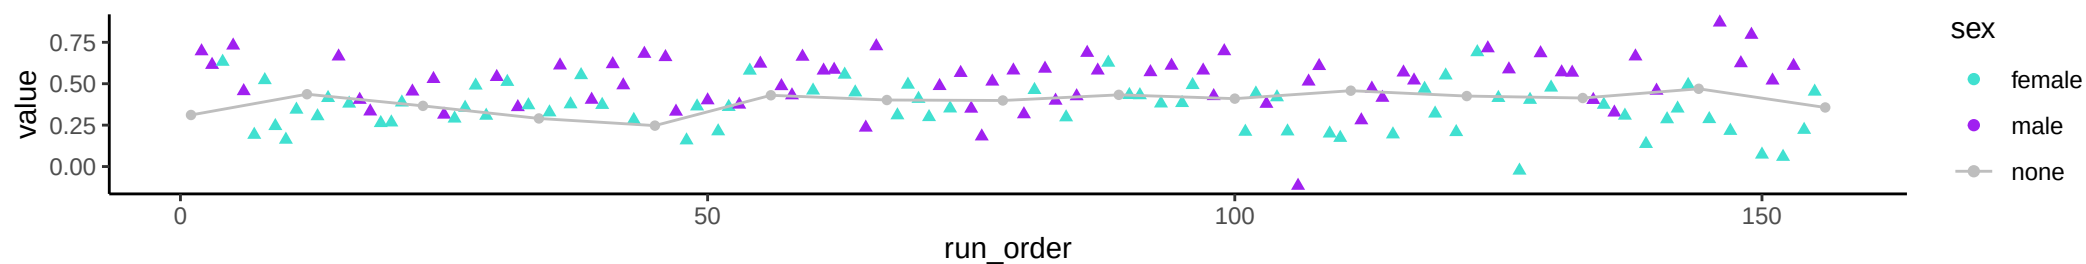

Compound: Pseudouridine

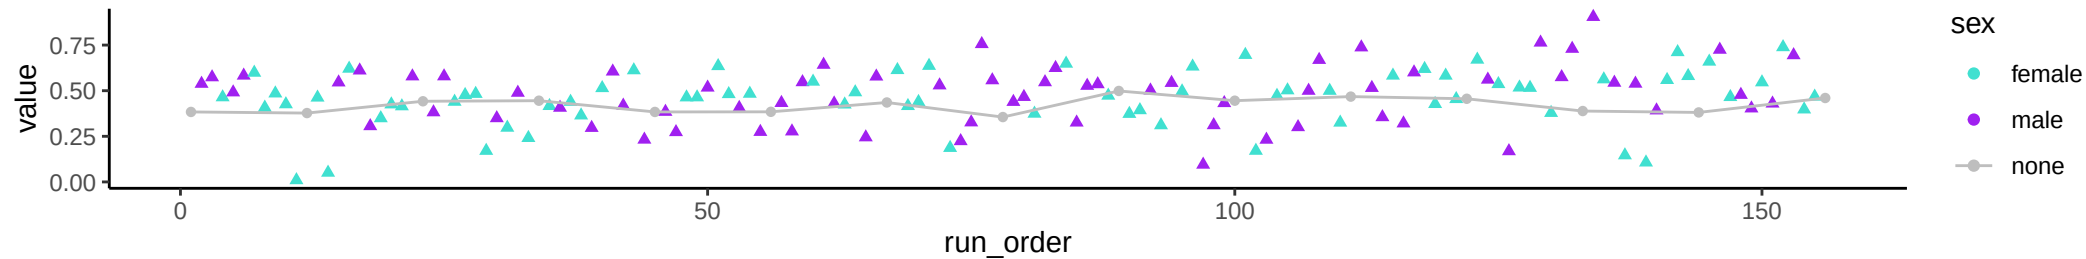

Compound: Putrescine

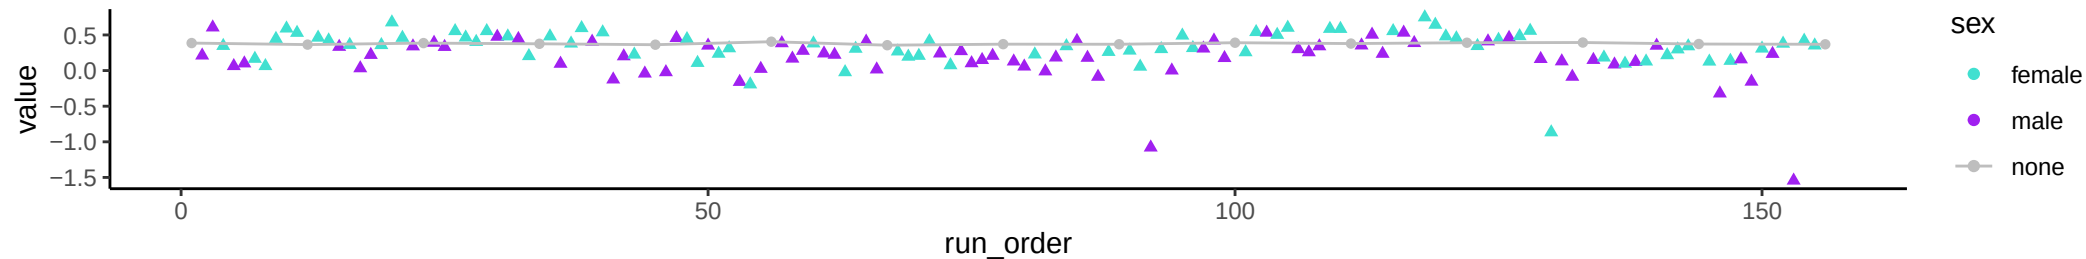

Compound: Pyridoxamine

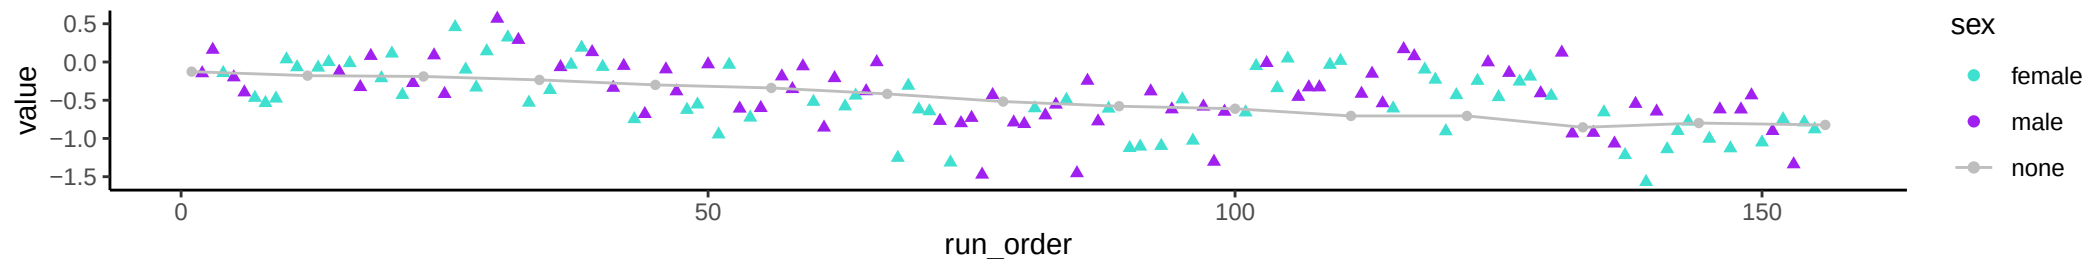

Compound: Pyroglutamic Acid

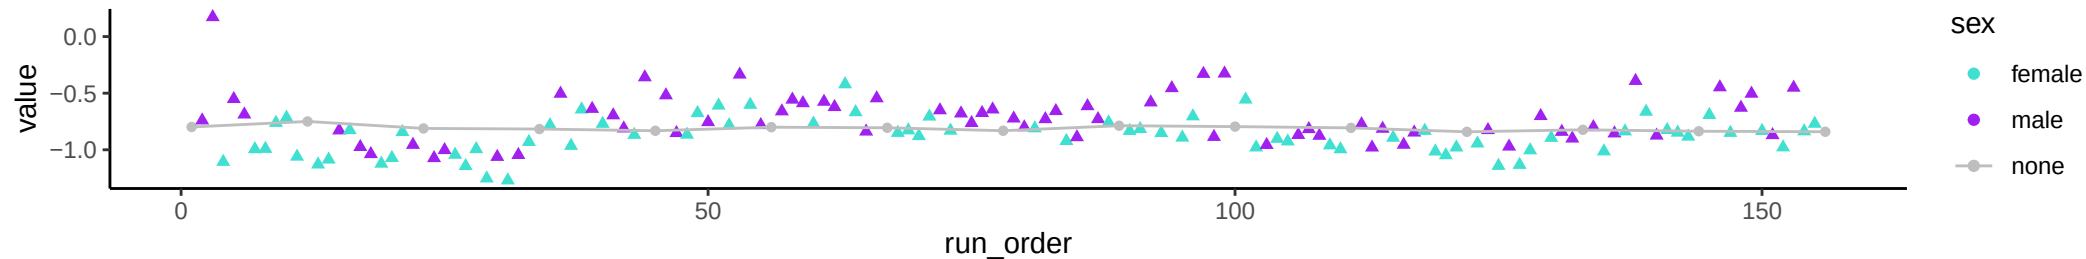

Compound: Pyruvate

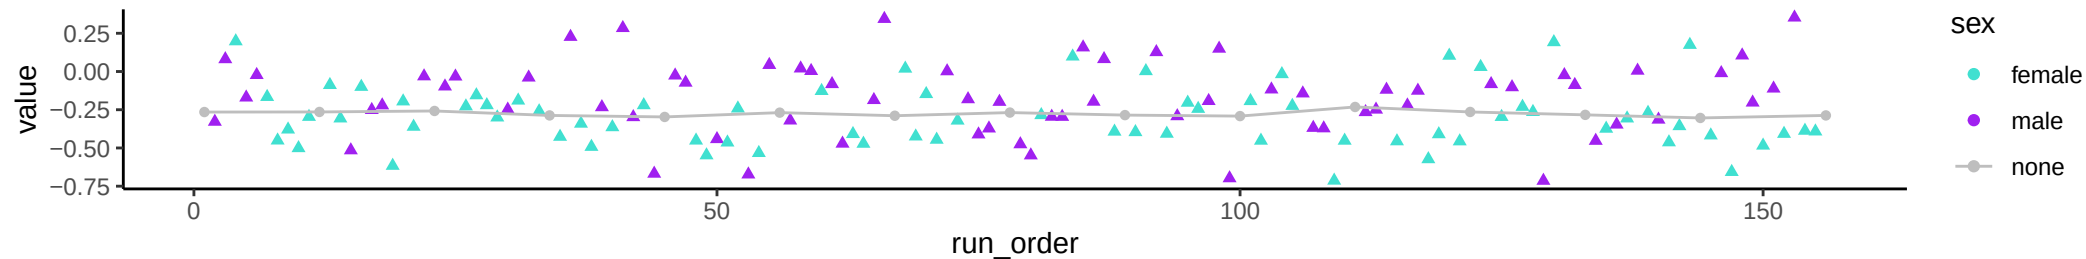

Compound: Reduced Glutathione

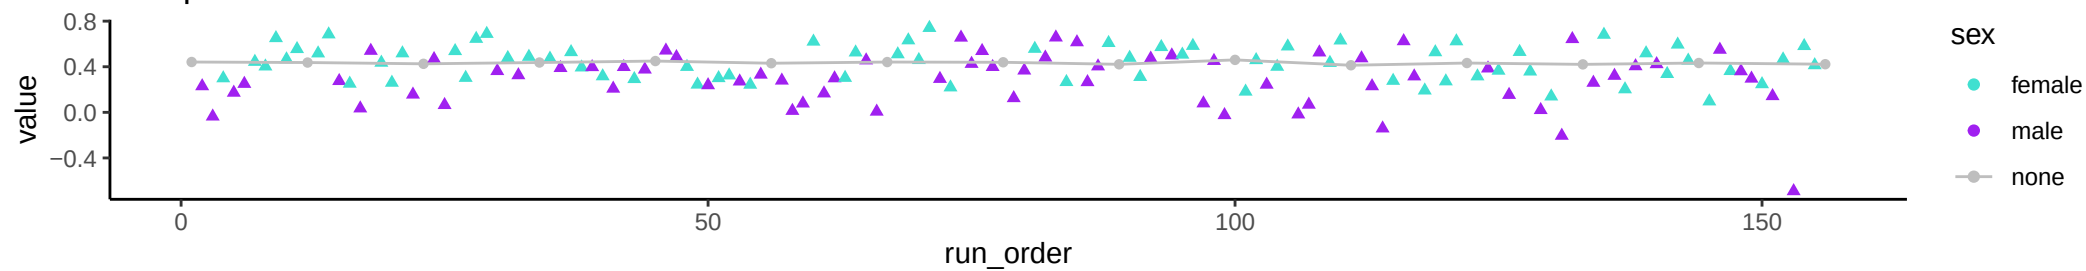

Compound: Retinol

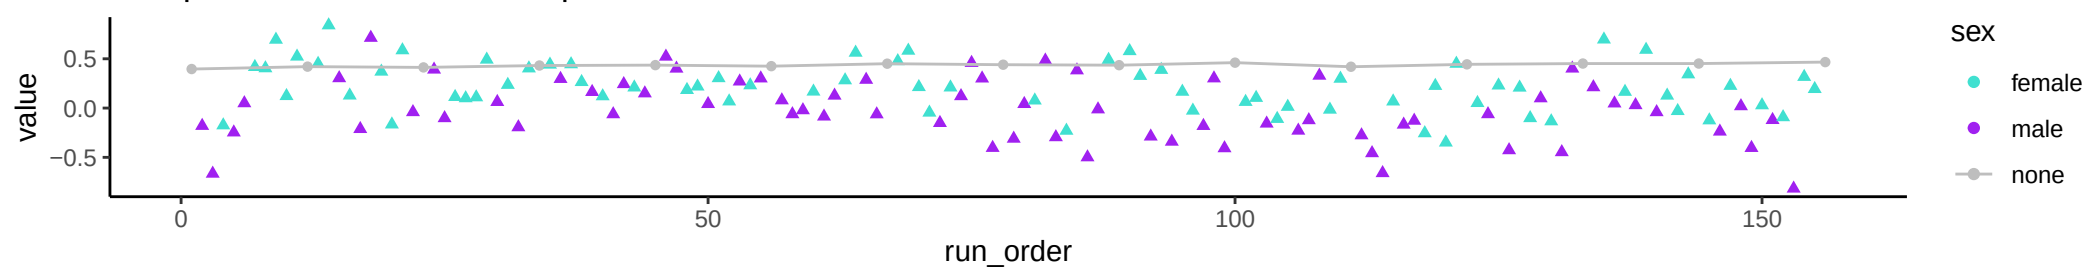

Compound: Riboflavin

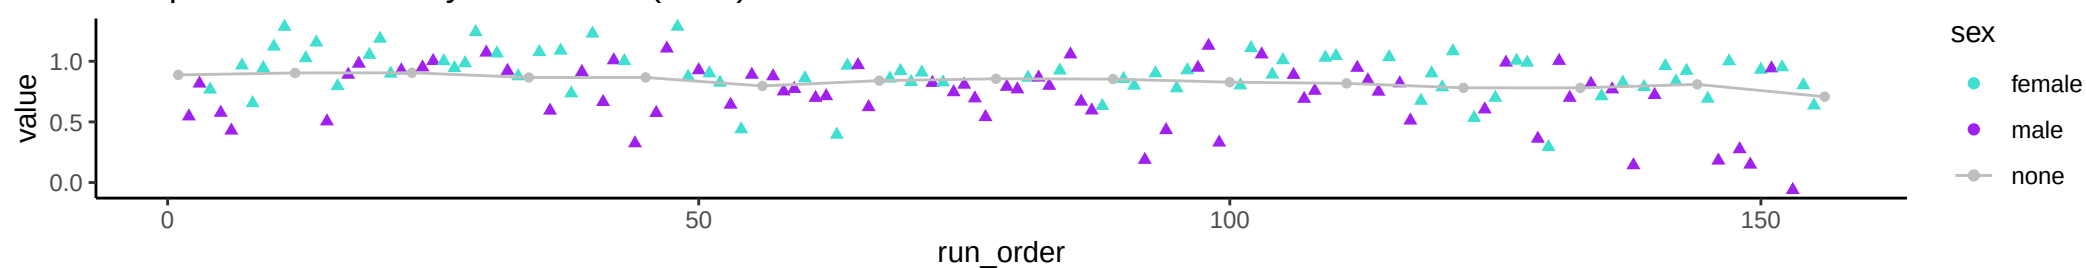

Compound: Ribose-5-P

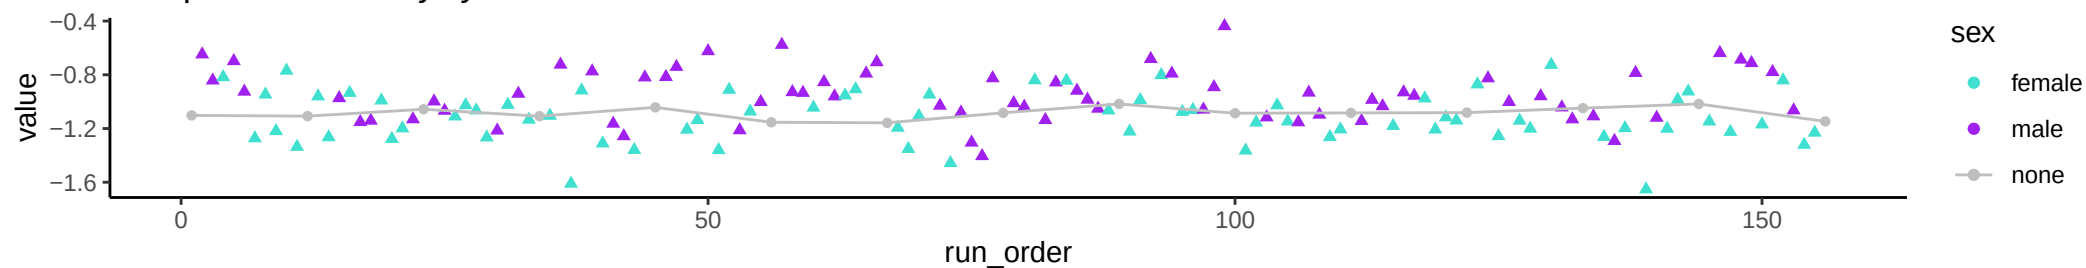

Compound: Ribulose 5-Phosphate

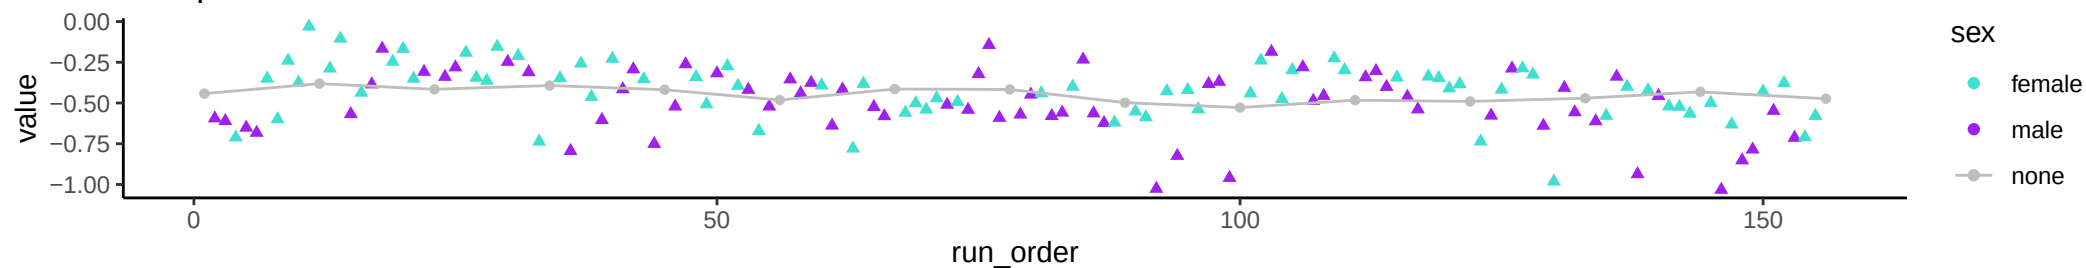

Compound: S-Adenosylmethionine (SAM)

Compound: S-Methylcysteine

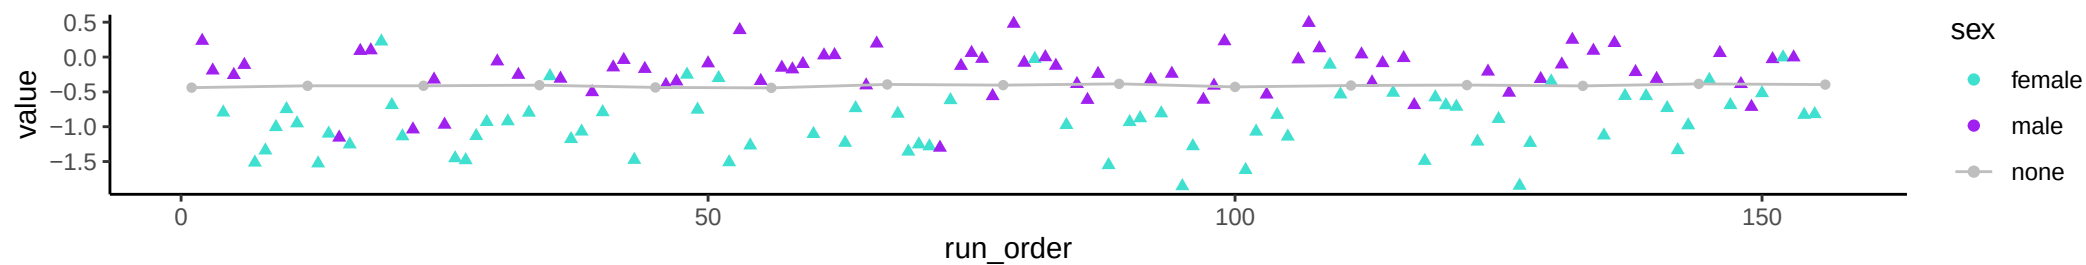

Compound: SAH

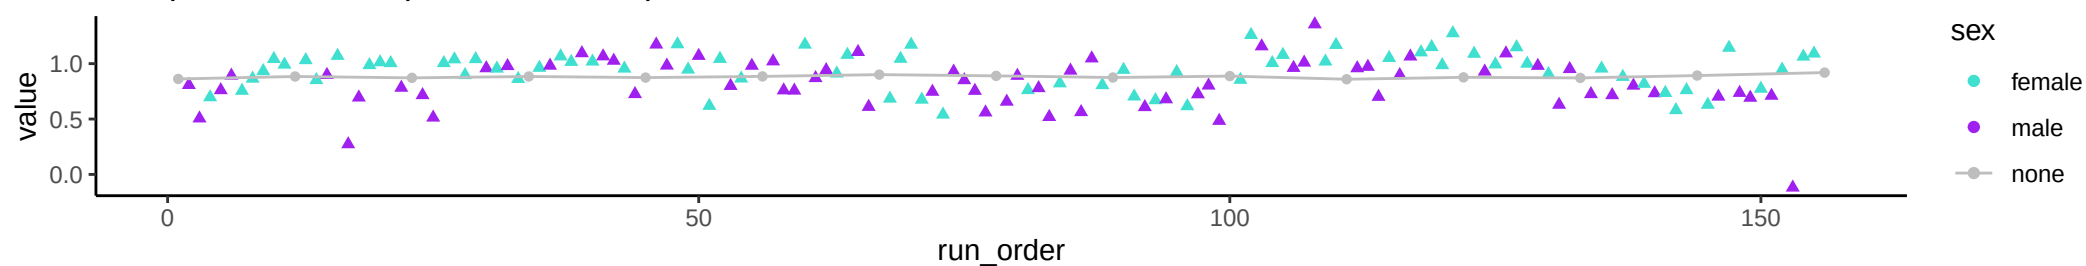

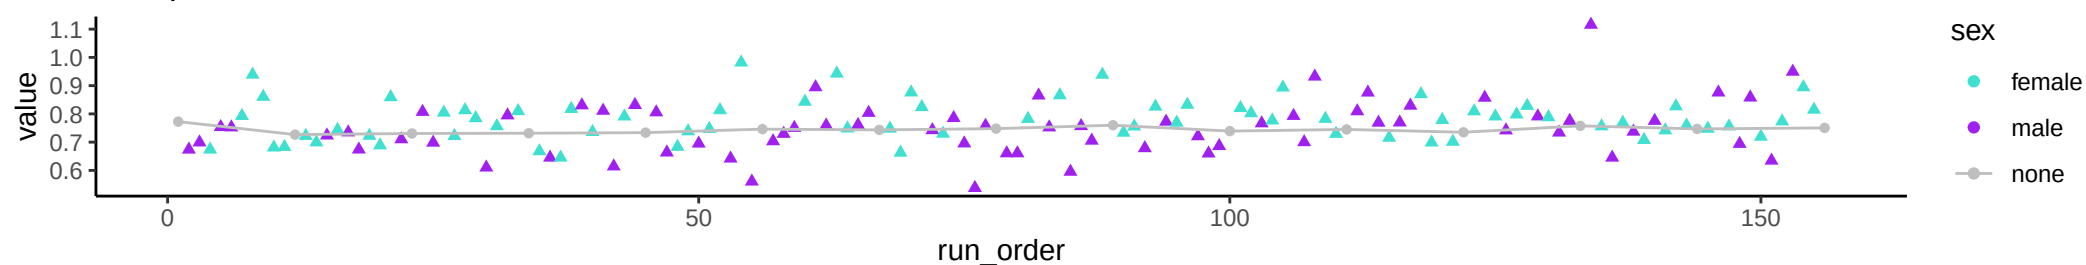

Compound: Sarcosine

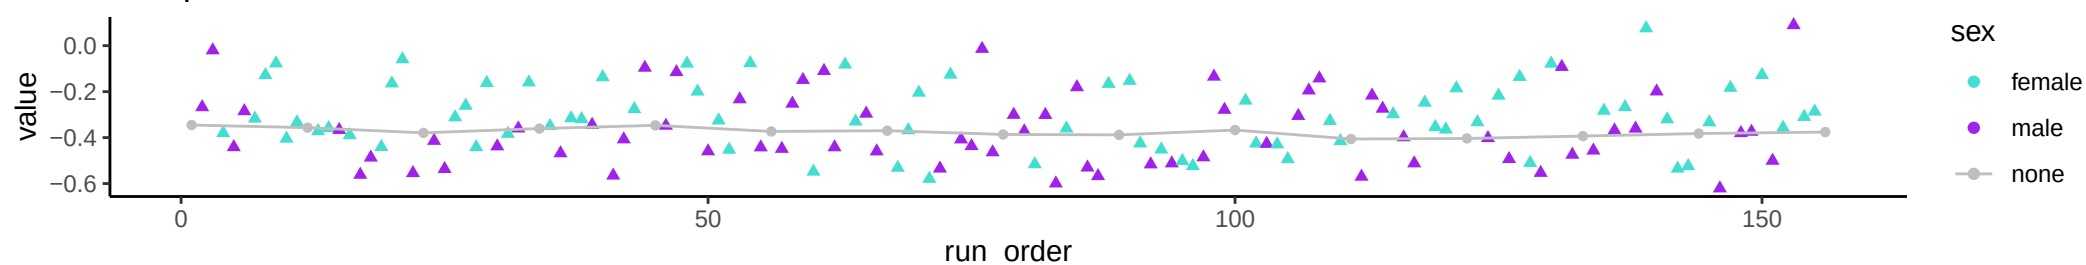

Compound: Sedoheptulose 7-Phosphate

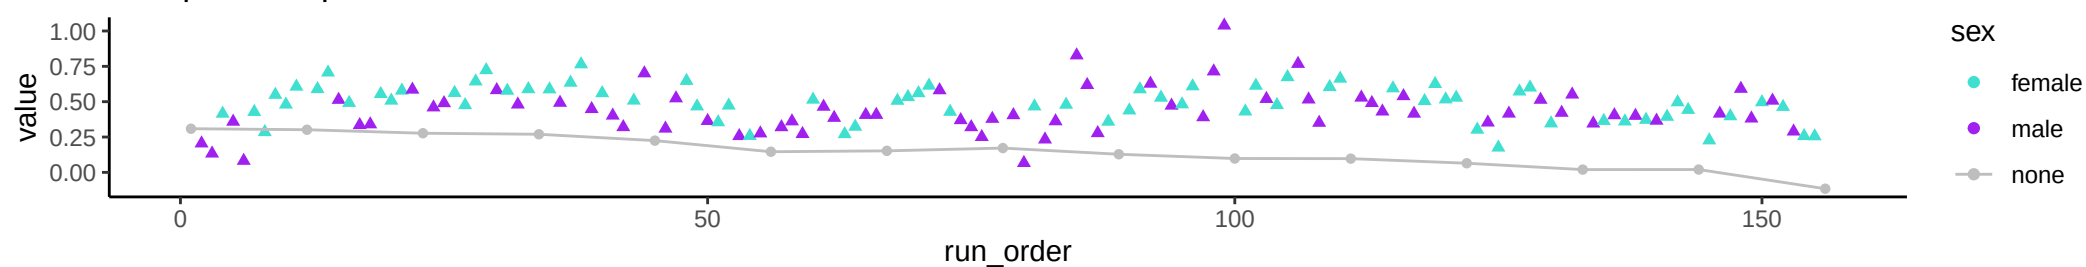

Compound: Serine

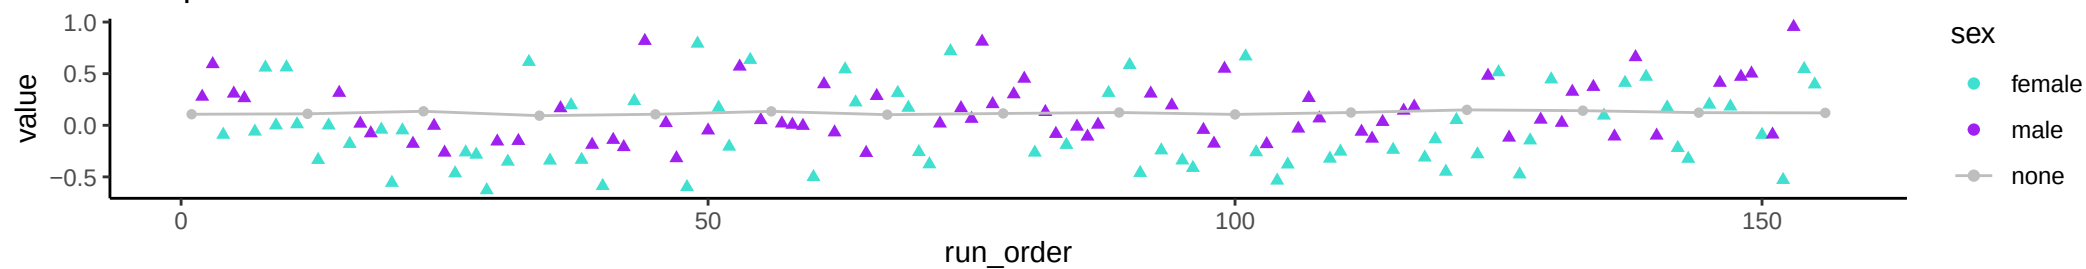

Compound: Sorbitol

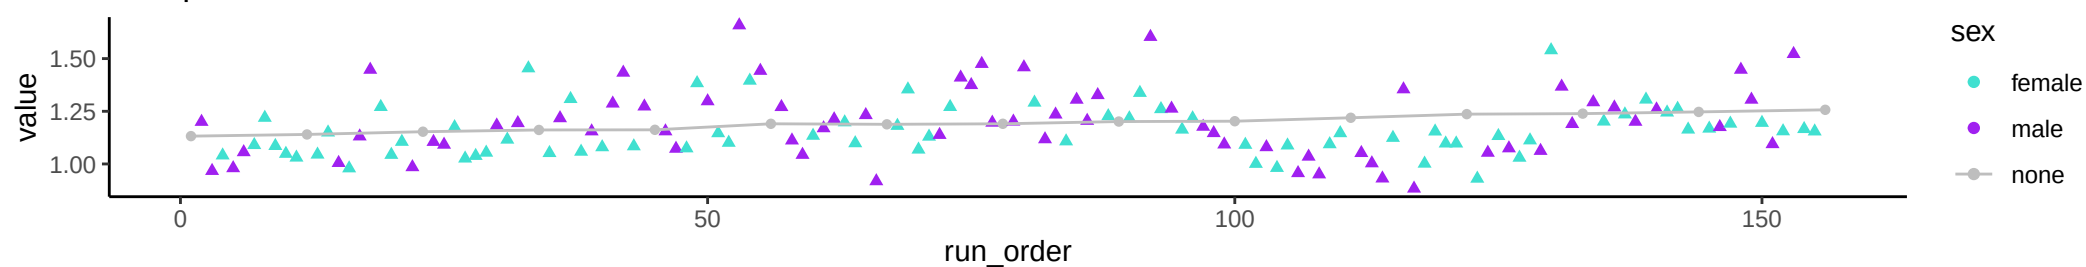

Compound: Spermidine

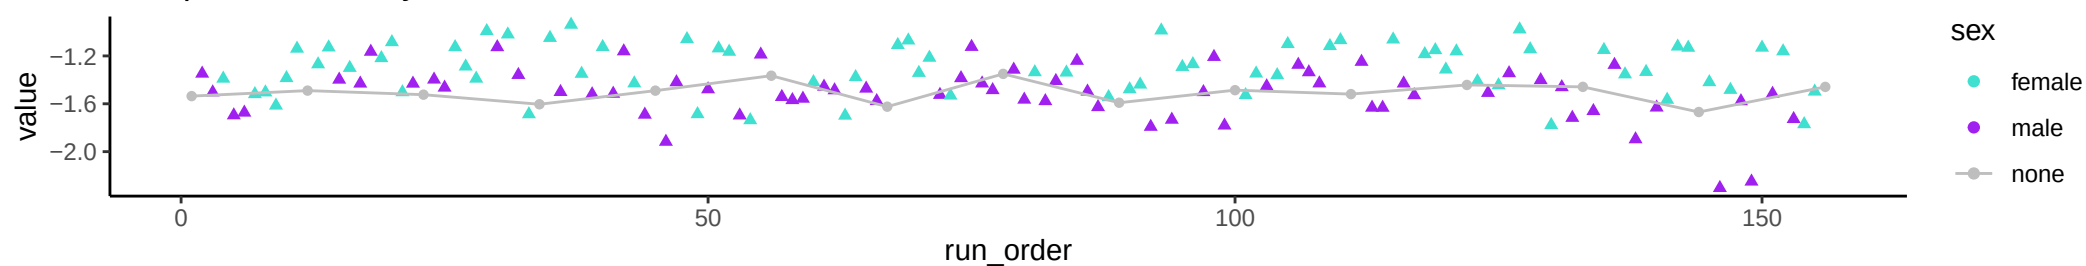

Compound: Suberic Acid

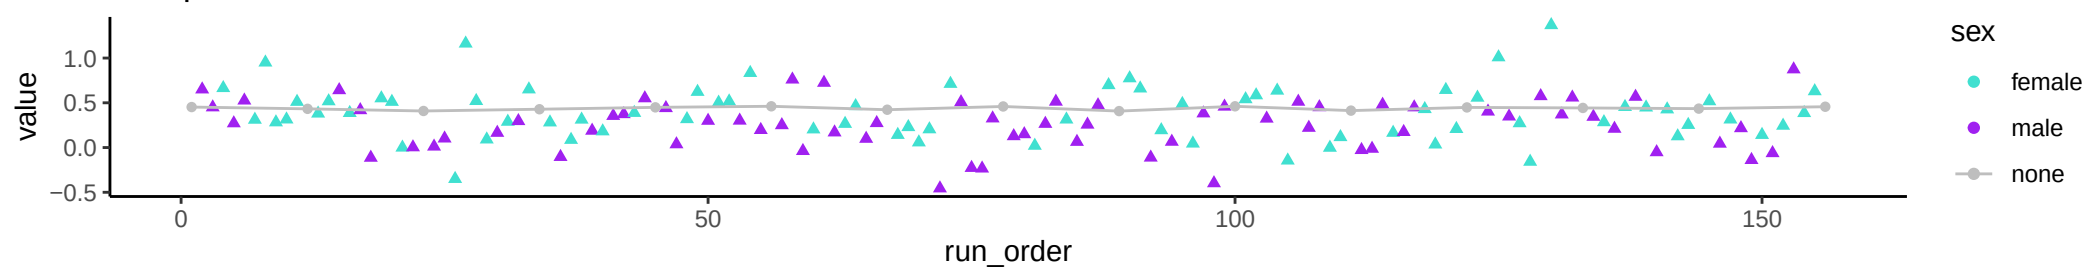

Compound: Succinate

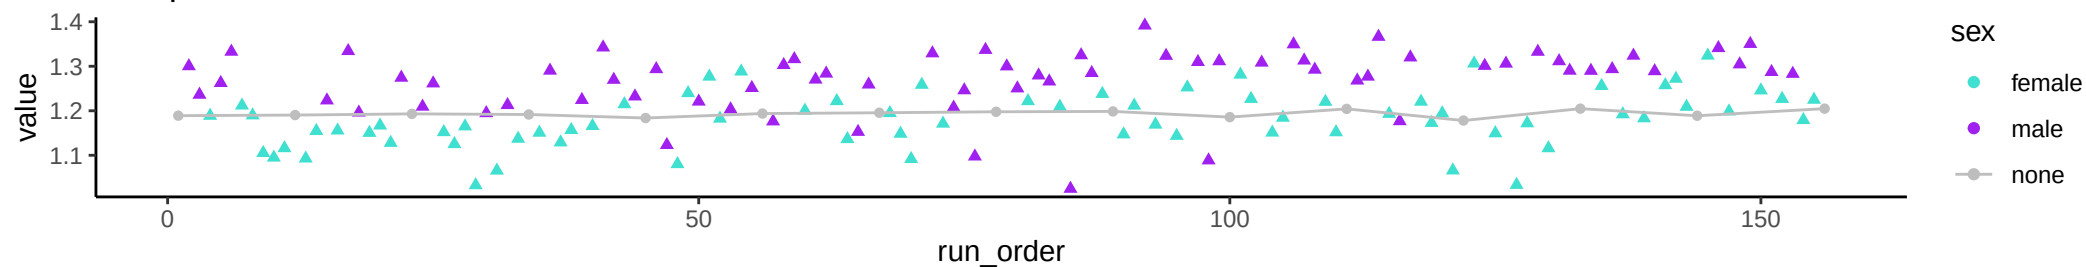

Compound: Succinylcarnitine

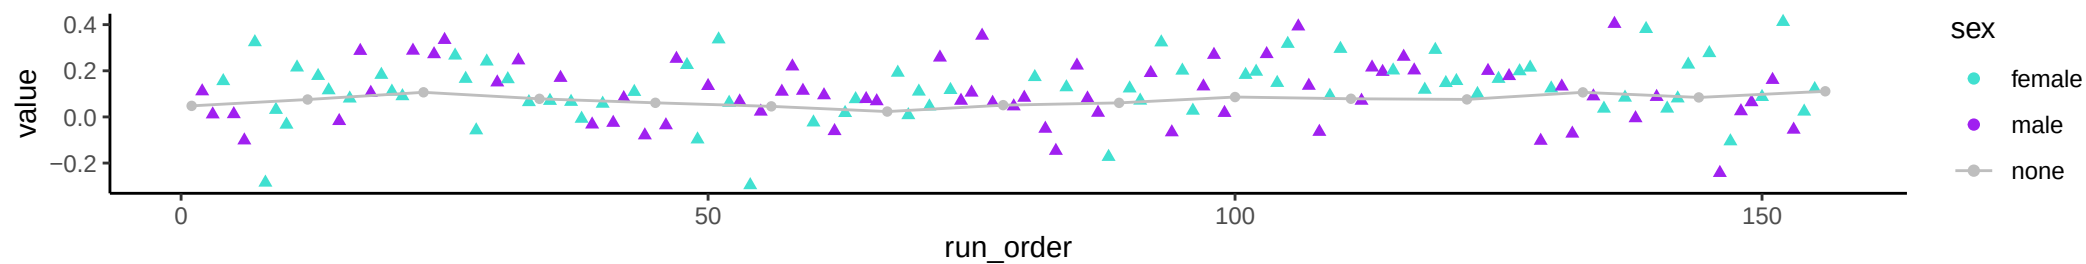

Compound: Sucrose

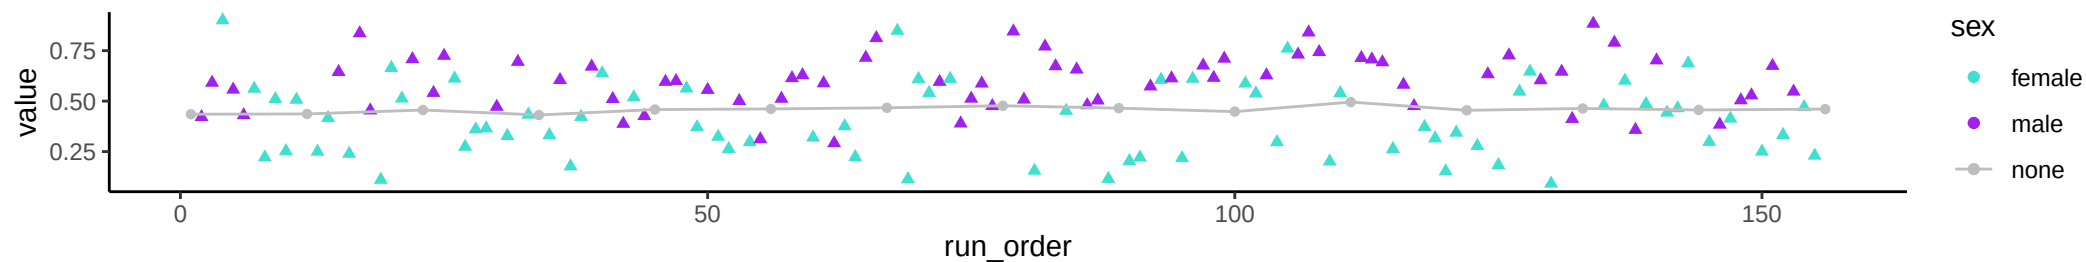

Compound: Taurine

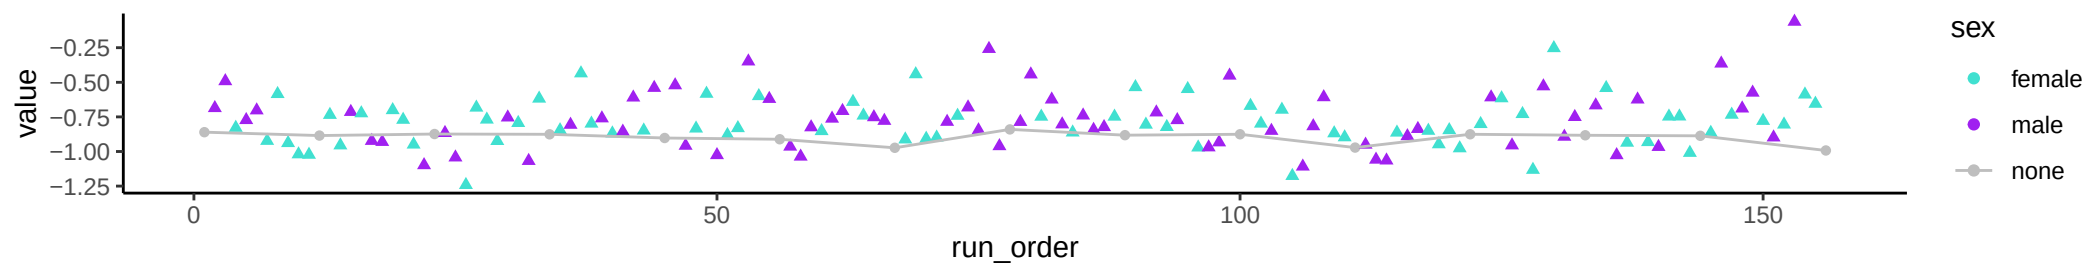

Compound: Thiamine

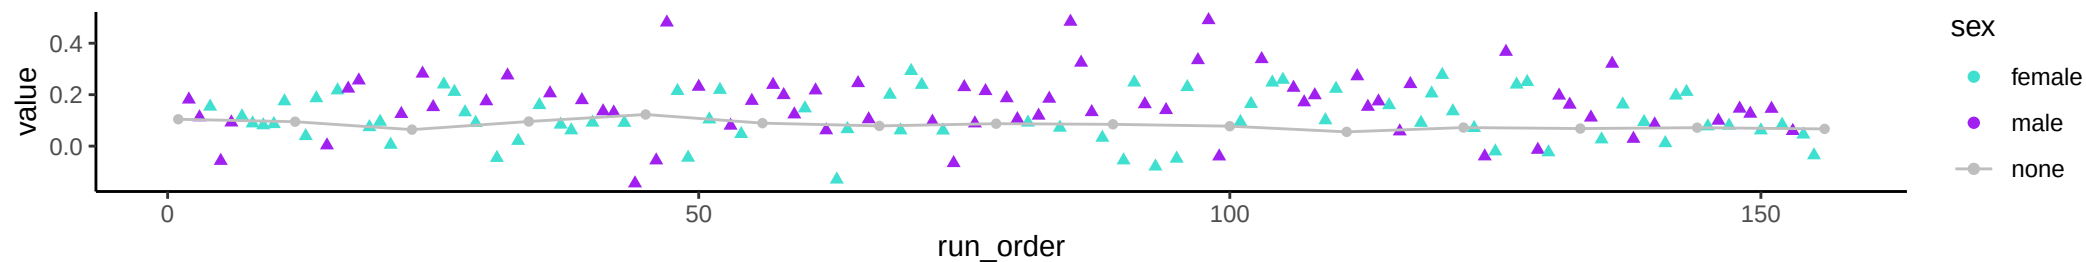

Compound: Threonine

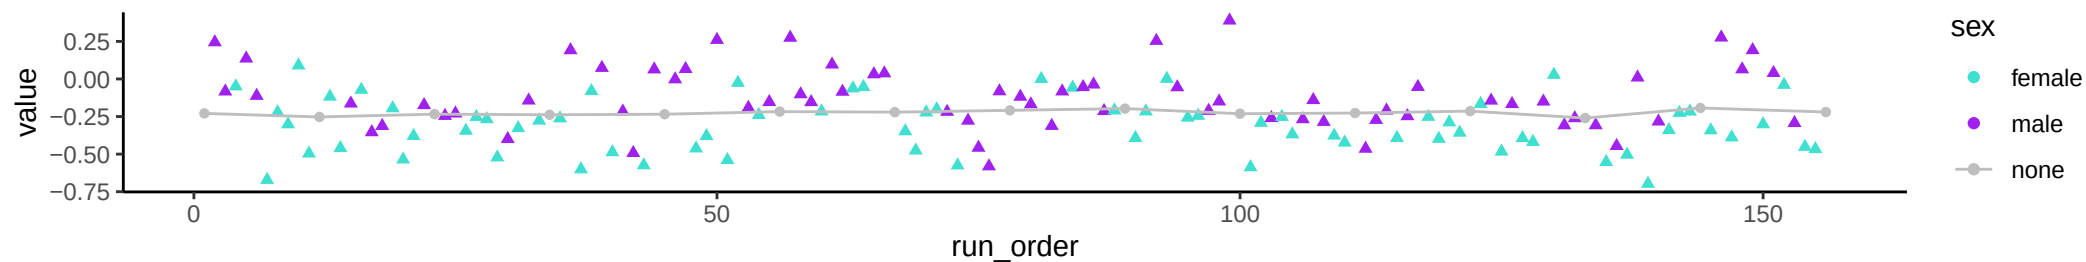

Compound: Trigonelline

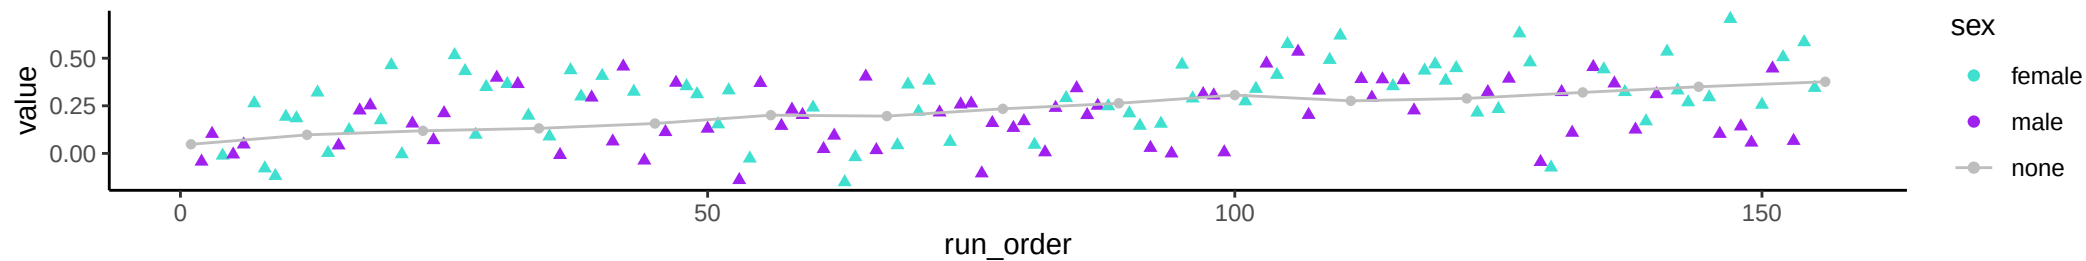

Compound: Tryptophan

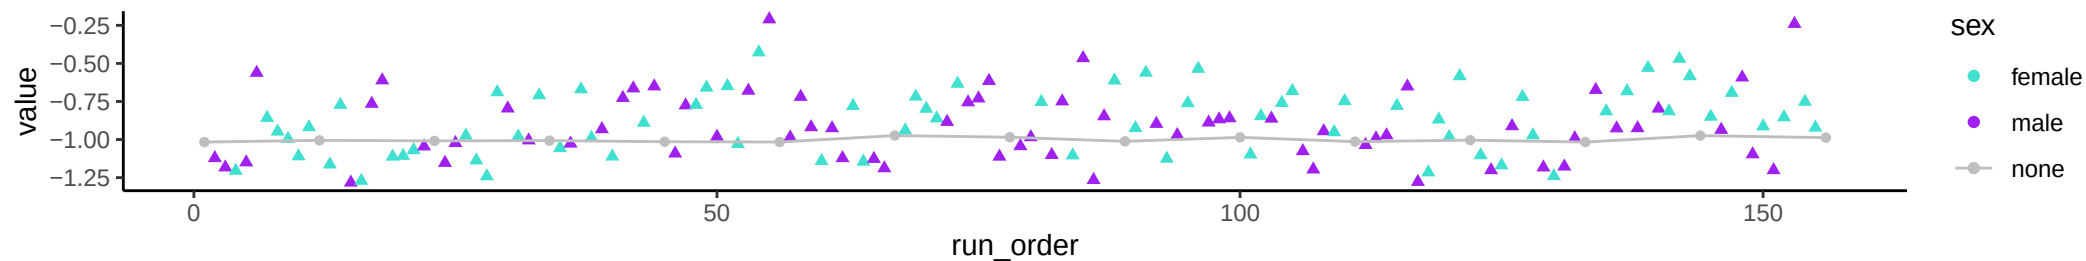

Compound: Tyrosine

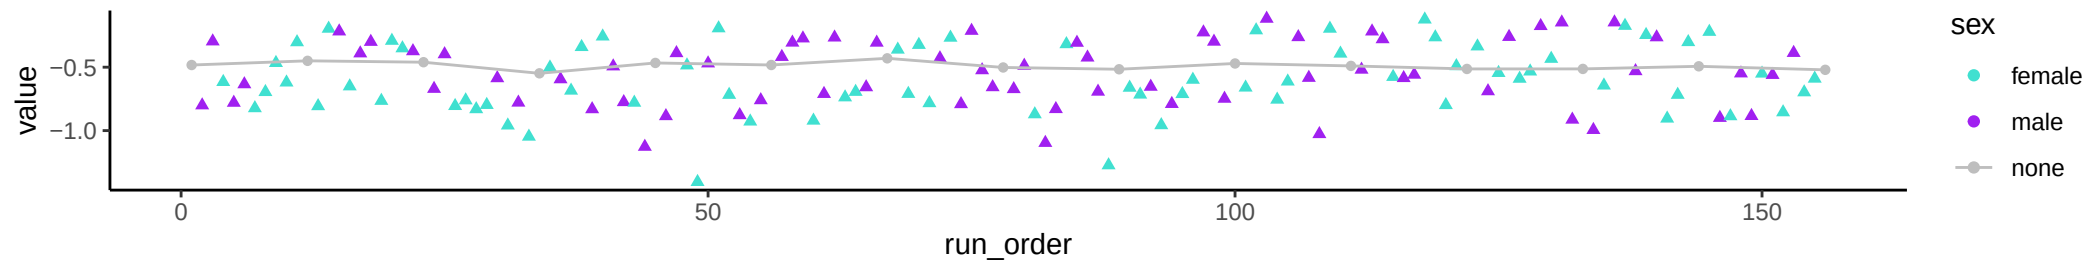

Compound: UDP-GlcNAc

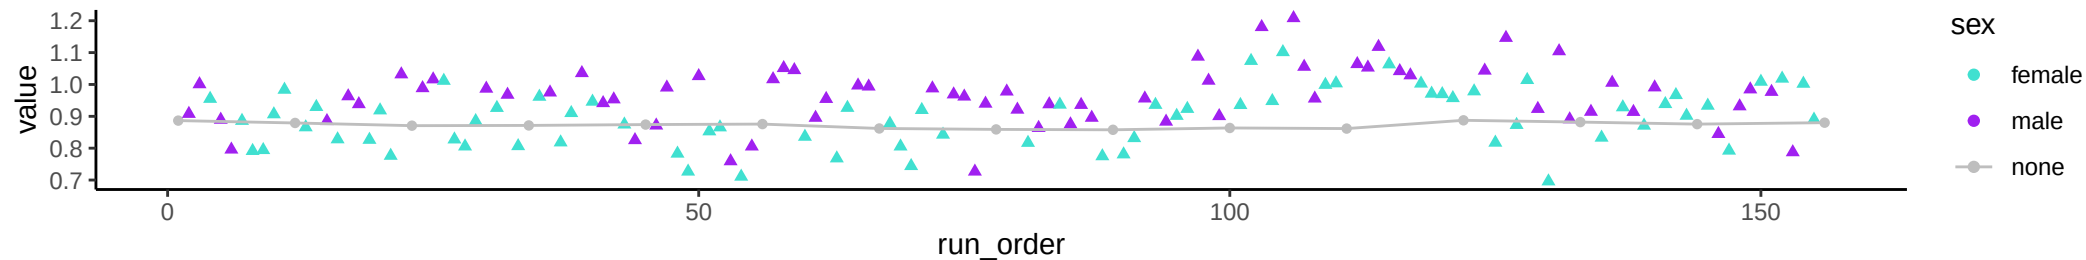

Compound: UDP-Glucose

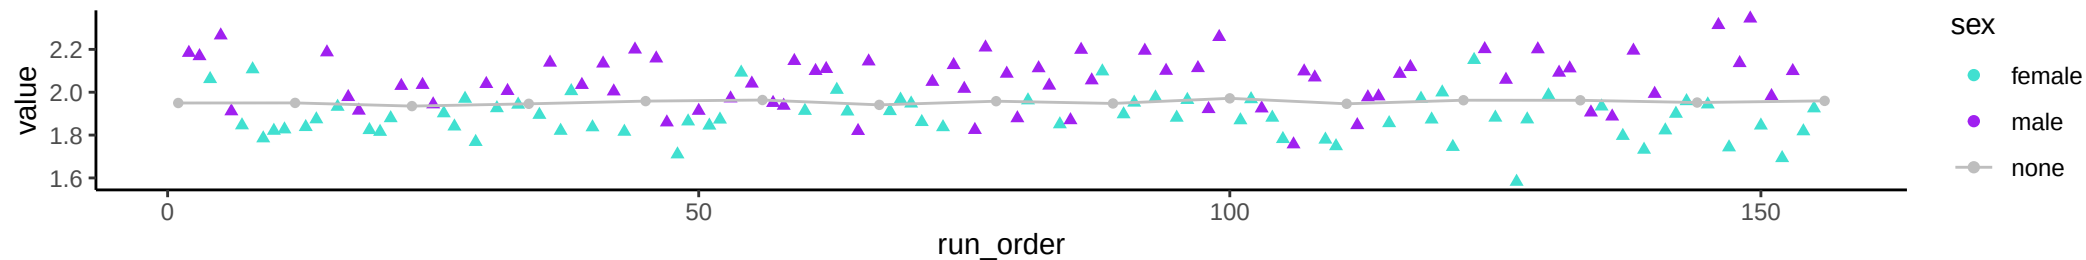

Compound: UMP

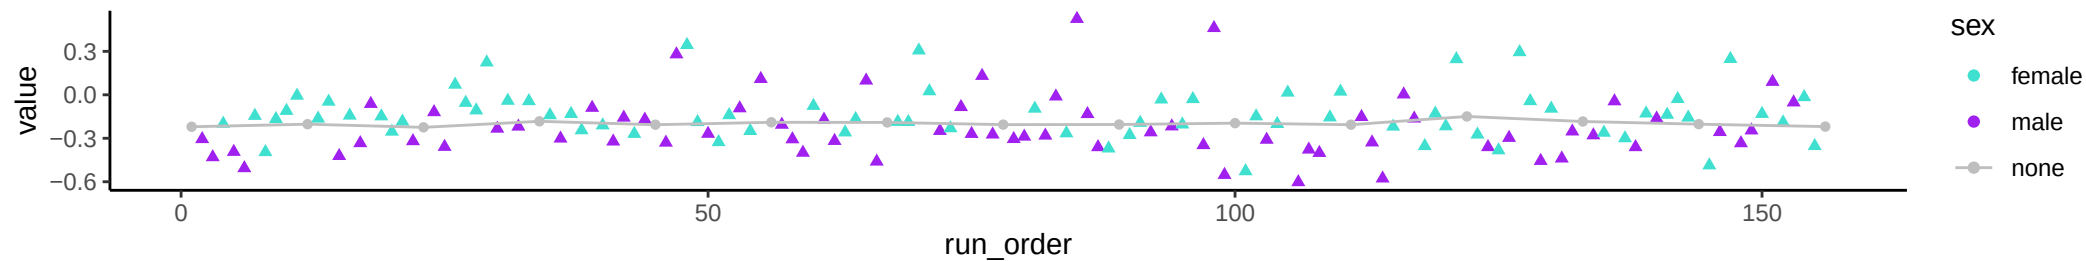

Compound: Uracil

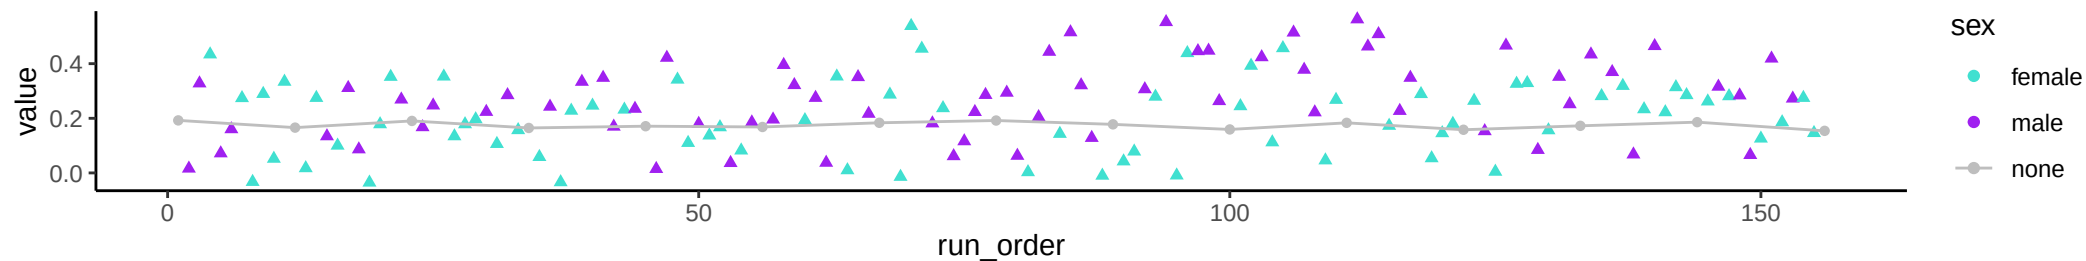

Compound: Urate

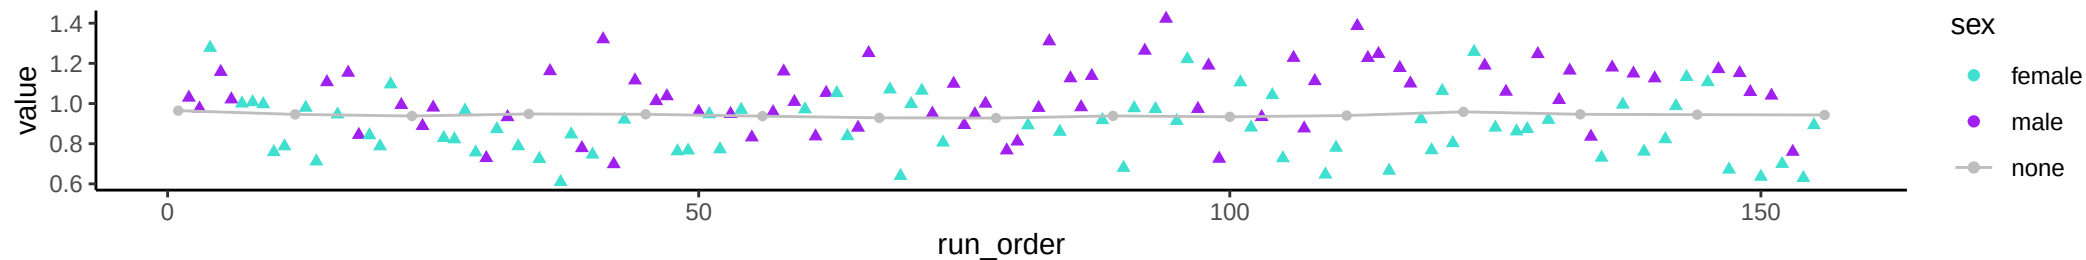

Compound: Uridine

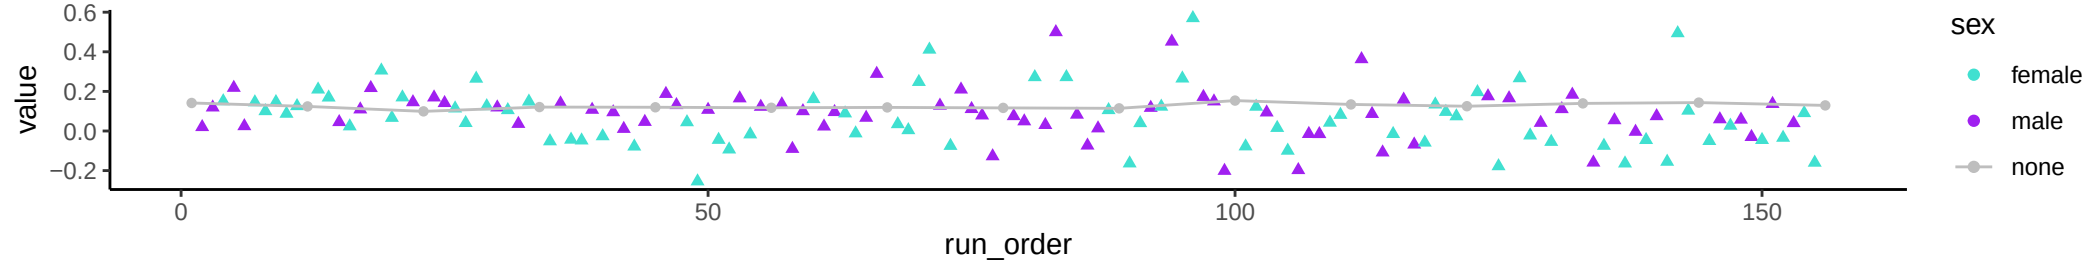

Compound: Valine

Compound: Xanthine

Compound: Xanthosine

Compound: Xanthurenic Acid
